RE: Alteration to Permit #13-003.

Dear Mr. Silberman:

We are in receipt of your notice of alteration for the St. Paul's Home located at 1021 W E Street in Belleville, Illinois. Your request to reduce the cost of the project by \$2,353,196 from \$31,612,469 to \$29,259,300 has been properly reported to the Illinois Health Facilities and Services Review Board ("State Board"). This reduction in the cost of the project is the result of a reduction in the financing costs only. The size and scope of the project remains unchanged from the original permit.

All alterations shall be reported to the State Board before any alteration is executed. Your alteration requires only written notification to the State Board and no further action is required on the part of the permit holders regarding this alteration.

You are reminded that to maintain a valid permit you must remain in compliance with the post permit requirements as detailed in your permit letter for Permit #13-003 and are defined in Subpart G of 77 IAC 1130.

If you have any questions please contact Mike Constantino or George Roate at 217-782-3516 or Mike.Constantino@illinois.gov or George.Roate@illinois.gov

Sincerely,

A handwritten signature in cursive script that reads "Courtney R. Avery".
