HEALTH FACILITIES &
SERVICES REVIEW BOARD

In regard to the article in Rockford Register Star 9-8-15, about Mercy Rockford Health System for it's \$400 million hospital project. It says about building that campus on I-90 & Riverside Blvd. on the East side of Rockford. Why always on the east side of Rockford. I'm enclosing an editorial that I wrote and was printed in Rockford Register Star. About re-investment on its campus on Mt. Rockton Ave. it's all well and good, but they are already talking about using 200,000 square feet of the Rockton Clinic to community organizations and other businesses that would bring jobs to the area. But what about the people on the West side, that have doctors, and other medical offices in the Rockford Clinic, where will they have to go? I don't say way out on Riverside because there's already SAH, and SAH hospitals out there in

hot area. There is plenty of
land on the West side of
Rockford, that a campus
like this could be built.

I agree with Old. Venita
Hervey when she filed for a
request for a public hearing.

Please don't take Rockford
Clinic away ~~and~~ as it would
greatly impact the west side
of Rockford population. Thank
you ~~a~~ very much for reading
my letter. Build it on
the West side and don't
close nothing on Rockton Ave,
as the people on the west side
are just important as the
people on the East side. Also
plenty of land as my editorial.

Build on the West side. Sops.

Hookay for Old. Venita Hervey

Enclosed is my copy of the
editorial I told you about.

God Bless You,
Sally Carter

West side should not be forgotten

I fully agreed with Matthew Johnson's Aug. 18 letter to the editor about MercyRockford Health System keeping its promise.

There was, and is, plenty of land on the far west side of Rockford to expand on building something like this. I hope Rockford Memorial Hospital will not join the abandoned factories, etc., that left the west side. I was so glad that

RMH didn't join up with SwedishAmerican Hospital and OSF Saint Anthony Medical Center in the past. RMH is my hospital, and I know there are many others who feel the same way, and we don't want to have it abandoned.

Why is the west side always forgotten? Wake up, people. What are you going to do when there is no more space on the east side?

Sally Carter
