HEALTH FACILITIES &  
SERVICES REVIEW BOARD

September 16, 2012

Gentlemen,

We are in the process of selecting a new placement for our son Tommy. This has proceeded with some difficulty because our son has severe seizures and we feel the ICF/DD is what he requires.

We are currently working with Brother James Court on a visitation. There is a waiting list. The CRA contract to help is recommending community placement preferably.

Since there are over 100 patients yet to be placed we request that you delay permitting closure of Jacksonville Developmental Center at this time.

Respectfully

W. B. Owens
