Re: Advocate Condell Ambulatory Surgery Center
Project No. 15-017 (the "Project")
Completion Letter

Dear Ms. Avery:

We are pleased to inform the Illinois Health Facilities and Services Review Board that the Advocate Condell Ambulatory Surgery Center Project is complete.

The Illinois Department of Public Health completed its inspection and provided us a letter dated February 27, 2017 approving licensure for the new facility. This completion complies with the March 31, 2017 completion date specified in our permit. We are now in the process of gathering the final information to submit the final cost certification numbers by June 30, 2017.

Please contact me with any questions or if you require any further information.

Sincerely,

Sara Sortal
