Re: Holy Cross Hospital, Project No. 13-076

Dear Ms. Avery:

On behalf of our client, St. Bernard Hospital and Health Care Center, this letter is written pursuant to Section 3960/12(11) of the Illinois Health Facilities Planning Act (the "Act") and relates to the above-referenced CON permit issued to Holy Cross Hospital. This provision of the Act provides that a party adversely affected by an Illinois Health Facilities and Services Review Board ("HFSRB") decision has the right to request the HFSRB issue to a written decision relating to the CON permit.

St. Bernard Hospital and Health Care Center respectfully requests that the HFSRB provide a written decision for Holy Cross Hospital, Project Number 13-076 to establish a 24-bed inpatient acute mental illness bed unit which identifies the applicable criteria and factors listed in the Act and the HFSRB's regulations that were taken into consideration by the Board when coming to a final decision.

Sincerely,

Kara M. Friedman
