Re: Project 14-021  
Establishment of Comprehensive Physical Rehabilitation service  
Northwest Community Hospital

Dear Mike:

The Illinois Health Facilities and Services Review Board approved Permit #14-021 on August 27, 2014. The permit authorizes Northwest Community Hospital to establish a 17 bed inpatient rehabilitation service. The permit application stated that NCH would locate the service on the third floor of the North Tower.

This letter announces our intent to locate the service on the 7<sup>th</sup> floor of the North Tower instead of the third floor. There is no change to the approved project size, cost, number of beds or time schedule, and as a result, we believe that this change is not considered a permit alteration.

If you have questions, please contact me at 847-618-5020, or Ralph Weber, our CON consultant, at 847-791-0830.

Sincerely,

A handwritten signature in cursive script that reads "Brad Buxton".
