RE: Project 15-038
Rockford Memorial Hospital

Dear Mike:

Please accept this letter as a follow-up to our recent technical assistance conversations relating to the above-referenced project.

Re-use of space on the N. Rockton Avenue Campus and Re-location of Services

The following functions relocated from the Rockford Clinic Building (to be re-purposed for use by community groups and agencies):

- physicians' offices to relocate to hospital building, multiple locations and Rockford Medical Building
- finance to hospital building, ground level
- convenient care center to hospital building, 1st floor
- billing to hospital building, 3rd floor
- medical records storage to off-site location
- wound care to hospital building, 1st floor

Functions currently in Main Hospital Building:

- pharmacy, laboratory, central sterile supply, respiratory therapy and cancer center to retain ground level locations
- administration to remain on 1st floor, with space reduction
- admitting, outpatient registration, imaging, surgery/recovery, and ED to retain 1st floor locations
- NICU to be vacated on 2nd floor
- obstetrics units (A-2 & C-2) and L & D on 2nd floor to become administrative
- AMI unit (E-2) and D-2 Med/Surg unit to remain on 2nd floor
- A-3, D-3 and B-4 Med/Surg units to retain 3rd and 4th floor locations
- Peds units (B-3 & C-3) to become administrative
- E-3 Med/Surg unit to become administrative
- A-4, C-4, and E-4 Med/Surg units to become administrative

The following functions will be relocated from the Ingersol Building (to be vacated):

- Financial services, foundation office, education offices, hospitalists offices, pastoral care, on-call rooms, and risk management will relocate to vacated units in hospital building
- radiology school will relocate to Rockton Valley College
- NICU parent rooms will be eliminated

The following functions will be relocated from the North Office Building (to be vacated):

- Pediatric outpatient services will relocate to Riverside campus
- financial services and marketing to vacated units in hospital building
- volunteers to hospital building

The following functions will be relocated from Rockford Medical Building:

- administrative offices to relocate to hospital building
- corporate office to relocate to an off-site location

Clarification of Rockford Memorial Hospital's Number of Operating Rooms

Rockford Memorial Hospital's surgical suite consists of fourteen operating rooms. Upon the completion of the proposed projects, four of those operating rooms will remain in the existing suite, and ten will be re-located to the East Riverside Boulevard hospital building.

ATTACHMENT 9

Enclosed is a revised copy of this ATTACHMENT, addressing questions you raised during our technical assistance discussions.

ATTACHMENT 39D and 39E

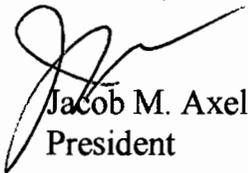

Enclosed is a revised copy of this ATTACHMENT, provided to correct a typographical error on the originally-filed document.

Re-Use of Rockford Clinic Building

Attached is a letter, confirming that MercyRockford Health System will seek a CON Permit for the capitalized expenditures associated with the anticipated re-use of the Rockford Clinic Building, should those expenditures exceed the HFSRB's capital expenditure threshold.

Thank you for the opportunity to provide this information. Should you have any other questions, please do not hesitate to contact me.

Sincerely,

Jacob M. Axel
President

Re: **Project #038, Rockford Memorial Hospital**

Dear Mr. Constantino:

This letter is being provided in response to your recent technical assistance conversation with Jack Axel, our Certificate of Need consultant, relating to MercyRockford Health System's intent to make approximately 207,000 square feet on its Rockford campus available to community organizations and agencies. This would follow the completion of the modernization plans outlined in Application for Permit # 15-038. MercyRockford acknowledges that certain capitalized expenditures may be incurred by MercyRockford, or a related entity, in conjunction with the re-purposing of this space. Should these potential capitalized expenses exceed the Health Facilities and Services Review Board's capital expenditure threshold in effect at that time, MercyRockford, or an appropriate related entity, will file an Application for Permit to address those expenditures.

Thank you for the opportunity to address this issue.

Sincerely,

James P. Evans
V.P. & General Counsel
