RE: Permit Renewal for Project #11-095 Palos Hills Surgery Center, Palos Hills
Permit Holder: Palos Hills Surgery Center, LLC

Dear Mr. Sorrell:

On November 5, 2013 the Illinois Health Facilities and Services Review Board/Chairman approved the permit holder's request for a permit renewal for the above-referenced project. Therefore, the permit for this project has been renewed until January 15, 2014.

Should the permit holder determine that it will be unable to complete the project by January 15, 2014, the permit holder may request another renewal of the permit. 77 IAC 1130.740 provides that the State Agency must be in receipt of a permit renewal request AT LEAST 45 DAYS PRIOR TO THE EXPIRATION DATE OF THE REQUIRED COMPLETION PERIOD.

The permit holder is reminded that permits for projects which are not completed within the required time frame shall expire for lack of due diligence, unless renewed by the State Board. The permit holder is also reminded of the other post-permit requirements contained in "Subpart G" of Part 1130. Adherence to these requirements is essential in maintaining a valid permit and is the sole responsibility of the permit holder.

Should you have any questions, please contact Mike Constantino or George Roate at (217) 782-3516 and ask to speak to a staff person about post permit requirements.

Sincerely,

Courtney Avery, Administrator
Illinois Health Facilities and Services Review Board

Initial Licensure Survey

Re: MidAmerica Hand to Shoulder Clinic
Palos Hills
New single specialty ASTC
IDPH No: 9685

Dear Mr. Hunt:

On September 20, 2013, an inspection was conducted by Lynn Manley, Staff Architect for the purpose of determining compliance with the requirements of the "Ambulatory Surgical Treatment Center Licensing Requirements" (77 Ill. Adm. Code 205) and the 2000 Edition of NFPA 101, Life Safety Code. The responses to our inspection deficiencies received on January 7, 2014, have been deemed acceptable.

At this time, it has been determined that the above listed facility is in compliance with the physical environment requirements of the Act and Codes. It will be necessary for a nursing survey to be conducted prior to receiving the license. This recommendation has been forwarded to the Central Office Operations Section for the scheduling of the nursing survey. A license must be issued prior to treating patients.

If you have any questions about this approval, please do not hesitate to call us at 217-785-4264. The Department's TTY number is 800/547-0466, for use by the hearing impaired.

Sincerely,
