Re: Project #14-043 and #14-044

Dear Ms Beeler:

We are extending the review for Project #14-043 and #14-044 and rescheduling Projects #14-043 and #14-044 until the December 16, 2014 State Board Meeting. The State Board Staff believes additional time is needed to review the material that has been submitted, conduct the public hearing and review the public comments that have been received.

While we sympathize with your concerns about the extension of these two projects, the Illinois Health Facilities Planning Act allows the State Board to take 120 days to review a project. 20 ILCS 3960/6.2 states:

"The State Board staff shall afford a reasonable amount of time as established by the State Board, but not to exceed 120 days, for the review of the application. The 120- day period begins on the day the application is found to be substantially complete."

If you should have questions please contact Mike Constantino or George Roate at 217.782.3516 or mike.constantino@illinois.gov or george.roate@illinois.gov

Sincerely,

A handwritten signature in cursive script that reads "Courtney Avery".

Courtney Avery
Administrator
Illinois Health Facilities and Services Review Board
