Re: NorthPointe Health and Wellness Campus
Unfinished/Shell Space Attestation letter (Revised)

Dear Ms. Avery:

We are submitting this revised assurance letter in accordance with Criterion 1110.234 as requested by the State agency. The original was provided as attachment 17 on page 146 of our permit application (project 13-072). Our NorthPointe expansion and modernization project is proposed to have shell space for future physician offices; hence, we:

1. Will submit to HFSRB a CON permit application to develop and utilize the shell space, regardless of capital thresholds or categories of service involved in effect at the time development is contemplated.
2. Estimate the date for submitting a CON permit application to develop and utilize the subject shell space will be within the CY 2017 to 2018 time frame; and,
3. Estimate the shell space will be completed and in operation by CY 2020.

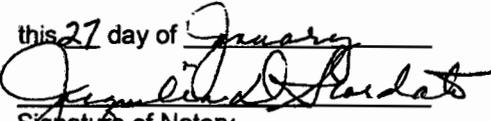

Given the vagaries associated with our associated with our longer term development under the Affordable Care Act, these dates are our best estimates at this time.

Sincerely:

Timothy M. McKeveitt
President
