**RE: Report of Project Completion  
Vista Surgery Center  
Project # 11-116**

Dear Mr. Constantino:

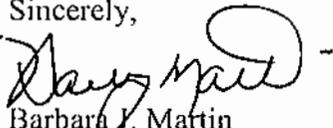

Please be advised that the above-referenced project was completed on May 1, 2012; and that it was completed consistent with all terms of the Permit, as approved by the State Board. No capitalized costs were incurred, as the only identified project cost was the fair market value of an existing ASTC.

Please be advised that the undersigned hereby certify that there are no additional or associated costs or capital expenditures related to the project which will be submitted for reimbursement under Title XVIII and XIX.

The project was completed upon the new syndication of the ownership, resulting in the change of ownership approved by the State Board.

Should any additional information be required, please do not hesitate to contact me.

Sincerely,

  
Barbara J. Martin
