To Whom It May Concern:

We anticipate that Transitional Care Center of Naperville will become a crucial discharge destination for IPC, and we look forward to the increased access to high quality post-acute care that will be provided as a result of the proposed project.

IPC anticipates that it can refer 135 patients annually to Transitional Care Center of Naperville within a 24-month period after the project is completed.

These projected patient referrals:

- Do not exceed IPC's total discharges to long-term care facilities in the 8/1/2012-8/31/2013 period.
- Have not been used to support another pending or approved CON application.

Sincerely,

Dr. Jerome Wilborn, M.D., F.C.C.P.
National Medical Director of Post Acute Care – IPC
