RE: Project 13-075  
Highland Park Hospital

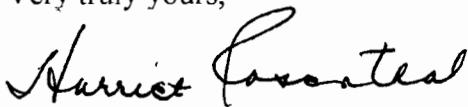

Dear Ms. Avery:

I am submitting this letter in support of Highland Park Hospital's application to construct an addition to the hospital and to renovate certain parts of the hospital.

In my role as Mayor of the Village of Deerfield, I have developed a strong working relationship with the hospital. I know that NorthShore University HealthSystem and the hospital continually strive to address both the program and facility needs of its patients. This project represents another and an important effort on the part of NorthShore and the hospital to address the needs of its community and patients.

I urge the Illinois Health Facilities and Services Review Board to support this beneficial project. Thank you for the opportunity to provide this input.

Very truly yours,

Harriet Rosenthal,  
Mayor  
Village of Deerfield

RE: Project 13-075  
Highland Park Hospital

Dear Ms. Avery:

First Bank of Highland Park is located in Highland Park, and employs 92 individuals. Many of our employees live in Highland Park or the surrounding communities, and look to Highland Park Hospital for their health care needs. As a result, we are sincerely interested in the programs and services offered by NorthShore University HealthSystem on its Highland Park Hospital campus; and I appreciate the opportunity to provide this letter of support for the hospital's modernization plans.

Along with high quality schools, a contemporary full-service hospital is a primary recruitment tool for a business like First Bank of Highland Park, as we continue to seek out well-educated young professionals to join our team. NorthShore's commitment to a \$70M campus modernization program benefits not only the hospital, but the residents and employers of the entire region.

I urge the Illinois Health Facilities and Services Review Board to support this project.

Sincerely,

Randy Green  
President / Chief Executive Officer
