HEALTH FACILITIES &
SERVICES REVIEW BOARD

12-015

Dear Michael;

Please allow me to introduce myself, I am Jim Feltman, Vice President of Development for the Schaumburg Center for Economic Development, a public private partnership with the Village of Schaumburg through the Schaumburg Business Association. Our mission is to improve not only the economic wealth of our region but to continually improve the availability of world-class amenities for our residents and businesses alike.

Through my many conversations with the firm representing Fresenius Medical Care, I am convinced that Fresenius will provide high-quality and much needed services to our region thus I have attached our letter of support.

I have copied my Village of Schaumburg partner in economic development, Matt Frank to keep him informed. Please feel free to contact either of us with questions or if we may be helpful to you in any way.

Best regards,

Jim

Re: Fresenius Medical Care Schaumburg (No. 12-015)

Dear Mr. Constantino,

On behalf of Schaumburg's business community, I would like to express my support for Fresenius Medical Care's plans for a Schaumburg dialysis center.

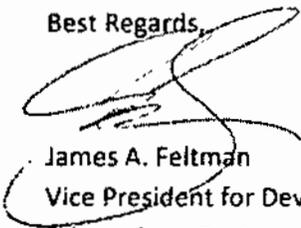

The clinic would bring a host of benefits to the area, including better medical care for Schaumburg residents, an investment of nearly \$4 million on the part of Fresenius, and more than 15 new jobs.

Our organization works closely with the Village of Schaumburg to attract new employers - and new wealth - to the region. Fresenius is a company that emphasizes high-quality care and we would be proud to welcome it to the Schaumburg community.

From Northwest Community Hospital's medical offices and care center to Alexian Brothers Hospital Network, Schaumburg has a strong medical community. I believe the addition on Fresenius's dialysis center would further supplement the excellent care these facilities provide, and result in even greater medical care for Schaumburg residents.

For the benefit of the Village, its business and its residents, I encourage the board to approve Fresenius's request for a Schaumburg dialysis facility.

Best Regards,

James A. Feltman
Vice President for Development
