HEALTH FACILITIES &  
SERVICES REVIEW BOARD

**Re: Dialysis Care Center Oak Lawn (Proj. No. 16-020)**  
**Request for expedited review**

Dear Ms. Avery:

On behalf of Dialysis Care Center Oak Lawn, we respectfully request the Illinois Health Facilities and Service Review Board to grant expedited review of the certificate of need permit for the above referenced project and consider the critical CON application at the August 2, 2016 State Board meeting. This project proposes an establishment of an 11-station dialysis facility to be located at 9115 S Cicero Ave, Oak Lawn, IL 60453. As discussed in the CON Application, the facility is to be located in HSA 7, where the State Board has determined a need for 57 additional stations and the current facilities cannot accommodate one our employed physicians, Dr Sonja Marcic's, projected patients. If the application is not reviewed until September 13, 2016 it is unlikely the project will be able to be accomplished at the proposed completion date. Accordingly, we request the State Board consider this project at the August 2, 2016 meeting to ensure patients in the Oak Lawn area have access to much needed dialysis services and the needs of the additional chairs in the HSA 7 are met.

Thank you for your time and consideration of our request for expedited review of the Dialysis Care Center Oak Lawn CON Application, if you have any questions or need any additional information, please feel free to contact me.

Sincerely,

Asim M. Shazzad
