AUG 30 2013

HEALTH FACILITIES &  
SERVICES REVIEW BOARD

**RE: Preferred SurgiCenter (CON Project 13-007)**

Dear Ms. Avery:

I am a current resident of the geographic service area of the proposed surgery center that will be located in Orland Park, Illinois. I am also a patient of Dr. Mohamad Alzein. I am writing to express my support for the certificate of need (CON) application submitted by Preferred SurgiCenter (PSC) and to ask the Illinois Health Facilities and Services Review Board to approve this proposal.

PSC makes two pledges that I believe must be taken into account by the State Board. First, PSC has promised to provide bilingual staff. Having physicians, nurses, and/or staff members who speak languages other than English will guarantee that appropriate diagnoses can be made, proper services are delivered, and necessary follow up care is provided. Second, this project is also necessary because it will help patients who are uninsured or underinsured obtain needed surgical services. PSC has promised to become a Medicaid provider and to offer a robust charity care program at the Orland Park surgery center. Many Americans need these programs to obtain health care services.

For these reasons, I ask the members of the Illinois Health Facilities and Services Review Board to support CON project 13-007. Please vote to approve the CON application filed by Preferred SurgiCenter. Thank you, in advance, for your consideration.

Sincerely,

Emma Gavin
