DESCRIPTION OF PROJECT**1. Project Classification**

[Check those applicable - refer to Part 1110.40 and Part 1120.20(b)]

Part 1110 Classification:

- Substantive
- Non-substantive

2. Narrative Description

Provide in the space below, a brief narrative description of the project. Explain **WHAT** is to be done in **State Board defined terms**, **NOT WHY** it is being done. If the project site does NOT have a street address, include a legal description of the site. Include the rationale regarding the project's classification as substantive or non-substantive.

Methodist Health Services Corporation ("MHSC") and Proctor Health Care Incorporated ("Proctor") hereby seek a Certificate of Need ("CON") from the Illinois Health Facilities & Services Review Board (the "Board") to discontinue the open heart surgery program (the "Project") at Proctor Community Hospital ("Proctor Hospital") because the volume of open heart procedures at Proctor Hospital has steadily declined over the years, to the point that the open heart surgery program at Proctor Hospital is now well below the minimum number of procedures required to maintain staff proficiency. Proctor Hospital is located at 5409 North Knoxville Avenue in Peoria and is licensed for 220 beds. Proctor Hospital only performed eleven (11) open heart procedures in 2013 and has performed one (1) open heart procedure from January 1, 2014 through March 31, 2014.

On November 5, 2013, the Board approved an Affiliation Agreement (the "Affiliation Agreement") between MHSC and Proctor (COE Project No. 22-013). Pursuant to the terms of the Affiliation Agreement, MHSC became the sole corporate member of Proctor. The transaction set forth in the Affiliation Agreement closed on November 6, 2013.

Page 236 of the Application for COE Project No. 22-013 provided as follows:

"Consistent with the requirements set forth in Sections 1130.520(b)(1) and 1110.240(b), MHSC will not close, discontinue, or substantially reduce the number of beds or any categories of service (recognized by the Board) at Proctor Hospital for a period of at least twelve (12) months following the Closing Date of the Transaction (i.e., November 6, 2013). . . . That said, and as set forth in the Recitals and Section 3.3(c) of the Affiliation Agreement, between the Effective Date of the Affiliation Agreement (i.e., September 9, 2013) and the Closing Date of the Transaction, the Applicants have agreed to work together to develop a one hospital, two campus shared vision for the integration of patient care services between Methodist Medical Center and Proctor Hospital (the "Shared Vision"). As part of that Shared Vision, it is possible that certain patient care services (including certain categories of service recognized by the Board) may be discontinued or substantially reduced at Proctor Hospital (or at Methodist Medical Center) at some point in the future to achieve and further the objectives of the Affiliation Agreement, including, but not limited to: (i) developing viable responses to the rapidly changing market impacting health care delivery systems, including federal health care reform legislation, reductions in reimbursement and movement toward global and full-risk payment models; (ii) advancing excellence in clinical innovations, access, services, quality, cost, outcomes, and medical education for both Methodist Medical Center and Proctor Hospital; and (iii) creating measurable benefits to consumers and payers through quality improvements, development of new services, efficiency enhancements and other potential cost savings through the elimination of redundant services. Critically, the Applicants will ensure that the Shared Vision will not negatively impact the overall level of patient care services (including any categories of service recognized by the Board) in the Region. To the extent the Shared Vision ultimately outlines any discontinuations or substantial reductions in any category of service recognized by the Board at Proctor Hospital within twelve (12) months following the Closing Date of the Transaction,

MHSC (and Proctor Hospital) will first seek a Certificate of Need from the Board for any such discontinuations or substantial reductions in any category of service recognized by the Board.”

For the reason set forth above (i.e., low volumes), MHSC and Proctor have identified the open heart surgery program at Proctor Hospital as a service that needs to be discontinued and transitioned to Methodist Medical Center. Methodist Medical Center, which is located just 4 miles from Proctor, is a recognized leader in cardiovascular care, performing three hundred twenty-six (326) open heart procedures in 2013.

The open heart surgery program at Proctor Hospital will be discontinued immediately upon approval of this CON Application by the Board. Pursuant to Section 1110.40 of the Illinois Administrative Code, this Project is considered “Non-Substantive.” This Project is solely for discontinuation and has no project costs. Therefore, Section 1120 of the Illinois Administrative Code is not applicable.

Project Costs and Sources of Funds – N/A (Discontinuation of Service)

Complete the following table listing all costs (refer to Part 1120.110) associated with the project. When a project or any component of a project is to be accomplished by lease, donation, gift, or other means, the fair market or dollar value (refer to Part 1130.140) of the component must be included in the estimated project cost. If the project contains non-reviewable components that are not related to the provision of health care, complete the second column of the table below. Note, the use and sources of funds must equal.

SECTION II. DISCONTINUATION

This Section is applicable to any project that involves discontinuation of a health care facility or a category of service. **NOTE:** If the project is solely for discontinuation and if there is no project cost, the remaining Sections of the application are not applicable.

Criterion 1110.130 - Discontinuation

READ THE REVIEW CRITERION and provide the following information:

GENERAL INFORMATION REQUIREMENTS

1. Identify the categories of service and the number of beds, if any that is to be discontinued.
2. Identify all of the other clinical services that are to be discontinued.
3. Provide the anticipated date of discontinuation for each identified service or for the entire facility.
4. Provide the anticipated use of the physical plant and equipment after the discontinuation occurs.
5. Provide the anticipated disposition and location of all medical records pertaining to the services being discontinued, and the length of time the records will be maintained.
6. For applications involving the discontinuation of an entire facility, certification by an authorized representative that all questionnaires and data required by HFSRB or DPH (e.g., annual questionnaires, capital expenditures surveys, etc.) will be provided through the date of discontinuation, and that the required information will be submitted no later than 60 days following the date of discontinuation.

REASONS FOR DISCONTINUATION

The applicant shall state the reasons for discontinuation and provide data that verifies the need for the proposed action. See criterion 1110.130(b) for examples.

IMPACT ON ACCESS

1. Document that the discontinuation of each service or of the entire facility will not have an adverse effect upon access to care for residents of the facility's market area.
2. Document that a written request for an impact statement was received by all existing or approved health care facilities (that provide the same services as those being discontinued) located within 45 minutes travel time of the applicant facility.
3. Provide copies of impact statements received from other resources or health care facilities located within 45 minutes travel time, that indicate the extent to which the applicant's workload will be absorbed without conditions, limitations or discrimination.

APPEND DOCUMENTATION AS ATTACHMENT-10, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

See ATTACHMENT-10

D. Projected Operating Costs

The applicant shall provide the projected direct annual operating costs (in current dollars per equivalent patient day or unit of service) for the first full fiscal year at target utilization but no more than two years following project completion. Direct cost means the fully allocated costs of salaries, benefits and supplies for the service.

E. Total Effect of the Project on Capital Costs

The applicant shall provide the total projected annual capital costs (in current dollars per equivalent patient day) for the first full fiscal year at target utilization but no more than two years following project completion.

APPEND DOCUMENTATION AS ATTACHMENT -39, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

XI. Safety Net Impact Statement

SAFETY NET IMPACT STATEMENT that describes all of the following must be submitted for **ALL SUBSTANTIVE AND DISCONTINUATION PROJECTS**:

1. The project's material impact, if any, on essential safety net services in the community, to the extent that it is feasible for an applicant to have such knowledge.
2. The project's impact on the ability of another provider or health care system to cross-subsidize safety net services, if reasonably known to the applicant.
3. How the discontinuation of a facility or service might impact the remaining safety net providers in a given community, if reasonably known by the applicant.

Safety Net Impact Statements shall also include all of the following:

1. For the 3 fiscal years prior to the application, a certification describing the amount of charity care provided by the applicant. The amount calculated by hospital applicants shall be in accordance with the reporting requirements for charity care reporting in the Illinois Community Benefits Act. Non-hospital applicants shall report charity care, at cost, in accordance with an appropriate methodology specified by the Board.
2. For the 3 fiscal years prior to the application, a certification of the amount of care provided to Medicaid patients. Hospital and non-hospital applicants shall provide Medicaid information in a manner consistent with the information reported each year to the Illinois Department of Public Health regarding "Inpatients and Outpatients Served by Payor Source" and "Inpatient and Outpatient Net Revenue by Payor Source" as required by the Board under Section 13 of this Act and published in the Annual Hospital Profile.
3. Any information the applicant believes is directly relevant to safety net services, including information regarding teaching, research, and any other service.

A table in the following format must be provided as part of Attachment 43. SEE ATTACHMENT-43

XII. Charity Care Information

Charity Care information **MUST** be furnished for **ALL** projects.

1. All applicants and co-applicants shall indicate the amount of charity care for the latest three **audited** fiscal years, the cost of charity care and the ratio of that charity care cost to net patient revenue.
2. If the applicant owns or operates one or more facilities, the reporting shall be for each individual facility located in Illinois. If charity care costs are reported on a consolidated basis, the applicant shall provide documentation as to the cost of charity care; the ratio of that charity care to the net patient revenue for the consolidated financial statement; the allocation of charity care costs; and the ratio of charity care cost to net patient revenue for the facility under review.
3. If the applicant is not an existing facility, it shall submit the facility's projected patient mix by payer source, anticipated charity care expense and projected ratio of charity care to net patient revenue by the end of its second year of operation.

Charity care" means care provided by a health care facility for which the provider does not expect to receive payment from the patient or a third-party payer. (20 ILCS 3960/3) Charity Care **must** be provided at cost.

A table in the following format must be provided for all facilities as part of Attachment 44.

CHARITY CARE			
	Year	Year	Year
Net Patient Revenue			
Amount of Charity Care (charges)

SCHEDULE B

(continued)

37. Existing unrecorded leases and all rights thereunder of the lessees and of any person or party claiming by, through or under the lessees.

38. The Company will require the following documents for review prior to the issuance of any title assurance predicated upon a conveyance or encumbrance by the corporation named below.

Name of Corporation: Proctor Hospital

- a) A Copy of the corporation By-laws and Articles of Incorporation
- b) An original or certified copy of a resolution authorizing the transaction contemplated herein. Said resolution should evidence the authority of the person(s) executing the conveyance or mortgage.
- c) If the Articles and/or By-laws require approval by a 'parent' organization, a copy of the Articles and By-laws of the parent.

The Company reserves the right to add additional items or make further requirements after review of the requested documentation.

39. The "Good Funds" section of the Title Insurance Act (215 ILCS 155/26) is effective January 1, 2010. This Act places limitations upon our ability to accept certain types of deposits into escrow. CONDITIONS

1. The term mortgage, when used herein, shall include deed of trust, trust deed, or other security instrument.
2. If the proposed Insured has or acquired actual knowledge of any defect, lien, encumbrance, adverse claim or other matter affecting the estate or interest or mortgage thereon covered by this Commitment other than those shown in Schedule B hereof, and shall fail to disclose such knowledge to the Company in writing, the Company shall be relieved from liability for any loss or damage resulting from any act of reliance hereon to the extent the Company is prejudiced by failure to so disclose such knowledge. If the proposed Insured shall disclose such knowledge to the Company, or if the Company otherwise acquires actual knowledge of any such defect, lien, encumbrance, adverse claim or other matter, the Company at its option may amend Schedule B of this Commitment accordingly, but such amendment shall not relieve the Company from liability previously incurred pursuant to paragraph 3 of these Conditions.
3. Liability of the Company under this Commitment shall be only to the named proposed Insured and such parties included under the definition of Insured in the form of policy or policies committed for and only for actual loss incurred in reliance hereon in undertaking in good faith (a) to comply with the requirements hereof, or (b) to eliminate exceptions shown in Schedule B, or (c) to acquire or create the estate or interest or mortgage thereon covered by this Commitment. In no event shall such liability exceed the amount stated in Schedule A for the policy or policies committed for and such liability is subject to the insuring provisions and Conditions and the Exclusions from Coverage of the form of policy or policies committed for in favor of the proposed Insured which are hereby incorporated by reference and are made a part of this Commitment except as expressly modified herein.
4. This Commitment is a contract to issue one or more title insurance policies and is not an abstract of title or a report of the condition of title. Any action or actions or rights of action that the proposed Insured may have or may bring against the Company arising out of the status of the title to the estate or interest or the status of the mortgage thereon covered by this Commitment must be based on and are subject to the provisions of this Commitment.
5. *The policy to be issued contains an arbitration clause. All arbitrable matters when the Amount of Insurance is \$2,000,000 or less shall be arbitrated at the option of either the Company or the Insured as the exclusive remedy of the parties. Organizational Relationships

Proctor Community Hospital is a subsidiary corporation of Methodist Health Services Corporation. An organizational chart showing the relationship of the two entities is attached. As the parent corporation, MHSC is financially and legally responsible for the programs and services offered at Proctor Community Hospital. The proposed discontinuation of open heart surgery does not require any type of funding or financial contribution.

METHODIST HEALTH SERVICES CORPORATION

SECTION II. DISCONTINUATION

General Information Requirements

1. Identify the categories of service and the number of beds, if any that is to be discontinued.

Answer: Open Heart Surgery

2. Identify all of the other services that are to be discontinued.

Answer: None

3. Provide the anticipated date of discontinuation for each identified service or for the entire facility.

Answer: July 16, 2014

4. Provide the anticipated use of the physical plant and equipment after discontinuation occurs.

Answer: Open heart surgery occurs within two operating rooms located on the first floor of the hospital. The operating rooms will remain in operation and will be used for other surgical or invasive procedures. Equipment or supplies used exclusively for open heart will be transferred to Methodist Medical Center.

5. Provide the anticipated disposition and location of all medical records pertaining to the services being discontinued, and the length of time the records will be maintained.

Answer: Medical records will be maintained onsite for the length of time as specified by 210 ILCS 85/6.17 that is not less than 10 years after discharge or 12 years if there is litigation.

6. For applications involving the discontinuation of an entire facility, certification by an authorized representative that all questionnaires and data required by HFSRB or DPH (e.g. annual questionnaires, capital expenditures surveys, etc.) will be provided through the date of discontinuation, and that the required information will be submitted no later than 60 days following the date of discontinuation.

Answer: N/A, the entire facility is not being discontinued.

Reasons for the Discontinuation

The reason for discontinuing the open heart surgery program is there is inadequate demand to support the service. The volume of open heart procedures has declined steadily over the last several years, as new technology has replaced the need for the procedure. The number of cases performed at Proctor is summarized in the table below. The case volume is well below the minimum number required to maintain staff proficiency and for the program to function efficiently. There is substantial empirical evidence to document the relationship between open heart surgery volume and clinical outcomes.

	2011	2012	2013
CABG Only	38	16	9
Valve Only	15	6	1
CABG/Valve	7	8	1
TOTAL	60	30	11

Impact on Access

1. Document that the discontinuation of each service or of the entire facility will not have an adverse effect upon access to care for residents of the facility's market area.

Answer: Methodist Medical Center of Illinois has more than sufficient capacity to accommodate Proctor's historical open heart volume. Methodist has two fully functioning open heart operating rooms with a dedicated open heart surgery team. The operating rooms have a capacity to perform 500 cases annually, assuming one case per day per room, five days a week. In 2013, Methodist performed 326 cardiac surgery cases.

2. Document that a written request for an impact statement was received by all existing or approved health care services (that provide the same services as those being discontinued) located within 45 minutes travel time of the applicant facility.

Answer: There are two hospitals within 45 minutes drive time of Proctor Hospital: Saint Francis Medical Center and the Methodist Medical Center of Illinois. Methodist is an affiliate of Proctor Community Hospital and as such, there was not a need to send ourselves a certified letter. St. Joseph's Hospital in Bloomington, Illinois also provides open heart surgery but is beyond the 45 minute travel time from Proctor. The written request to Saint Francis, along with the Certification of receipt and Google MapQuest's are included in ATTACHMENT-10.

3. Provide copies of impact statements received from other resources of health care facilities located within 45 minutes travel time, that indicate the extent to which the applicant's workload will be absorbed without conditions, limitations or discrimination.

Answer: A letter from Methodist Medical Center is attached. Saint Francis Medical Center has not yet responded to the request for an impact statement.,

RE: Request for Impact Statement

Dear Mr. Steffen:

In accordance with the requirements of 77 Ill. Adm Code 1110.130(c)(3), UnityPoint Health – Proctor is requesting an Impact Statement from St. Francis regarding the closure of Proctor’s open heart program. The code requires contact with all approved healthcare facilities providing open heart surgery that are located within 45 minutes travel time. For your information, Proctor Hospital performed 11 open heart procedures in 2013 and 1 through March 28, 2014.

Please provide the following information with respect to the impact of the closure of Proctor’s open heart program.

- Your hospital’s capacity to accommodate Proctor’s open heart caseload;
- An explanation of any restrictions, limitations, or discrimination that would preclude OSF Saint Francis from serving the patient population historically served by Proctor’s open heart program.

If a response is not received within 15 days from the date of delivery, I will assume that the discontinuation will not have an adverse impact on your organization.

Responses should be directed to the following:

RE: CON Application to Discontinue Open Heart Services at Proctor Community Hospital

Dear Ms. Avery:

I am writing to express my support for the Certificate of Need application submitted by Proctor Community Hospital to discontinue its open heart surgery program. In accordance with the requirements of 77 Ill. Adm Code 1110.130(c)(3), the Methodist Medical Center of Illinois falls within the 45-minutes travel time and currently offers open heart surgery. Methodist Medical Center has more than sufficient capacity to accommodate Proctor's open heart caseload and does not have any restrictions, limitations or discrimination that would preclude serving Proctor's patient population.

If you have any questions I can be reached at 309-672-5929.

Sincerely,

Debbie Simon
President and CEO

SECTION XI – SAFETY NET IMPACT STATEMENT

Safety net impact statement that describes all substantive and discontinuation projects.

1. The project's material impact, if any, on essential safety net services in the community, to the extent that it is feasible for an applicant to have such knowledge.

ANSWER: The discontinuation of open heart surgery at Proctor is not expected to have any impact on safety net services. In 2013, only 11 patients had open heart surgery at Proctor. Methodist Medical Center has the capacity to accommodate this volume without any impact on patient access.

2. The project's impact on the ability of another provider or health system to cross-subsidize safety net services, if reasonable known to the applicant.

ANSWER: There will not be a need to subsidize open heart surgery. Of the surgeries performed at Proctor in 2013, 6 were commercial insured and 5 were Medicare. Moreover, Methodist has an AA2 rated bond rating demonstrating more than sufficient financial capacity to provide charity care should the need arise.

3. How the discontinuation of a facility or service might impact the remaining safety net providers in a given community, if reasonably known by the applicant.

ANSWER: Because of the low volume of cases, discontinuation of open heart services will not have a material impact on any other provider.

Safety Net Impact Statements shall also include all of the following:

1. For the 3 fiscal years prior to the application, a certification describing the amount of charity care provided by the applicant. The amount calculated by hospital applicants shall be in accordance with the reporting requirements for charity care reporting in the Illinois Community Benefits Act. Non-hospital applicants shall report charity care, at cost, in accordance with an appropriate methodology specified by the Board.

ANSWER: Please see Chart in ATTACHMENT-43

2. For the 3 fiscal years prior to the application, a certification of the amount of care provided to Medicaid patients. Hospital and non-hospital applicants shall provide Medicaid information in a manner consistent with the information reported each year to the Illinois Department of Public Health regarding "Inpatients and Outpatients Served by Payor Source" and "Inpatient and

Outpatient Net Revenue by Payor Source" as required by the Board under Section 13 of this Act and published in the Annual Hospital Profile.

ANSWER: Please see Chart in ATTACHMENT-43

3. Any information the applicant believes is directly relevant to safety net services, including information regarding teaching, research, and any other service.

ANSWER: Not Applicable.

XII – CHARITY CARE INFORMATION

Charity Care information MUST be furnished for ALL projects.

1. All applicants and co-applicants shall indicate the amount of charity care for the latest three audited fiscal years, the cost of charity care and the ratio of that charity care cost to net patient revenue.

ANSWER: See Chart in ATTACHMENT-44

2. If the applicant owns or operates one or more facilities, the reporting shall be for each individual facility located in Illinois. If charity care costs are reported on a consolidated basis, the applicant shall provide documentation as to the cost of charity care; the ratio of that charity care to the net patient revenue for the consolidated financial statement; the allocation of charity care costs; and the ratio of charity care cost to net patient revenue for the facility under review.

ANSWER: See Chart in ATTACHMENT-44

3. If the applicant is not an existing facility, it shall submit the facility's projected patient mix by payer source, anticipated charity care expense and projected ratio of charity care to net patient revenue by the end of its second year of operation.

ANSWER: Not Applicable.
