Preference For Residence in the Proposed Liberty Village of Carbondale

The purpose of this form is to determine your preference regarding you/your dependent's residence in the proposed Liberty Village of Carbondale.

As you may know, Liberty Village of Carbondale is in the process of obtaining the necessary approvals to build a new facility to replace the existing County facility. It is estimated that the new facility will be completed in 18 to 24 months. The new facility would accommodate all of our residents on one floor. We feel the new facility will be a more pleasant, functional and modern home for both the residents and staff. When the new residence is completed, the current one will be closed.

Each resident/responsible party has a right under the state and federal laws to choose, within parameters of cost and availability, where his or her dependent resides. As always, you have our commitment to provide you with the best care we can. Please check one of the three (3) items below. Keep one copy of this letter and return the other.

I wish to be a resident in the new facility when it is complete.

I wish to seek residence in facility other than the proposed Liberty Village of Carbondale.

I am undecided at this time.

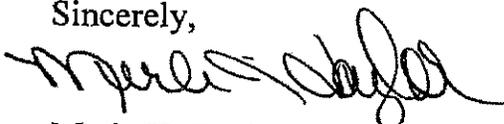

Signature of Resident/Responsible Party
Anna Lee

Preference For Residence in the Proposed Liberty Village of Carbondale

The purpose of this form is to determine your preference regarding you/your dependent's residence in the proposed Liberty Village of Carbondale.

As you may know, Liberty Village of Carbondale is in the process of obtaining the necessary approvals to build a new facility to replace the existing County facility. It is estimated that the new facility will be completed in 18 to 24 months. The new facility would accommodate all of our residents on one floor. We feel the new facility will be a more pleasant, functional and modern home for both the residents and staff. When the new residence is completed, the current one will be closed.

Each resident/responsible party has a right under the state and federal laws to choose, within parameters of cost and availability, where his or her dependent resides. As always, you have our commitment to provide you with the best care we can. Please check one of the three (3) items below. Keep one copy of this letter and return the other.

I wish to be a resident in the new facility when it is complete.

I wish to seek residence in facility other than the proposed Liberty Village of Carbondale.

I am undecided at this time.

It is estimated that the new facility will be completed in 18 to 24 months. The new facility would accommodate all of our residents on one floor. We feel the new facility will be a more pleasant, functional and modern home for both the residents and staff. When the new residence is completed, the current one will be closed.

Each resident/responsible party has a right under the state and federal laws to choose, within parameters of cost and availability, where his or her dependent resides. As always, you have our commitment to provide you with the best care we can. Please check one of the three (3) items below. Keep one copy of this letter and return the other.

I wish to be a resident in the new facility when it is complete.

I wish to seek residence in facility other than the proposed Liberty Village of Carbondale.

I am undecided at this time.

The purpose of this form is to determine your preference regarding you/your dependent's residence in the proposed Liberty Village of Carbondale.

As you may know, Liberty Village of Carbondale is in the process of obtaining the necessary approvals to build a new facility to replace the existing County facility. It is estimated that the new facility will be completed in 18 to 24 months. The new facility would accommodate all of our residents on one floor. We feel the new facility will be a more pleasant, functional and modern home for both the residents and staff. When the new residence is completed, the current one will be closed.

Each resident/responsible party has a right under the state and federal laws to choose, within parameters of cost and availability, where his or her dependent resides. As always, you have our commitment to provide you with the best care we can. Please check one of the three (3) items below. Keep one copy of this letter and return the other.

I wish to be a resident in the new facility when it is complete.

I wish to seek residence in facility other than the proposed Liberty Village of Carbondale.

I am undecided at this time.
