**HEALTH FACILITIES &
SERVICES REVIEW BOARD**

Mr. Dale Galassie, Chairman
Illinois Health Facilities Planning Board
525 W. Jefferson Street, Second Floor
Springfield, IL 62761

Dear Chairman Galassie:

I would like to address an application for Certificate of Need for Alden of Huntley, Rehabilitation and Memory Care facilities planned for Regency Parkway, Huntley, IL.

As a member of our McHenry County Board and speaking from my personal perspective, I see a great need in our county for those specific services proposed by the Alden of Huntley application for Certification of Need.

It is the broad range of services that are in short supply. Further, and from what I have been able to understand about the upcoming changes in the health care industry will be in even great demand.

While there are others facilities in the county providing limited or targeted services to low income and the elderly, it is especially important to those who are without families and/or caregivers to be able to have the continuity of one place as life comes to a close.

I support the Alden Group & their proposal for a Certificate of Need for their planned facilities in Huntley, IL.

Thank you for your consideration.

Sincerely,

Ersel C. Schuster (Mrs.)
