Re: Letter of Support Dialysis Care Center McHenry, LLC, Project 16-058

Dear Ms. Olson,

I am writing to support and encourage the Illinois Health Facilities Board to approve the 14-station dialysis facility that Dialysis Care Center McHenry is proposing to establish at 612 S IL Route 31, Suite A, McHenry, IL, 60050

It is my understanding that the new facility will help address the growing need for dialysis services in the area, easing the burden on staff at existing clinics that are currently operating at or above capacity and make it easier for area patients to get the appropriate treatment options. Studies have also shown that access and continuity of care are especially important for chronic care patients, and that having a medical “home” helps reduce health care costs as well as medical complications.

There is an urgent need of the dialysis services to this area as most of the area’s population lack proper health insurance. This center will accommodate all patients regardless of their insurance status. Access to care is an important issue for me and my constituents. I am very attuned to our area’s health care issues and dedicated to providing our community with sufficient medical access and, when possible, a better quality of life.

I believe local, community-based medical facilities are vital as they allow residents to be near their homes and spend more time at work, with their loved ones or otherwise enjoying productive lives.

I strongly believe adding needed medical facilities to this area will benefit residents in my community, and I give my full support to Dialysis Care Center McHenry. I highly recommend that Illinois Health and Services Review Board approve the Dialysis Care Center McHenry application for the dialysis services facility in McHenry.

Thank you,

Susan E. Low,
Mayor, City of McHenry
