**Re: #14-019, Fresenius Medical Care Summit**

Dear Ms. Avery:

We are aware that project #14-019, Fresenius Medical Care Summit, was placed on the August 27<sup>th</sup> agenda. We had anticipated that it would be on the July 15<sup>th</sup> agenda, given timing of when it was deemed complete and note that we missed it by only a number of days. This project involves new construction of a stand-alone building. If we are not heard and approved until the end of August or October it would delay construction from starting until late Fall (given need to obtain permits and do preliminary work) and might even delay it to the Spring depending on the weather. In other words it could delay the project significantly and increase costs.

The proposed site is in a MUA with surrounding clinics heavily utilized. We would very much appreciate your consideration of this request to be placed on the July 15<sup>th</sup> agenda. Thank you.

Sincerely,

Lori Wright  
Senior CON Specialist
