Re: CON 12-047

Dear Mr. Galassie,

I appreciate the chance to convey my support of a new dialysis center in the Plainfield area. I presently attend dialysis treatments at the FMC dialysis center in Plainfield, IL. I am happy with the assistance I receive at my current facility. The only problem I have is it becoming crowded. End Stage Renal Disease is an immensely growing diagnoses and I fear the facility will not have room. It is almost full.

I believe that you and the other board members will find it in your heart to grant approval on the application for this new center. It would mean a lot to me and other dialysis patients who currently dialyze at FMC-Plainfield. FMC's staff always gives the utmost care to their patients and I would like that to continue at another FMC location.

Sincerely,

Joann Young
