In Re: Project 14-031 Labor & Delivery Relocation Change in Financing Plan

Dear Mr. Constantino:

This letter is to notify you of a possible change in financing for Project #14-031 Labor and Delivery Relocation. This involves debt financing in the amount of \$281,872 through New Market Tax Credits, a federal program operated by the U.S. Treasury Department. The program allows banks to receive tax credits for investment through loans in economically depressed areas. For the project in question, there would be debt issuance costs of \$86,106 and an amount borrowed of \$281,872. The expected total project cost remains at the original permit amount of \$17,003,653. Current credit ratings for our hospital are AA- by Standard & Poor's ratings Services and Aa3 by Moody's Investors Service. Enclosed are Sources and Uses tables reflecting this expected change and details of the borrowing.

Please let us know if you need further information.

Sincerely,

John R. Beberman

Director, Capital Budget & Control

Project Costs and Sources of Funds

Complete the following table listing all costs (refer to Part 1120.110) associated with the project. When a project or any component of a project is to be accomplished by lease, donation, gift, or other means, the fair market or dollar value (refer to Part 1130.140) of the component must be included in the estimated project cost. If the project contains non-reviewable components that are not related to the provision of health care, complete the second column of the table below. Note, the use and sources of funds must equal.
