RE: Notice of Project Financial Commitment, Project 16-003
Establishment of ASTC-Northwest Endo Center
Northwest Community Hospital

Dear Ms. Avery,

In March, 2016, the Health Facilities and Services Review Board approved the establishment of Northwest Endo Center as an ASTC at 1415 S. Arlington Heights Road. The total approved project cost is \$2,829,568.

Northwest Community Hospital (NCH) is one of the co-applicants. NCH has awarded a construction contract to Leopardo Construction in the amount of \$1,647,110. The contract was signed on May 18th, 2016. This contract amount qualifies as sufficient to constitute permit obligation of the approved project, as stipulated in the requirements of Administrative Code 1130.720.

Project scope, size, and costs are consistent with the permit approved on March, 29, 2016.

Please contact Ralph Weber, consultant for the project, at 847-791-0830 if you have any questions on the project.

Sincerely,

A handwritten signature in black ink, appearing to read 'Allen Jensen', with a long horizontal line extending to the right.

Allen Jensen
Executive Director, Facilities Management
