Re: #12-004, Fresenius Medical Care North Pekin

Dear Mr. Galassie:

I live in the Pekin area and am a dialysis patient at the Pekin clinic. I am writing this letter to express my support for the dialysis clinic that Fresenius Medical Care plans to build in North Pekin. Opening a clinic there will give dialysis patients more choices for what time of day they can be scheduled for treatment. The clinic here is full and I don't know where other patients who need treatment will go.

The drive to Peoria is long and it is difficult to deal with the traffic there when coming from a rural area. Often times, I do not feel well enough to deal with the burden of getting to and from dialysis, but I must. It would be such a great and needed addition to the community of North Pekin to have a facility in the area where we live.

I ask you to vote yes for the Fresenius North Pekin dialysis clinic to make life a little easier for dialysis patients who live here.

Thank you.
