Re: Transitional Care of Lake County
Mundelein
New Facility
IDPH No: L3891

Dear:

On 6/16/2020 an inspection was conducted for the purpose of determining compliance with the Nursing Home Care Act and NFPA 101, Life Safety Code, 2012 Edition. We have received acceptable responses to our inspection comments on 6/17/2020 and at this time, it has been determined that the above listed facility is in compliance with the physical environment requirements of the Act and Codes. They have been approved for **185 skilled nursing beds per CON #16-012, June 21, 2016**. It will be necessary for a nursing survey to be conducted prior to receiving the license. This recommendation has been forwarded to the Long Term Care Licensing Section for referral to the appropriate regional office.

Even though the Illinois Department of Public Health (Department) conducts a facility plan review, the facility is totally responsible for meeting the Department's licensure standards. This facility responsibility is never waived even if the Department conducts a facility plan review and does not specify all licensure deficiencies.

If you have any questions regarding this matter, please contact our office at 217-785-4247. The Department's TTY number is 1-800-547-0466, for hearing impaired use only.

Sincerely,
