ILLINOIS HEALTH FACILITIES AND SERVICES REVIEW BOARD
APPLICATION FOR PERMIT

RECEIVED

DEC 29 2016

HEALTH FACILITIES & SERVICES REVIEW BOARD

SECTION I. IDENTIFICATION, GENERAL INFORMATION, AND CERTIFICATION

This Section must be completed for all projects.

Facility/Project Identification

Facility Name: Palos Health Surgery Center		
Street Address: Southwest Corner of 153rd Street and West Avenue		
City and Zip Code: Orland Park, Illinois 60462		
County: Cook	Health Service Area 7	Health Planning Area: A-04

Applicant /Co-Applicant Identification
[Provide for each co-applicant [refer to Part 1130.220].

Exact Legal Name: The St. George Corporation
Address: 12251 South 80th Ave, Palos Heights, IL 60463
Name of Registered Agent: Barbara J. Medley
Name of Chief Executive Officer: Terrence Mosian, M.D.
CEO Address: 12251 South 80th Ave, Palos Heights, IL 60463
Telephone Number: 708-923-4000

Type of Ownership of Applicant/Co-Applicant

☑	Non-profit Corporation	☐	Partnership		
☐	For-profit Corporation	☐	Governmental		
☐	Limited Liability Company	☐	Sole Proprietorship	☐	Other

- Corporations and limited liability companies must provide an **Illinois certificate of good standing.**
- Partnerships must provide the name of the state in which organized and the name and address of each partner specifying whether each is a general or limited partner.

APPEND DOCUMENTATION AS ATTACHMENT-1 IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Site Ownership

[Provide this information for each applicable site]

Exact Legal Name of Site Owner: Palos Community Hospital
Address of Site Owner: 12251 South 80th Avenue, Palos Heights, Illinois 60463
Street Address or Legal Description of Site: The Southeast quarter of the Northwest quarter of Section 16, Township 36 North, Range 12 East of the Third Principal Meridian, except a tract of land described as follows: Beginning at the Southwest corner of the Southeast quarter of the Northwest quarter of said Section 16, thence East along the South line of said Southeast quarter a distance of 200 feet; thence North along a line parallel with the West line of said Southeast quarter a distance of 200 feet; thence West along a line parallel with the South line of said Southeast quarter a distance of 200 feet; thence South along the West line of said Southeast quarter a distance of 200 feet to the place of beginning; ALSO excepting that part of the Northwest quarter of said Section 16 described as follows: Beginning at a point of intersection of the West line of the East half of said Northwest quarter of Section 16 and the South right of way line of 153rd Street, according to document no. 87255318 recorded May 12, 1987; thence Easterly along the South line of said 153rd Street having an Illinois East Zone Grid bearing of North 88 degrees 01 minute 35 seconds East, a distance of 868.00 feet; thence South 01 degree 46 minutes 14 seconds East, 10.00 feet to a point on a line 60.00 feet South of, measured perpendicular to and parallel with the North line of the South half of said Northwest quarter; thence South 88 degrees 01 minute 35 seconds West, 595.25 feet along said parallel line; thence South 01 degree 46 minutes 14 seconds East, 5.00 feet to a point 65.00 feet South of, measured perpendicular to and parallel with said North line; thence South 88 degrees 01 minute 35 seconds West, 272.75 feet along said parallel line to a point on said West line of the East half of the Northwest quarter; thence North 01 degree 46 minutes 14 seconds West, 15.00 feet along said West line to the point of beginning, in Cook County, Illinois.
APPEND DOCUMENTATION AS ATTACHMENT-2, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Operating Identity/Licensee

[Provide this information for each applicable facility, and insert after this page.]

Exact Legal Name: Palos Community Hospital					
Address: 12251 South 80th Avenue, Palos Heights, Illinois 60463					
☒	Non-profit Corporation	☐	Partnership		
☐	For-profit Corporation	☐	Governmental		
☐	Limited Liability Company	☐	Sole Proprietorship	☐	Other

- Corporations and limited liability companies must provide an Illinois Certificate of Good Standing.
- Partnerships must provide the name of the state in which organized and the name and address of each partner specifying whether each is a general or limited partner.
- **Persons with 5 percent or greater interest in the licensee must be identified with the % of ownership.**

APPEND DOCUMENTATION AS ATTACHMENT-3, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Organizational Relationships

Provide (for each co-applicant) an organizational chart containing the name and relationship of any person or entity who is related (as defined in Part 1130.140). If the related person or entity is participating in the development or funding of the project, describe the interest and the amount and type of any financial contribution.

APPEND DOCUMENTATION AS ATTACHMENT-4, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Flood Plain Requirements

[Refer to application instructions.]

Provide documentation that the project complies with the requirements of Illinois Executive Order #2005-5 pertaining to construction activities in special flood hazard areas. As part of the flood plain requirements please provide a map of the proposed project location showing any identified floodplain areas. Floodplain maps can be printed at **www.FEMA.gov** or **www.illinoisfloodmaps.org**. **This map must be in a readable format**. In addition please provide a statement attesting that the project complies with the requirements of Illinois Executive Order #2005-5 **(http://www.hfsrb.illinois.gov)**.

APPEND DOCUMENTATION AS ATTACHMENT -5, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Historic Resources Preservation Act Requirements

[Refer to application instructions.]

Provide documentation regarding compliance with the requirements of the Historic Resources Preservation Act.

APPEND DOCUMENTATION AS ATTACHMENT-6, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

DESCRIPTION OF PROJECT

1. Project Classification

[Check those applicable - refer to Part 1110.40 and Part 1120.20(b)]

Part 1110 Classification:

☑ Substantive

☐ Non-substantive

2. Narrative Description

Provide in the space below, a brief narrative description of the project. Explain **WHAT** is to be done in **State Board defined terms**, **NOT WHY** it is being done. If the project site does NOT have a street address, include a legal description of the site. Include the rationale regarding the project's classification as substantive or non-substantive.

The St. George Corporation, Palos Community Hospital, Palos Health Surgery Center, LLC, and South Campus Partners (the "Applicants") seek authority to establish an ASTC with four operating rooms and sixteen recovery stations to be located at the Southeast quarter of the Northwest quarter of Section 16, Township 36 North, Range 12 East of the Third Principal Meridian (the "Surgery Center"). The project will improve access in Planning Area A-04 to ambulatory surgical care. To better serve the evolving health care needs of the residents of the Southwest Suburban community of metropolitan Chicago, the Applicants decided to establish the proposed Surgery Center. The estimated cost for the proposed project is $13,216,496.

The Surgery Center will consist of 6,545 gross square feet of clinical and 9,225 gross square feet of non-clinical space for a total of 15,770 gross square feet of space.

The project is classified as substantive.

The project will be completed by June 30, 2019.

Project Costs and Sources of Funds

Complete the following table listing all costs (refer to Part 1120.110) associated with the project. When a project or any component of a project is to be accomplished by lease, donation, gift, or other means, the fair market or dollar value (refer to Part 1130.140) of the component must be included in the estimated project cost. If the project contains non-reviewable components that are not related to the provision of health care, complete the second column of the table below. Note, the use and sources of funds must equal.

Project Costs and Sources of Funds			
USE OF FUNDS	**CLINICAL**	**NONCLINICAL**	**TOTAL**
Preplanning Costs	0	0	0
Site Survey and Soil Investigation	0	0	0
Site Preparation	0	0	0
Off Site Work	0	0	0

Contingencies	224,353	309,275	533,628
Architectural/Engineering Fees	246,265	236,608	482,873
Consulting and Other Fees	0	170,000	170,000
Movable or Other Equipment (not in construction contracts)	1,901,921	423,891	2,325,812
Bond Issuance Expense (project related)			
Net Interest Expense During Construction (project related)			
Fair Market Value of Leased Space or Equipment	1,839,145	2,592,225	4,431,370
Other Costs To Be Capitalized	662,951	304,500	967,451
Acquisition of Building or Other Property (excluding land)			
TOTAL USES OF FUNDS	7,118,166	6,098,330	13,216,496
SOURCE OF FUNDS	**CLINICAL**	**NONCLINICAL**	**TOTAL**
Cash and Securities	5,279,021	3,506,105	8,785,126
Pledges			
Gifts and Bequests			
Bond Issues (project related)			
Mortgages			
Leases (fair market value)	1,839,145	2,592,225	4,431,370
Governmental Appropriations			
Grants			
Other Funds and Sources			
TOTAL SOURCES OF FUNDS	7,118,166	6,098,330	13,216,496

NOTE: ITEMIZATION OF EACH LINE ITEM MUST BE PROVIDED AT ATTACHMENT-7, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Related Project Costs

Provide the following information, as applicable, with respect to any land related to the project that will be or has been acquired during the last two calendar years:

Land acquisition is related to project ☐ Yes ☑ No
Purchase Price: $_____
Fair Market Value: $_____

The project involves the establishment of a new facility or a new category of service
☑ Yes ☐ No

If yes, provide the dollar amount of all **non-capitalized** operating start-up costs (including operating deficits) through the first full fiscal year when the project achieves or exceeds the target utilization specified in Part 1100.

Estimated start-up costs and operating deficit cost is $ 940,568.

Project Status and Completion Schedules

For facilities in which prior permits have been issued please provide the permit numbers.

Indicate the stage of the project's architectural drawings:

☐ None or not applicable ☑ Preliminary
☐ Schematics ☐ Final Working

Anticipated project completion date (refer to Part 1130.140): June 30, 2019

Indicate the following with respect to project expenditures or to obligation (refer to Part 1130.140):

☐ Purchase orders, leases or contracts pertaining to the project have been executed.
☐ Project obligation is contingent upon permit issuance. Provide a copy of the contingent "certification of obligation" document, highlighting any language related to CON Contingencies
☑ Project obligation will occur after permit issuance.

APPEND DOCUMENTATION AS ATTACHMENT-8, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

State Agency Submittals

Are the following submittals up to date as applicable:
☑ Cancer Registry
☑ APORS
☑ All formal document requests such as IDPH Questionnaires and Annual Bed Reports been submitted
☑ All reports regarding outstanding permits
Failure to be up to date with these requirements will result in the application for permit being deemed incomplete.

Cost Space Requirements

Provide in the following format, the department/area **DGSF** or the building/area **BGSF** and cost. The type of gross square footage either **DGSF** or **BGSF** must be identified. The sum of the department costs **MUST** equal the total estimated project costs. Indicate if any space is being reallocated for a different purpose. Include outside wall measurements plus the department's or area's portion of the surrounding circulation space. **Explain the use of any vacated space.**

		Gross Square Feet		Amount of Proposed Total Gross Square Feet That Is:			
Dept. / Area	**Cost**	**Existing**	**Proposed**	**New Const.**	**Modernized**	**As Is**	**Vacated Space**
REVIEWABLE

SECTION III – BACKGROUND, PURPOSE OF THE PROJECT, AND ALTERNATIVES - INFORMATION REQUIREMENTS

This Section is applicable to all projects except those that are solely for discontinuation with no project costs.

Criterion 1110.230 – Background, Purpose of the Project, and Alternatives

READ THE REVIEW CRITERION and provide the following required information:

BACKGROUND OF APPLICANT

1. A listing of all health care facilities owned or operated by the applicant, including licensing, and certification if applicable.
2. A certified listing of any adverse action taken against any facility owned and/or operated by the applicant during the three years prior to the filing of the application.
3. Authorization permitting HFSRB and DPH access to any documents necessary to verify the information submitted, including, but not limited to: official records of DPH or other State agencies; the licensing or certification records of other states, when applicable; and the records of nationally recognized accreditation organizations. **Failure to provide such authorization shall constitute an abandonment or withdrawal of the application without any further action by HFSRB.**
4. If, during a given calendar year, an applicant submits more than one application for permit, the documentation provided with the prior applications may be utilized to fulfill the information requirements of this criterion. In such instances, the applicant shall attest the information has been previously provided, cite the project number of the prior application, and certify that no changes have occurred regarding the information that has been previously provided. The applicant is able to submit amendments to previously submitted information, as needed, to update and/or clarify data.

APPEND DOCUMENTATION AS ATTACHMENT-11, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM. EACH ITEM (1-4) MUST BE IDENTIFIED IN ATTACHMENT 11.

PURPOSE OF PROJECT

1. Document that the project will provide health services that improve the health care or well-being of the market area population to be served.
2. Define the planning area or market area, or other, per the applicant's definition.
3. Identify the existing problems or issues that need to be addressed, as applicable and appropriate for the project. [See 1110.230(b) for examples of documentation.]
4. Cite the sources of the information provided as documentation.
5. Detail how the project will address or improve the previously referenced issues, as well as the population's health status and well-being.
6. Provide goals with quantified and measurable objectives, with specific timeframes that relate to achieving the stated goals **as appropriate**.

For projects involving modernization, describe the conditions being upgraded if any. For facility projects, include statements of age and condition and regulatory citations if any. For equipment being replaced, include repair and maintenance records.

NOTE: Information regarding the "Purpose of the Project" will be included in the State Board Report.

APPEND DOCUMENTATION AS ATTACHMENT-12, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM. EACH ITEM (1-6) MUST BE IDENTIFIED IN ATTACHMENT 12.

ALTERNATIVES

1) Identify **ALL** of the alternatives to the proposed project:

Alternative options **must** include:

A) Proposing a project of greater or lesser scope and cost;

B) Pursuing a joint venture or similar arrangement with one or more providers or entities to meet all or a portion of the project's intended purposes; developing alternative settings to meet all or a portion of the project's intended purposes;

C) Utilizing other health care resources that are available to serve all or a portion of the population proposed to be served by the project; and

D) Provide the reasons why the chosen alternative was selected.

2) Documentation shall consist of a comparison of the project to alternative options. The comparison shall address issues of total costs, patient access, quality and financial benefits in both the short term (within one to three years after project completion) and long term. This may vary by project or situation. **FOR EVERY ALTERNATIVE IDENTIFIED THE TOTAL PROJECT COST AND THE REASONS WHY THE ALTERNATIVE WAS REJECTED MUST BE PROVIDED.**

3) The applicant shall provide empirical evidence, including quantified outcome data that verifies improved quality of care, as available.

APPEND DOCUMENTATION AS ATTACHMENT-13, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

SECTION IV - PROJECT SCOPE, UTILIZATION, AND UNFINISHED/SHELL SPACE

Criterion 1110.234 - Project Scope, Utilization, and Unfinished/Shell Space

READ THE REVIEW CRITERION and provide the following information:

SIZE OF PROJECT:

1. Document that the amount of physical space proposed for the proposed project is necessary and not excessive. **This must be a narrative.**

2. If the gross square footage exceeds the BGSF/DGSF standards in Appendix B, justify the discrepancy by documenting one of the following::

   a. Additional space is needed due to the scope of services provided, justified by clinical or operational needs, as supported by published data or studies;

   b. The existing facility's physical configuration has constraints or impediments and requires an architectural design that results in a size exceeding the standards of Appendix B;

   c. The project involves the conversion of existing space that results in excess square footage.

Provide a narrative for any discrepancies from the State Standard. A table must be provided in the following format with Attachment 14.

SIZE OF PROJECT				
DEPARTMENT/SERVICE	**PROPOSED BGSF/DGSF**	**STATE STANDARD**	**DIFFERENCE**	**MET STANDARD?**

APPEND DOCUMENTATION AS ATTACHMENT-14, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

PROJECT SERVICES UTILIZATION:

This criterion is applicable only to projects or portions of projects that involve services, functions or equipment for which HFSRB has established utilization standards or occupancy targets in 77 Ill. Adm. Code 1100.

Document that in the second year of operation, the annual utilization of the service or equipment shall meet or exceed the utilization standards specified in 1110.Appendix B. **A narrative of the rationale that supports the projections must be provided.**

A table must be provided in the following format with Attachment 15.

UTILIZATION					
	DEPT./ SERVICE	**HISTORICAL UTILIZATION (PATIENT DAYS) (TREATMENTS) ETC.**	**PROJECTED UTILIZATION**	**STATE STANDARD**	**MET STANDARD?**
YEAR 1					
YEAR 2					

APPEND DOCUMENTATION AS ATTACHMENT-15, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

UNFINISHED OR SHELL SPACE:

Provide the following information:

1. Total gross square footage of the proposed shell space;
2. The anticipated use of the shell space, specifying the proposed GSF tot be allocated to each department, area or function;
3. Evidence that the shell space is being constructed due to
   a. Requirements of governmental or certification agencies; or
   b. Experienced increases in the historical occupancy or utilization of those areas proposed to occupy the shell space.
4. Provide:
   a. Historical utilization for the area for the latest five-year period for which data are available; and
   b. Based upon the average annual percentage increase for that period, projections of future utilization of the area through the anticipated date when the shell space will be placed into operation.

APPEND DOCUMENTATION AS ATTACHMENT-16, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

ASSURANCES:

Submit the following:

1. Verification that the applicant will submit to HFSRB a CON application to develop and utilize the shell space, regardless of the capital thresholds in effect at the time or the categories of service involved.
2. The estimated date by which the subsequent CON application (to develop and utilize the subject shell space) will be submitted; and
3. The anticipated date when the shell space will be completed and placed into operation.

APPEND DOCUMENTATION AS ATTACHMENT-17, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

H. Non-Hospital Based Ambulatory Surgery

This section is applicable to all projects proposing to establish or modernize a non-hospital based ambulatory surgical treatment center or to the addition of surgical specialties.

1. Criterion 1110.1540(a), Scope of Services Provided

Read the criterion and complete the following:

a. Indicate which of the following types of surgery are being proposed:

_____Cardiovascular	X Obstetrics/Gynecology	X Pain Management
_____Dermatology	X Ophthalmology	X Podiatry
X Gastroenterology	X Oral/Maxillofacial	_____Thoracic
X General/Other	X Orthopedic	X Otolaryngology
_____Neurology	X Plastic	X Urology

b. Indicate if the project will result in a _____ limited or X a multi-specialty ASTC.

2. Criterion 1110.1540(b), Target Population

Read the criterion and provide the following:

a. On a map (8 ½" x 11"), outline the intended geographic services area (GSA).

b. Indicate the population within the GSA and how this number was obtained.

c. Provide the travel time in all directions from the proposed location to the GSA borders and indicate how this travel time was determined.

3. Criterion 1110.1540(c), Projected Patient Volume

Read the criterion and provide signed letters from physicians that contain the following:

a. The number of referrals anticipated annually for each specialty.

b. For the past 12 months, the name and address of health care facilities to which patients were referred, including the number of patients referred for each surgical specialty by facility.

c. A statement that the projected patient volume will come from within the proposed GSA.

d. A statement that the information in the referral letter is true and correct to the best of his or her belief.

4. Criterion 1110.1540(d), Treatment Room Need Assessment

Read the criterion and provide:

a. The number of procedure rooms proposed.

b. The estimated time per procedure including clean-up and set-up time and the methodology used in arriving at this figure.

5. Criterion 1110.1540(e), Impact on Other Facilities

Read the criterion and provide:

a. A copy of the letter sent to area surgical facilities regarding the proposed project's impact on their workload. NOTE: This letter must contain: a description of the project including its size, cost, and projected workload; the location of the proposed project; and a request that the facility administrator indicate what the impact of the proposed project will be on the existing facility.

b. A list of the facilities contacted. **NOTE**: Facilities must be contacted by a service that provides documentation of receipt such as the US. Postal Service, FedEx or UPS. The documentation must be included in the application for permit.

6. Criterion 1110.1540(f), Establishment of New Facilities

Read the criterion and provide:

a. A list of services that the proposed facility will provide that are not currently available in the GSA; or

b. Documentation that the existing facilities in the GSA have restrictive admission policies; or

c. For co-operative ventures,

a. Patient origin data that documents the existing hospital is providing outpatient surgery services to the target population of the GSA, and

b. The hospital's surgical utilization data for the latest 12 months, and

c. Certification that the existing hospital will not increase its operating room capacity until such a time as the proposed project's operating rooms are operating at or above the target utilization rate for a period of twelve full months; and

d. Certification that the proposed charges for comparable procedures at the ASTC will be lower than those of the existing hospital.

7. Criterion 1110.1540(g), Charge Commitment

Read the criterion and provide:

a. A complete list of the procedures to be performed at the proposed facility with the proposed charge shown for each procedure.

b. A letter from the owner and operator of the proposed facility committing to maintain the above charges for the first two years of operation.

8. Criterion 1110.1540(h), Change in Scope of Service

Read the criterion and, if applicable, document that existing programs do not currently provide the service proposed or are not accessible to the general population of the geographic area in which the facility is located.

APPEND DOCUMENTATION AS ATTACHMENT-27, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

The following Sections DO NOT need to be addressed by the applicants or co-applicants responsible for funding or guaranteeing the funding of the project if the applicant has a bond rating of A- or better from Fitch's or Standard and Poor's rating agencies, or A3 or better from Moody's (the rating shall be affirmed within the latest 18 month period prior to the submittal of the application):

- **Section 1120.120 Availability of Funds – Review Criteria**
- **Section 1120.130 Financial Viability – Review Criteria**
- **Section 1120.140 Economic Feasibility – Review Criteria, subsection (a)**

VIII. - 1120.120 - Availability of Funds

The applicant shall document that financial resources shall be available and be equal to or exceed the estimated total project cost plus any related project costs by providing evidence of sufficient financial resources from the following sources, as applicable: **Indicate the dollar amount to be provided from the following sources:**

$8,785,126	a)	Cash and Securities – statements (e.g., audited financial statements, letters from financial institutions, board resolutions) as to: 1) the amount of cash and securities available for the project, including the identification of any security, its value and availability of such funds; and 2) interest to be earned on depreciation account funds or to be earned on any asset from the date of applicant's submission through project completion;
_____	b)	Pledges – for anticipated pledges, a summary of the anticipated pledges showing anticipated receipts and discounted value, estimated time table of gross receipts and related fundraising expenses, and a discussion of past fundraising experience.
_____	c)	Gifts and Bequests – verification of the dollar amount, identification of any conditions of use, and the estimated time table of receipts;
$4,431,370	d)	Debt – a statement of the estimated terms and conditions (including the debt time period, variable or permanent interest rates over the debt time period, and the anticipated repayment schedule) for any interim and for the permanent financing proposed to fund the project, including: 1) For general obligation bonds, proof of passage of the required referendum or evidence that the governmental unit has the authority to issue the bonds and evidence of the dollar amount of the issue, including any discounting anticipated; 2) For revenue bonds, proof of the feasibility of securing the specified amount and interest rate; 3) For mortgages, a letter from the prospective lender attesting to the expectation of making the loan in the amount and time indicated, including the anticipated interest rate and any conditions associated with the mortgage, such as, but not limited to, adjustable interest rates, balloon payments, etc.; 4) For any lease, a copy of the lease, including all the terms and conditions, including any purchase options, any capital improvements to the property and provision of capital equipment; 5) For any option to lease, a copy of the option, including all terms and conditions.
_____	e)	Governmental Appropriations – a copy of the appropriation Act or ordinance accompanied by a statement of funding availability from an official of the governmental unit. If funds are to be made available from subsequent fiscal years, a copy of a resolution or other action of the governmental unit attesting to this intent;
_____	f)	Grants – a letter from the granting agency as to the availability of funds in terms of the amount and time of receipt;
_____	g)	All Other Funds and Sources – verification of the amount and type of any other funds that will be used for the project.
$13,216,496		**TOTAL FUNDS AVAILABLE**

APPEND DOCUMENTATION AS ATTACHMENT-36, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

IX. 1120.130 - Financial Viability

All the applicants and co-applicants shall be identified, specifying their roles in the project funding or guaranteeing the funding (sole responsibility or shared) and percentage of participation in that funding.

Financial Viability Waiver

The applicant is not required to submit financial viability ratios if:

1. **"A" Bond rating or better**
2. **All of the projects capital expenditures are completely funded through internal sources**
3. **The applicant's current debt financing or projected debt financing is insured or anticipated to be insured by MBIA (Municipal Bond Insurance Association Inc.) or equivalent**
4. **The applicant provides a third party surety bond or performance bond letter of credit from an A rated guarantor.**

See Section 1120.130 Financial Waiver for information to be provided

APPEND DOCUMENTATION AS ATTACHMENT-37, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

The applicant or co-applicant that is responsible for funding or guaranteeing funding of the project shall provide viability ratios for the latest three years for which **audited financial statements are available and for the first full fiscal year at target utilization, but no more than two years following project completion.** When the applicant's facility does not have facility specific financial statements and the facility is a member of a health care system that has combined or consolidated financial statements, the system's viability ratios shall be provided. If the health care system includes one or more hospitals, the system's viability ratios shall be evaluated for conformance with the applicable hospital standards.

Provide Data for Projects Classified as:	Category A or Category B (last three years)			Category B (Projected)
Enter Historical and/or Projected Years:				
Current Ratio				
Net Margin Percentage				
Percent Debt to Total Capitalization				
Projected Debt Service Coverage				
Days Cash on Hand				
Cushion Ratio				

Provide the methodology and worksheets utilized in determining the ratios detailing the calculation and applicable line item amounts from the financial statements. Complete a separate table for each co-applicant and provide worksheets for each.

2. Variance

Applicants not in compliance with any of the viability ratios shall document that another organization, public or private, shall assume the legal responsibility to meet the debt obligations should the applicant default.

APPEND DOCUMENTATION AS ATTACHMENT 38, IN NUMERICAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

X. 1120.140 - Economic Feasibility

This section is applicable to all projects subject to Part 1120.

A. Reasonableness of Financing Arrangements

The applicant shall document the reasonableness of financing arrangements by submitting a notarized statement signed by an authorized representative that attests to one of the following:

1) That the total estimated project costs and related costs will be funded in total with cash and equivalents, including investment securities, unrestricted funds, received pledge receipts and funded depreciation; or

2) That the total estimated project costs and related costs will be funded in total or in part by borrowing because:

A) A portion or all of the cash and equivalents must be retained in the balance sheet asset accounts in order to maintain a current ratio of at least 2.0 times for hospitals and 1.5 times for all other facilities; or

B) Borrowing is less costly than the liquidation of existing investments, and the existing investments being retained may be converted to cash or used to retire debt within a 60-day period.

B. Conditions of Debt Financing

This criterion is applicable only to projects that involve debt financing. The applicant shall document that the conditions of debt financing are reasonable by submitting a notarized statement signed by an authorized representative that attests to the following, as applicable:

1) That the selected form of debt financing for the project will be at the lowest net cost available;

2) That the selected form of debt financing will not be at the lowest net cost available, but is more advantageous due to such terms as prepayment privileges, no required mortgage, access to additional indebtedness, term (years), financing costs and other factors;

3) That the project involves (in total or in part) the leasing of equipment or facilities and that the expenses incurred with leasing a facility or equipment are less costly than constructing a new facility or purchasing new equipment.

C. **Reasonableness of Project and Related Costs**

Read the criterion and provide the following:

1. Identify each department or area impacted by the proposed project and provide a cost and square footage allocation for new construction and/or modernization using the following format (insert after this page).

COST AND GROSS SQUARE FEET BY DEPARTMENT OR SERVICE

Department (list below)	A	B	C	D	E	F	G	H	Total Cost (G + H)
	Cost/Square Foot New	Cost/Square Foot Mod.	Gross Sq. Ft. New	Gross Sq. Ft. Circ.*	Gross Sq. Ft. Mod.	Gross Sq. Ft. Circ.*	Const. $ (A x C)	Mod. $ (B x E)	
Contingency									
TOTALS									

* Include the percentage (%) of space for circulation

D. Projected Operating Costs

The applicant shall provide the projected direct annual operating costs (in current dollars per equivalent patient day or unit of service) for the first full fiscal year at target utilization but no more than two years following project completion. Direct cost means the fully allocated costs of salaries, benefits and supplies for the service.

E. Total Effect of the Project on Capital Costs

The applicant shall provide the total projected annual capital costs (in current dollars per equivalent patient day) for the first full fiscal year at target utilization but no more than two years following project completion.

APPEND DOCUMENTATION AS ATTACHMENT -39, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

XI. Safety Net Impact Statement

SAFETY NET IMPACT STATEMENT that describes all of the following must be submitted for ALL SUBSTANTIVE AND DISCONTINUATION PROJECTS:

1. The project's material impact, if any, on essential safety net services in the community, to the extent that it is feasible for an applicant to have such knowledge.

2. The project's impact on the ability of another provider or health care system to cross-subsidize safety net services, if reasonably known to the applicant.

3. How the discontinuation of a facility or service might impact the remaining safety net providers in a given community, if reasonably known by the applicant.

Safety Net Impact Statements shall also include all of the following:

1. For the 3 fiscal years prior to the application, a certification describing the amount of charity care provided by the applicant. The amount calculated by hospital applicants shall be in accordance with the reporting requirements for charity care reporting in the Illinois Community Benefits Act. Non-hospital applicants shall report charity care, at cost, in accordance with an appropriate methodology specified by the Board.

2. For the 3 fiscal years prior to the application, a certification of the amount of care provided to Medicaid patients. Hospital and non-hospital applicants shall provide Medicaid information in a manner consistent with the information reported each year to the Illinois Department of Public Health regarding "Inpatients and Outpatients Served by Payor Source" and "Inpatient and Outpatient Net Revenue by Payor Source" as required by the Board under Section 13 of this Act and published in the Annual Hospital Profile.

3. Any information the applicant believes is directly relevant to safety net services, including information regarding teaching, research, and any other service.

A table in the following format must be provided as part of Attachment 43.

Safety Net Information per PA 96-0031			
CHARITY CARE			
Charity (# of patients)	**Year**	**Year**	**Year**
Inpatient			
Outpatient			
Total			
Charity (cost in dollars)			
Inpatient			
Outpatient			
Total			
MEDICAID			
Medicaid (# of patients)	**Year**	**Year**	**Year**
Inpatient			
Outpatient			
Total			

Medicaid (revenue)			
Inpatient			
Outpatient			
Total			

APPEND DOCUMENTATION AS ATTACHMENT-40, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

XII. Charity Care Information

Charity Care information MUST be furnished for ALL projects.

1. All applicants and co-applicants shall indicate the amount of charity care for the latest three **audited** fiscal years, the cost of charity care and the ratio of that charity care cost to net patient revenue.

2. If the applicant owns or operates one or more facilities, the reporting shall be for each individual facility located in Illinois. If charity care costs are reported on a consolidated basis, the applicant shall provide documentation as to the cost of charity care; the ratio of that charity care to the net patient revenue for the consolidated financial statement; the allocation of charity care costs; and the ratio of charity care cost to net patient revenue for the facility under review.

3. If the applicant is not an existing facility, it shall submit the facility's projected patient mix by payer source, anticipated charity care expense and projected ratio of charity care to net patient revenue by the end of its second year of operation.

Charity care" means care provided by a health care facility for which the provider does not expect to receive payment from the patient or a third-party payer. (20 ILCS 3960/3) Charity Care must be provided at cost.

A table in the following format must be provided for all facilities as part of Attachment 44.

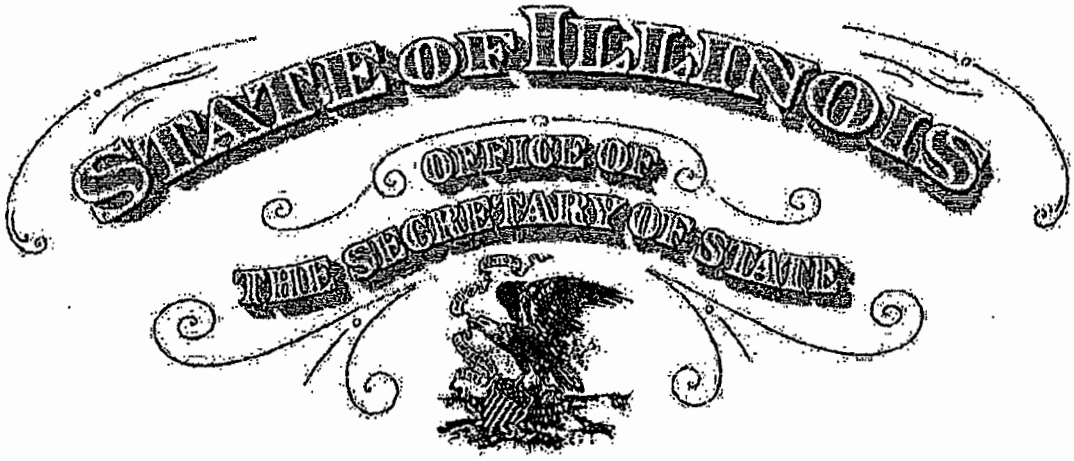
CHARITY CARE			
	Year	**Year**	**Year**
Net Patient Revenue			
Amount of Charity Care (charges)			
Cost of Charity Care			

APPEND DOCUMENTATION AS ATTACHMENT-41, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

Section I, Identification, General Information, and Certification
Applicants/Co-Applicant Identification

Certificates of Good Standing for The St. George Corporation, Palos Community Hospital, South Campus Partners, Inc., and Palos Health Surgery Center, LLC (collectively, "Palos") are attached at Attachment – 1. Palos Health Surgery Center, LLC will be the licensee and operating entity of the Surgery Center. As the person with final control over Palos Health Surgery Center, LLC, The St. George Corporation is named as an applicant on this certificate of need application.

File Number 6114-192-8



To all to whom these Presents Shall Come, Greeting:

I, Jesse White, Secretary of State of the State of Illinois, do hereby certify that I am the keeper of the records of the Department of Business Services. I certify that

Section I, Identification, General Information, and Certification
Site Owners

Attached at Attachment – 2 is a notarized statement from Palos Community Hospital attesting to ownership of the site of the proposed surgery center.

The legal description for the site parcel covered by this project is as follows:

The Southeast quarter of the Northwest quarter of Section 16, Township 36 North, Range 12 East of the Third Principal Meridian, except a tract of land described as follows: Beginning at the Southwest corner of the Southeast quarter of the Northwest quarter of said Section 16, thence East along the South line of said Southeast quarter a distance of 200 feet; thence North along a line parallel with the West line of said Southeast quarter a distance of 200 feet; thence West along a line parallel with the South line of said Southeast quarter a distance of 200 feet; thence South along the West line of said Southeast quarter a distance of 200 feet to the place of beginning; ALSO excepting that part of the Northwest quarter of said Section 16 described as follows: Beginning at a point of intersection of the West line of the East half of said Northwest quarter of Section 16 and the South right of way line of 153rd Street, according to document no. 87255318 recorded May 12, 1987; thence Easterly along the South line of said 153rd Street having an Illinois East Zone Grid bearing of North 88 degrees 01 minute 35 seconds East, a distance of 868.00 feet; thence South 01 degree 46 minutes 14 seconds East, 10.00 feet to a point on a line 60.00 feet South of, measured perpendicular to and parallel with the North line of the South half of said Northwest quarter; thence South 88 degrees 01 minute 35 seconds West, 595.25 feet along said parallel line; thence South 01 degree 46 minutes 14 seconds East, 5.00 feet to a point 65.00 feet South of, measured perpendicular to and parallel with said North line; thence South 88 degrees 01 minute 35 seconds West, 272.75 feet along said parallel line to a point on said West line of the East half of the Northwest quarter; thence North 01 degree 46 minutes 14 seconds West, 15.00 feet along said West line to the point of beginning, in Cook County, Illinois.

Kathryn Olson
Chair
Illinois Health Facilities and Services Review Board
525 West Jefferson Street, 2nd Floor
Springfield, IL 62761

Dear Chair Olson:

I hereby attest that the property included in the Palos Community Hospital South Campus Expansion project, is controlled and owned by Palos Community Hospital.

The property description is as follows:
The Southeast quarter of the Northwest quarter of Section 16, Township 36 North, Range 12 East of the Third Principal Meridian, except a tract of land described as follows: Beginning at the Southwest corner of the Southeast quarter of the Northwest quarter of said Section 16, thence East along the South line of said Southeast quarter a distance of 200 feet; thence North along a line parallel with the West line of said Southeast quarter a distance of 200 feet; thence West along a line parallel with the South line of said Southeast quarter a distance of 200 feet; thence South along the West line of said Southeast quarter a distance of 200 feet to the place of beginning; ALSO excepting that part of the Northwest quarter of said Section 16 described as follows: Beginning at a point of intersection of the West line of the East half of said Northwest quarter of Section 16 and the South right of way line of 153rd Street, according to document no. 87255318 recorded May 12, 1987; thence Easterly along the South line of said 153rd Street having an Illinois East Zone Grid bearing of North 88 degrees 01 minute 35 seconds East, a distance of 868.00 feet; thence South 01 degree 46 minutes 14 seconds East, 10.00 feet to a point on a line 60.00 feet South of, measured perpendicular to and parallel with the North line of the South half of said Northwest quarter; thence South 88 degrees 01 minute 35 seconds West, 595.25 feet along said parallel line; thence South 01 degree 46 minutes 14 seconds East, 5.00 feet to a point 65.00 feet South of, measured perpendicular to and parallel with said North line; thence South 88 degrees 01 minute 35 seconds West, 272.75 feet along said parallel line to a point on said West line of the East half of the Northwest quarter; thence North 01 degree 46 minutes 14 seconds West, 15.00 feet along said West line to the point of beginning, in Cook County, Illinois.

Sincerely,

Terrence Moisan, M.D.
President
Palos Community Hospital

OFFICE OF THE SECRETARY OF STATE

To all to whom these Presents Shall Come, Greeting:

I, Jesse White, Secretary of State of the State of Illinois, do hereby certify that I am the keeper of the records of the Department of Business Services. I certify that

PALOS HEALTH SURGERY CENTER, LLC, HAVING ORGANIZED IN THE STATE OF ILLINOIS ON DECEMBER 22, 2016, APPEARS TO HAVE COMPLIED WITH ALL PROVISIONS OF THE LIMITED LIABILITY COMPANY ACT OF THIS STATE, AND AS OF THIS DATE IS IN GOOD STANDING AS A DOMESTIC LIMITED LIABILITY COMPANY IN THE STATE OF ILLINOIS.

In Testimony Whereof, *I hereto set my hand and cause to be affixed the Great Seal of the State of Illinois, this* 27TH *day of* DECEMBER *A.D.* 2016 .

Authentication #: 1636201180 verifiable until 12/27/2017
Authenticate at: http://www.cyberdriveillinois.com

Dear Ms. Cooper:

This letter is to inform you that we have reviewed the information provided concerning the referenced project.

Our review of the records indicates that no historic, architectural or archaeological sites exist within the project area.

Please retain this letter in your files as evidence of compliance with Section 4 of the Illinois State Agency Historic Resources Preservation Act (20 ILCS 3420/1 et. seq.). This clearance remains in effect for two years from date of issuance. It does not pertain to any discovery during construction, nor is it a clearance for purposes of the Illinois Human Skeletal Remains Protection Act (20 ILCS 3440).

If you have any further questions, please contact me at 217/785-5031.

Sincerely,

Rachel Leibowitz, Ph.D.
Deputy State Historic
Preservation Officer

Section III, Background, Purpose of the Project, and Alternatives
Criterion 1110.230, Background

The Applicants are fit, willing and able, and have the qualifications, background and character to adequately provide a proper standard of health care services for the community. This project is for the establishment of a multi-specialty ambulatory surgery treatment center with four operating rooms and sixteen recovery stations to be located at the Palos Community Hospital South Campus in Orland Park, Illinois (the "Surgery Center"). The proposed Surgery Center is a component of focused planning to respond to the evolving health care needs of an aging population.

Improving Access to Tertiary Care

With the passage of the Patient Protection and Affordable Care Act ("ACA") in 2010, the health care delivery system is in the midst of a paradigm shift with the transition to value based reimbursement, consumerism, high deductibles and payer controlled referrals. Recognizing the challenges presented by this fundamental change in health care delivery, Palos Community Hospital and Loyola University Medical Center entered into an innovative affiliation in 2015. With a focus on coordinated and collaborative patient care, the affiliation presents a new way to build a network of care that doesn't involve mergers, acquisitions or consolidations, a trend in today's evolving health care landscape. The affiliation allows both organizations to respond to the challenges of health care reform, share research and expand training and educational opportunities. By providing complementary services, both systems will avoid unnecessary and costly duplication of services in the future. Patients will also benefit from both providers working from the same electronic medical record platform to improve quality and outcomes and ensure seamless collaboration. It gives patients greater access to Loyola's renowned specialty care services, such as neurosciences and oncology, while ensuring continued access to Palos' primary care network.

Transition from Hospital-Based Outpatient Care to Ambulatory Surgery Centers

As demonstrated by recently approved certificate of need permits for Northwest Endo Center, Silver Cross Ambulatory Surgery Center, Rush Oak Brook Surgery Center, and Presence Lakeshore Gastroenterology, ambulatory surgery centers have quickly grown in popularity as high-quality, cost-effective alternatives to hospital-based outpatient care ("HOPD"). Further, the number and types of services that can be safely performed in an ambulatory surgery centers have significantly expanded. A once narrow scope of procedures has given way to numerous specialties. Additionally, specialties, like gynecology, spine and total joint replacement, which have not traditionally considered or adapted to an ambulatory surgery center setting are migrating away from the hospital setting, and such cases are now routinely performed in ambulatory surgery centers.

In addition to being safely performed in an ambulatory surgery center setting, many properly screened lower-risk cases can be performed with significant cost savings. According to MedPac, the Medicare rates are 79 percent higher in HOPDs than in ambulatory surgery centers.[1] From a logistical perspective, shifting cases from hospital operating rooms to ambulatory surgery centers frees up scarce operating room space to better accommodate

[1] Medicare Payment Advisory Commission, Report to Congress: Medicare Payment Policy 129 (Mar 2016) *available at* http://www.medpac.gov/docs/default-source/reports/march-2016-report-to-the-congress-medicare-payment-policy.pdf?sfvrsn=0 (last visited Nov. 21, 2016).

higher acuity cases and mitigates disruptions when procedures take longer than expected to complete. Further greater access to ambulatory surgery center is beneficial to both patients and physicians. Ambulatory surgery centers can offer greater convenience and efficiency compared with HOPDs. For patients, ambulatory surgery centers offer more convenient locations, shorter waiting times, and easier scheduling relative to HOPDs. For physicians, ambulatory surgery centers offer more control over their work environment and specialized staff. Finally, as previously noted, Medicare payment rates and beneficiaries' cost sharing obligations are generally lower in ambulatory surgery centers than HOPDs.[2]

1. A list of all health care facilities, as that term is defined in 20 Ill. Comp. Stat 3960/3, owned or operated by the Applicants in Illinois, including licensing and certification information is attached at Attachment – 11A.

2. Certification that no adverse action has been taken against any of the Applicants, any health care facilities owned or operated by the Applicants in Illinois, or officer/director of the Applicants within three years preceding the filing of this application is attached at Attachment – 11B.

3. Neither the Centers for Medicare and Medicaid Services nor the Illinois Department of Public Health ("IDPH") has taken any adverse action involving civil monetary penalties or restriction or termination of participation in the Medicare or Medicaid programs against any of the applicants, or against any Illinois health care facilities owned or operated by the Applicants, directly or indirectly, within three years preceding the filing of this application.

4. An authorization permitting the State Board and IDPH access to any documents necessary to verify information submitted, including, but not limited to: official records of IDPH or other State agencies and the records of nationally recognized accreditation organizations is attached at Attachment – 11B.

Kathryn J. Olson, Chair
Illinois Health Facilities and Services Review Board
525 West Jefferson Street, 2nd Floor
Springfield, Illinois 62761

RE: Background of Applicant

Dear Chair Olson:

The following information addresses the requirements of criterions 1110.230:

1. Health care facilities, as that term is defined in 20 Ill. Comp. Stat. 3960/3, owned or operated by the applicants:

   Palos Community Hospital
   License Identification Number: 0003210

2. Proof of current licensure and accreditation is attached

3. No adverse action has been taken directly or indirectly against any Applicants or any above facility, owner, officer/director, manager of the Applicants, nor does any such person have any adverse criminal or civil ruling, decision, etc. that would preclude them from owning and operating a health care facility.

4. Pursuant to 77 Ill. Admin. Code § 1110.1540(b)(3)(J), I hereby authorize the Illinois Health Facilities and Services Review Board ("HFSRB") and the Illinois Department of Public Health ("IDPH") access to any documents necessary to verify information submitted as part of this application for permit. I further authorize HFSRB and IDPH to obtain any additional information or documents from other government agencies which HFSRB or IDPH deem pertinent to process this application for permit.

Sincerely,

Terrence Moisan, M.D.
President
The St. George Corporation

BARBARA J. MEDLEY
NOTARY PUBLIC, STATE OF ILLINOIS
MY COMMISSION EXPIRES 12/29/2017

Subscribed and sworn to me
This 21st day of December 2016

Barbara J. Medley
Notary Public

Section III, Background, Purpose of the Project, and Alternatives
Criterion 1110.230(a), Purpose of the Project

1. The Applicants propose to establish an Ambulatory Surgery Treatment Center.

   The purpose of this project is to improve access and quality of care for patients in the broad geographic area served by Palos. The project will improve access in Planning Area A-04 to ambulatory surgical care. Access to ambulatory surgical care is essential to the overall well-being of the communities Palos services, particularly in light of the aging population and the co-morbidities associated with the shifting age cohort. It is anticipated to provide improved access to quality, coordinated, efficient and cost effective services for the residents of the Southwest Suburban communities of metropolitan Chicago.

2. A map of that service area is attached at Attachment – 12A. The service area consists of those Illinois areas within 45 minutes normal travel time of Palos Health Surgery Center, LLC. Travel times to and from Palos Health Surgery Center, LLC to the market area borders are as follows:

   - East: Approximately 36 minutes normal travel time to Indiana border.
   - Southeast: Approximately 45 minutes normal travel time to Indiana border.
   - South: Approximately 45 minutes normal travel time to Bourbonnais, IL.
   - Southwest: Approximately 45 minutes normal travel time to Braidwood.
   - West: Approximately 45 minutes normal travel time to Yorkville, IL.
   - Northwest: Approximately 45 minutes normal travel time to West Chicago, IL.
   - North: Approximately 45 minutes normal travel time to DesPlaines, IL.
   - Northeast Approximately 45 minutes normal travel time to Chicago, IL.

3. Outpatient or "ambulatory" surgery in the United States has expanded substantially since the late 1990s. Changes in population demographics, disease prevalence, Medicare and other payor coverage decisions and technology advancements have all contributed to the growth. Procedures that only a few years ago required major incisions, long-acting anesthetics and extended convalescence can now be safely performed in ASCs.

4. The Surgery Center will allow Palos and Loyola to shift appropriate procedures from their hospital outpatient surgical departments (HOPD) to the Surgery Center. For many patients, this location will be closer to home. As set forth in a letter from the ASC Advocacy Committee to Secretary Sebellius regarding the implementation of a value-based purchasing system for ASTCs, ASTCs are efficient providers of surgical services. ASTCs provide high quality surgical care, excellent outcomes and a high level of patient satisfaction at a lower cost than HOPDs. Surgical procedures performed in an ASTC are reimbursed at a lower rate than HOPDs and result in lower out-of-pocket expenses for patients. In fact, based on the payors desire to cover certain procedures only in the ASTC setting, United Healthcare has announced prior authorization guidelines which generally require simple procedures to be performed in an ASTC rather than an HOPD except in exceptional circumstances. Furthermore, patients often report an enhanced experience at ASTCs compared to HOPDs due, in part, to easier access to parking, shorter waiting times and ease of access into and out of the operating rooms. Finally, surgeons are more often efficient in an ASTC due to faster turnover of operating rooms, designated surgical times without risk of delay due to more urgent procedures and specialized nursing staff.

Section III, Background, Purpose of the Project, and Alternatives
Criterion 1110.230(c), Alternatives

Alternatives

In addition to maintaining the status quo, the Applicants explored three options prior to determining to establish the Surgery Center. The options considered are as follows:

- Locate the Surgery Center on the Palos Community Hospital main campus;
- Locate the Surgery Center elsewhere in the geographic service area; and
- Establish the Surgery Center on the South Campus of Palos Community Hospital in the new MOB.

After exploring these options, which are discussed in more detail below, the Applicants decided to establish the proposed Surgery Center. A review of each of the options considered and the reasons they were rejected follows.

Establish Surgery Center on the Palos Main Campus

The Applicants considered constructing a Surgery Center on Palos' main campus in Palos Heights.

Although Palos' main campus is located in Palos Heights, its geographic service area is centered in Orland Park. [The patients anticipated to utilize the Surgery Center similarly will be from the communities surrounding the South Campus. Developing ASTC services on the South Campus allows for the expansion of facilities to more fully expand Palos' affiliation with Loyola through the development of physician office space and radiation therapy services. Loyola has projected the placement of 25 FTE physicians in multiple specialties all with demonstrated market need to be located on the South Campus. Palos continues to grow its primary care and specialist physician complement as well. This mix of academic and community based physicians will allow patients to receive high quality coordinated care from two highly regarded health care systems at a lower cost to patients and payers through integration that will reduce duplicative treatments and testing.

Establish the Surgery Center Elsewhere in the Geographic Service Area

Recognizing the growing demand for outpatient care and in response to population growth, Palos was among the first hospitals in the area to expand to satellite facilities. In 1985, Palos established its primary care center satellite facility on the South Campus. Subsequent expansions in 1988 and 1999, expanded the services offered on the South Campus to include quality diagnostic treatment services for both medical and behavioral issues while assuring the presence of an excellent primary care and specialist physician complement. Today, the South Campus houses the Immediate Care Center, outpatient lab and imaging services, outpatient behavioral health services, including partial hospitalization and chemical dependency programs, pharmacy, infusion and cancer treatment services, and more than 70 physician and dentist offices. The proposed Surgery Center will complement the existing services already provided on the South Campus.

Establishing a surgery center elsewhere in the geographic service area will result in unnecessary and costly duplication of services. It is counter to the goals of the affiliation to provide the right service for the patient at the right location at the right time. Loyola projects the placement of 25 FTE physicians in multiple specialties all with demonstrated market need to be located on the South Campus. Palos continues to grow its primary care and specialist physician complement as well. The mix of academic and community based physicians will allow patients to receive high quality coordinated care from two highly regarded health care systems at a lower cost to patients and payers.

Establishing a surgery center elsewhere in the geographic service area would result in unnecessary and costly duplication of services and is contrary to the goals of the Palos-Loyola affiliation. Accordingly, this alternative was rejected.

Establish the Surgery Center

As previously noted, Palos recognized the growing demand for outpatient services and was one of the first hospitals in the area to expand to satellite facilities. In 1985, Palos established its primary care center satellite facility on the South Campus. Subsequent expansions in 1988 and 1999, expanded the services offered on the South Campus to include quality diagnostic treatment services for both medical and behavioral issues while assuring the presence of an excellent primary care and specialist physician complement. Today, the South Campus houses the Immediate Care Center, outpatient lab and imaging services, outpatient behavioral health services including partial hospitalization and chemical dependency programs, pharmacy, infusion and cancer treatment services, and more than 70 physician and dentist offices. The proposed Surgery Center will complement the existing services already provided on the South Campus.

The Surgery Center will allow for the expansion of facilities to more fully develop the Palos-Loyola affiliation. Loyola has projected the placement of 25 FTE physicians in multiple specialties all with demonstrated market need to be located on the South Campus. Palos continues to grow its primary care and specialist physician complement as well. This mix of academic and community based physicians will allow patients to receive high quality coordinated care from two highly regarded health care systems at a lower cost to patients and payers.

To better serve the evolving health care needs of the residents of the Southwest Suburban community of metropolitan Chicago, the Applicants decided to establish the proposed Surgery Center. The estimated cost of this alternative is $13,216,496.

Section IV, Project Scope, Utilization, and Unfinished/Shell Space
Criterion 1110.234(a), Size of the Project

Size of the Project

The Project proposes to establish an ASTC with four operating rooms and sixteen recovery stations. Pursuant to Section 1110, Appendix B of the HFSRB's rules, the State standard is 2,075 to 2,750 gross square feet per operating room or 8,300 gross square feet to 11,000 gross square feet for 4 operating rooms. The gross square footage of clinical space will be 6,545 gross square feet. Accordingly, the size of the Surgery Center is below the State standard.

Section IV, Project Scope, Utilization, and Unfinished/Shell Space
Criterion 1110.234(d), Unfinished Shell Space

Project Services Utilization

By the first year after project completion, the Surgery Center's annual utilization shall meet or exceed HFSRB's utilization standards. Pursuant to Section 1110, Appendix B of the HFSRB's rules, utilization for ASTCs is based upon 1,500 hours per operating room or 4,500+ hours for four operating rooms. Based upon historical utilization and projected procedures documented in the physician referral letters attached at Appendix - 1, approximately 4,141 procedures (or 4,737.86 surgical hours) will be performed at the Surgery Center within the one year after project completion. Accordingly, there are sufficient projected surgical hours to support the need for four operating rooms.

The estimated procedure time, including prep and clean-up is provided in the table below.

Table 1110.234(b)
UTILIZATION

	Cases	Surgery Time	Prep & Clean-Up Time	Total Surgery Time	Average Case Time
Gastroenterology	821	320.22	336.22	656.45	0.80

Section IV, Project Scope, Utilization, and Unfinished/Shell Space
Criterion 1110.234(c), Unfinished or Shell Space

This project will not include unfinished space designed to meet an anticipated future demand for service. Accordingly, this criterion is not applicable.

Section IV, Project Scope, Utilization, and Unfinished/Shell Space
Criterion 1110.234(e), Assurances

This project will not include unfinished space designed to meet an anticipated future demand for hospital services. Accordingly, this criterion is not applicable.

Section VII, Service Specific Review Criteria
Non-Hospital Based Ambulatory Surgery
Criterion 1110.1540(c) – Service to Geographic Area Residents

1. Attached as Attachment – 27a is a map outlining the intended geographic service area (GSA) for the proposed Surgery Center. As set forth in Criterion 1110.230, Palos Health Surgery Center will serve residents of Orland Park and its surrounding communities within 45 minutes normal travel time of the proposed site. Accordingly, the intended GSA consists of those areas within 45 minutes normal travel time of the proposed site.

2. Table 1110.154 (c)(2)(A) below lists the zip code areas that comprise the GSA of Palos Health Surgery Center.

Section VII, Service Specific Review Criteria
Non-Hospital Based Ambulatory Surgery
Criterion 1110.1540(d) – Service Demand

Physician referral letters providing historical referral data for the period from 06/2015 to 06/2016 for each physician who intends to perform surgery at the Surgery Center and his/her projected number of referrals to the Surgery Center are attached at Appendix – 1. Zip Code data for historical patients is also included with these letters. As documented in Attachment -15, the referring physicians project to perform 4,517 hours of surgical procedures in the first year after project completion. Accordingly, four operating rooms are necessary to service the projected patient volume.

Section VII, Service Specific Review Criteria
Non-Hospital Based Ambulatory Surgery
Criterion 1110.1540(f) – Treatment Room Need Assessment

1. The Applicants propose to establish a multi-specialty ASTC. The State Board standard is 1,500 per operating room, or 4,501 hours for four operating rooms. As documented in Appendix – 1, 4,451 surgical procedures are projected to be performed in the first year after project completion. The Applicant estimates procedures performed at the Surgery Center will constitute 4,738 surgical hours. Accordingly, the proposed number of operating rooms is necessary to serve the projected patient volume.

2. The estimated time per procedure including clean–up and set-up time is shown in the table below. This figure is based on experienced historical data.

Table 1110.1540(f)
Treatment Room Need Assessment

	Cases	Surgery Time	Prep & Clean-Up Time	Total Surgery Time	Average Case Time
Gastroenterology	821	320.22	336.22	656.45	0.80
General/Other	640	486.28	200.77	687.05	1.07
Obstetrics/Gynecology	235	125.38	99.03	224.40	0.95
Ophthalmology	944	373.83	277.82	651.65	0.69
Oral/Maxillofacial	8	5.13	3.22	8.35	1.04
Orthopedic	701	630.32	314.52	944.84	1.35
Plastics	386	598.40	217.94	816.33	2.11
Pain Management	195	54.77	42.16	96.93	0.50
Podiatry	95	84.39	53.64	138.03	1.45
Otolaryngology	119	96.12	43.05	139.17	1.17
Urology	307	235.87	138.78	374.66	1.22
Total	**4,451**	**3,011**	**1,727**	**4,737.86**	**1.06**

Section VII, Service Specific Review Criteria
Non-Hospital Based Ambulatory Surgery
Criterion 1110.1540(g), Service Accessibility

Cooperative Venture

1. The Palos Health Surgery Center is a cooperative venture and, based on that, meets the Service Accessibility criterion of the State Board's rules. Palos Community Hospital is a co-applicant to the CON permit application for the proposed Surgery Center. The Palos hospital GSA for outpatient services is closely aligned with the service area of the proposed Surgery Center. The proposed Surgery Center will be housed within the recently approved medical office building located on Palos' South Campus in Orland Park. As noted in Palos Community Hospital's recent application for the South Campus medical office building, the South Campus is centrally located within Palos Hospital's primary service area. See Attachment – 27B. Accordingly, Palos Community Hospital currently provides outpatient services to the population of the Surgery Center's GSA, and these service areas are generally reflective of Palos' outpatient hospital services.

2. The proposed project is a collaboration between Palos Community Hospital and Loyola University Health System ("Loyola"). As reflected in the State Board's published annual hospital report, utilization of Loyola's surgical program increased by 7%, and its operating rooms have operated well over 100% for over 4 years. In 2015, physicians performed over 72,000 hours of surgery in Loyola's operating rooms and procedure rooms, over 35% above the State Board standard of 1,500 hours. Similarly, utilization of Palos' surgical program increased 18% over that same four year period. At Palos Community Hospital, physicians performed over 26,000 surgery hours in 2015. Thirteen of the operating rooms are operating at the State Board standard, and the fourteenth room is necessary for overflow on days with heavy surgical volumes to avoid backlogs and delay. Similarly, the four endoscopy rooms are operating at target utilization with a fifth non-dedicated procedure room utilized for minor procedures that are inappropriate for an operating room and do not involve endoscopic procedures. Thus, the hospital programs which expect to transfer cases to the proposed surgery center are effectively operating at target capacity.

   The Surgery Center will allow Palos and Loyola to shift appropriate procedures from their HOPDs to the Surgery Center. For many patients, this location will be closer to home. ASTCs are efficient providers of surgical services and provide high quality surgical care, excellent outcomes and a high level of patient satisfaction at a lower cost than HOPDs. Surgical procedures performed in an ASTC are reimbursed at a lower rate than HOPDs and result in lower out-of-pocket expenses for patients. In fact, based on the payor's desire to cover certain procedures only in the ASTC setting, United Healthcare has announced prior authorization guidelines which generally require simple procedures to be performed in an ASTC rather than an HOPD except in exceptional circumstances. See Attachment – 27C. Furthermore, patients often report an enhanced experience at ASTCs compared to HOPDs due, in part, to easier access to parking, shorter waiting times and ease of access into and out of the operating rooms. Finally,

surgeons are more often efficient in an ASTC due to faster turnover of operating rooms, designated surgical times without risk of delay due to more urgent procedures and specialized nursing staff.

3. Palos agrees not to increase its surgical/treatment room capacity until the proposed Surgery Center's surgical/treatment rooms are operating at or above 1,500 surgical hours for a period of at least 12 consecutive months.

4. With regard to a comparison of reimbursement between the Palos and Loyola and the Surgery Center, not only will the proposed charges for comparable procedures at the Surgery Center be generally lower than those of Palos and Loyola for the same procedures, but Medicare payment rates for ASCs are on average 55% of what CMS pays hospitals. This comparison helps demonstrate the value provided by the proposed Surgery Center.

UnitedHealthcare®

Prior Authorization Requirement for Certain Surgical Procedures

Overview

As we continue to work toward the Triple Aim of better care, better health and lower costs for UnitedHealthcare members, we are expanding our prior authorization requirement for certain surgical procedures to be covered in an outpatient hospital setting to include the following procedures, effective for dates of service on or after Oct. 1, 2016 in most states. In Illinois, the effective date is Dec. 1, 2016.

Cardiovascular	36561	36590		
Cosmetic and Reconstructive	13101	13132	14040	14060
	14301	21552	21931	
Ear, Nose and Throat	21320	30140	30520	69436
	69631			
Hernia	49505			
Miscellaneous	20680			
Ophthalmology	65426	65730	65855	66170
	66761	67028	67036	67040
	67228	67311	67312	
Urology	54161	55040	55700	

Important clarification: In previous communications about this requirement, CPT code 66180 was included. Prior authorization will not be required for CPT code 66180.

Effective Oct. 1, 2016, we are also expanding this requirement to UnitedHealthcare Community Plan Medicaid members in Delaware, to include the full list of codes already in scope for this prior authorization requirement as well as these additional procedures.

When you request prior authorization for these procedures, we will work with care providers based on the terms of the member's benefit plan to determine whether the site of service is medically necessary or if the procedure may safely and effectively be performed in a more cost-effective setting, such as an ambulatory surgery center. Coverage determinations take into account the availability of a participating facility, specialty requirements, physician privileges and whether a member has individual needs that require more intensive services.

You do not need to request prior authorization to perform these procedures in a network ambulatory surgery center unless the patient is a member of a health plan that already requires it to evaluate the medical necessity of the procedure in any setting.

As a reminder, many UnitedHealthcare plans already require physicians to request prior authorization to perform certain surgical procedures in an outpatient hospital setting in most states. The requirement applies to members of the following UnitedHealthcare Commercial plans, including Exchange plans:

- Golden Rule Insurance Company (group 902667)
- Mid-AtlanticMD Healthplan Individual Practice Association, Inc. (M.D. IPA) or Optimum Choice, Inc. plans
- Neighborhood Health Partnership*
- UnitedHealthcare of the River Valley*
- UnitedHealthcare Oxford*
- UnitedHealthcare
- UnitedHealthcare Life Insurance Company (group 755870)

*Neighborhood Health Partnership, UnitedHealthcare Oxford and UnitedHealthcare of the River Valley plans require prior authorization requests to evaluate medical necessity for procedures provided in any setting other than a physician's office. Site of service will now be reviewed as part the existing prior authorization review process for these procedures to be performed in an outpatient hospital setting.

The requirement also applies to Medicaid members enrolled in UnitedHealthcare Community Plan, excluding Medicare Dual Special Needs Plans (DSNPs) and Medicare Medicaid Plans (MMPs), in the following states:

- Arizona
- Maryland
- New Mexico
- New York
- Pennsylvania
- Rhode Island
- Tennessee
- Washington

Effective Oct. 1, 2016, we will also implement this requirement for UnitedHealthcare Community Plan in Delaware to include the full list of codes that currently in scope for this requirement, as outlined below, as well as the procedure codes being added at this time.

The following procedures already require site of service medical necessity reviews to be performed in an outpatient hospital setting:

Abdominal Paracentesis	49083			
Carpal Tunnel	64721			
Cataract	66821	66982	66984	
Gynecology	57522	58353	58558	58563
	58565			
Hernia Repair	49585	49587	49650	49651
	49652	49653	49654	49655
Liver Biopsy	47000			
Tonsillectomy & Adenoidectomy	42820	42821	42825	42826
	42830			
Upper & Lower Gastrointestinal Endoscopy	43235	43239	43249	45378
	45380	45384	45385	
Urology	50590	52000	52005	52204
	52224	52234	52235	52260
	52281	52310	52332	52351
	52352	52353	52356	57288

Site of service medical necessity reviews are part of our prior authorization process that supports member benefit plans and state Medicaid guidelines requiring care to be medically necessary as well as cost-effective. Ambulatory surgery centers frequently offer significant cost savings compared with a hospital setting, which can help many of our members save on out-of-pocket costs. Ambulatory surgery centers may provide more convenient care experiences for patients, as well.

As health care continues to evolve and consumers increasingly demand a wider range of quality, cost effective options for their health care services, we anticipate a continued focus on place of service. We encourage you to review network ambulatory surgery centers in your area and obtain privileges with those centers that best meet your needs and your patients' needs.

Standard prior authorization processes and protocols apply. If you do not notify us or complete the prior authorization process before performing a service that is subject to notification/prior authorization requirements, claims will be denied, and the member cannot be billed for the service. If prior authorization is denied due to lack of medical necessity, members can be billed for the service to be performed in an outpatient hospital setting if the physician obtains adequate written consent from the member per our protocols.

Please reference the following answers to frequently asked questions to learn more about these requirements.

Frequently Asked Questions

Q1. Why did UnitedHealthcare choose these procedures for site of service reviews?

A. We conducted careful clinical reviews to determine which procedures are clinically appropriate to be performed at a network ambulatory surgery center for most members. We took into consideration the terms of our members' benefit plans, and any applicable state Medicaid guidelines, that require care to be medically necessary, including cost-effective. We also considered the patient care experience and significant out-of-pocket costs to UnitedHealthcare commercial members when these procedures are done in a hospital setting.

Q2. What information is considered as part of the site of service medical necessity review?

A. Clinical reviews evaluate the availability of a participating facility, specialty requirements, physician privileges and whether a member has individual needs that require more intensive services. Please provide any information you would like for us to consider at the time you submit your prior authorization request.

Q3. What happens if one of these procedures is already scheduled to be performed in an outpatient hospital setting after the effective date?

A. We are committed to working with physicians to make this transition smooth for their practice and their patients who are UnitedHealthcare members. If one of these procedures is scheduled to be performed on or after the effective date, you will need to request prior authorization. In some cases, this may mean you and your patient decide to move a procedure to a participating ambulatory surgery center to align with the coverage determination.

Q4. How can I find participating ambulatory surgery centers in my area?

A. For UnitedHealthcare commercial plans, participating ambulatory surgery centers can be found in the UnitedHealthcare Physician Directory at **UnitedHealthcareOnline.com > Physician Directory > General Physician Directory**:

- When you click on the link, a new tab will open in your browser.
- Select the applicable health plan.
- You will then see a variety of search options. Look for the "Ambulatory Surgicenter" link under "Search by Facility Type."

For UnitedHealthcare Community Plan:

- Go to **UnitedHealthcareOnline.com > Physician Directory > Medicaid and other State Programs Physician Directory.**
- The "Find a Doctor" tool will open in a new window on your browser. The column on the left offers the option to search for facilities. Under "Type of Facility," select "All Facilities."
- For some plans, a drop-down menu will offer the option to choose specialty; if so, choose "ambulatory surgery center." For plans where there is not a drop-down menu option, you can still narrow your search by typing, "surg" into the facility name search box.
- Click on "Find Facility." Search results will indicate if a facility is an ambulatory surgery center.

You can also contact UnitedHealthcare Network Management or the phone number on the back of the patient's UnitedHealthcare member identification card for assistance. Additionally, when you submit a request for prior authorization, we will determine whether a network ambulatory surgical center is available within a reasonable service area and provide that information.

Q5. What happens if the nearest in-network ambulatory surgery center is a long distance for the patient to travel or does not have the equipment or resources for the planned procedure?

A. We realize there may be instances when a UnitedHealthcare member does not have geographic access to a participating ambulatory surgery center that has the necessary resources to provide the care they need. In such cases, the procedure will be authorized at a network outpatient hospital.

Q6. What if a patient has co-morbid medical conditions that may pose increased risks if a procedure is performed at an ambulatory surgery center?

A. We recognize that some patients require more complex care or may not meet facility requirements to receive care in an ambulatory surgery center. Our medical necessity review process is patient-centered and evaluates individual patient needs in conjunction with their benefit plans and applicable, state Medicaid guidelines. Our reviews consider and encourage your submission of any information that may indicate a need for procedures to be performed at an outpatient hospital setting.

Q7. What if I do not have privileges at a participating ambulatory surgery center?

A. If you do not have privileges at a network ambulatory surgery center, please provide that information when requesting prior authorization. At this time, we will not deny coverage at an outpatient hospital if you do not have privileges at a network ambulatory surgery center. As with all requirements, we will continue to evaluate and make adjustments as appropriate. We strongly recommend that you obtain ambulatory surgery center privileges if you do not already have them. As health care continues to evolve and members increasingly ask for a wider range of options for their health care services, we anticipate a continued focus on place of service as part of our clinical review process.

Q8. What effect do these requirements have on a patient's insurance coverage and payments?

A. Site of service medical necessity review requirements align with our member benefit plan requirements and applicable state Medicaid guidelines related to medically appropriate and cost-effective care. If an outpatient hospital site of service is determined to be medically necessary and cost-effective, it will be covered. If coverage is denied based on our review, the member cannot be billed for the service in an outpatient hospital setting unless you obtain appropriate written consent from the member in accordance with our protocols. If you do not complete the prior authorization process before performing a procedure at an outpatient hospital setting, claims will be denied, and the member cannot be billed for the service.

Q9. If I have privileges at both a hospital and a participating ambulatory surgery center, will my request for prior authorization at an outpatient hospital site of service be denied?

A. Coverage determinations are patient-centered and take into account any information you submit that might indicate a patient has a clinical need for services in an outpatient hospital setting. If, based on the information provided, it is determined that the outpatient hospital site of service is not medically necessary, the request for the procedure to be covered in that setting would be denied.

Q10. Do these requirements apply to colonoscopy procedures that are preventive?

A. You are not required to request prior authorization for preventive colonoscopies. This includes preventive colonoscopy services that turn into diagnostic procedures upon performing the surgery.

If you have additional questions, please contact your local Network Management representative or call the customer service phone number on the back of the member's health care identification card. Thank you.

Insurance coverage provided by or through UnitedHealthcare Insurance Company, All Savers Insurance Company or its affiliates. b. A list of all existing and approved health care facilities located within the Palos Health Surgery Center, LLC GSA that provide the surgical services proposed by the project is attached at Attachment – 27E.

2. Maldistribution of Services

a. Ratio of Stations to Population

As shown in Table 1110.1540(h)(2)(A), the ratio of operating and procedure rooms to population is 58% of the State Average.

Table 1110.1540(h)(2)(A) Ratio of Stations to Population			
	Population	**Operating & Procedures Rooms**	**Operating & Procedure Rooms to Population**
Geographic Service Area	5,286,323	499	1:10,593
State	12,830,632	3,054	1:4,201

b. Sufficient Population to Achieve Target Utilization

The Applicants propose to establish a surgery center with four operating rooms. To achieve the State Board standard of 1,500 hours per operating room within the first year after project completion, the Applicants would need over 4,126 patient referrals. As set forth above in Table 1110.1540(d), the referring physicians historically perform 17,435 procedures annually. Once the Surgery Center is operational, the referring physicians anticipate performing an adequate volume of procedures at the facility to reach target utilization after the second year of project completion.

3. Impact to Other Providers

a. The Surgery Center will not have an adverse impact on existing facilities in the GSA.

b. The proposed facility will not lower the utilization of other area providers that are operating below the occupancy standards.

Section VII, Service Specific Review Criteria
Non-Hospital Based Ambulatory Surgery
Criterion 1110.1540(i), Staffing

Palos Health Surgery Center, LLC will be staffed in accordance with all State and Medicare staffing requirements. Palos Health Surgery Center, LLC will be staffed as follows:

- Administrator (1 FTE)
- Director of Nursing (1 FTE)
- Operating Room Staffing
    - Operating Room RNs (4 FTEs)
    - Surgical Technologist (4 FTEs)
    - Central Supply Technologist (1 FTE)
    - Materials Manager (1 FTE)
    - Radiology Technologist (1 FTE)
- Preoperative/Post Operative Unit
    - Pre/Post Operative RNs (4 FTEs)

Section VII, Service Specific Review Criteria
Non-Hospital Based Ambulatory Surgery
Criterion 1110.1540(g), Charge Commitment

a. A list of the procedures to be performed at Palos Health Surgery Center, LLC with the proposed charges is provided in Table 1110.1540(g) below.

Table 1110.1540(g)
Palos Health Surgery Center, LLC Fee Schedule[1]

CPT Code	Description	Charge
29881	Arthroscopy, knee, surgical; with meniscectomy (medial OR lateral, including any meniscal shaving)	$17,390
29880	Arthroscopy, knee, surgical; with meniscectomy (medial AND lateral, including any meniscal shaving)	$17,839
29827	Arthroscopy, shoulder surgical; decompression of subacromial space with partial acromioplasty, with coracoacromial ligament release, when performed	$23,701
64721	Carpal Tunnel Release	$10,162
20680	Removal of implant, deep	$10,852
62311	Injection, single (not via indwelling catheter), not including neurolytic substances, with or without contrast (for either localization or epidurography), of diagnostic or therapeutic substance(s) (including anesthetic, antispasmodic, opioid, steroid, other solution), epidural or subarachnoid; lumbar, sacral (caudal)	$4,846
62310	Injection, single (not via indwelling catheter), not including neurolytic substances, with or without contrast (for either localization or epidurography), of diagnostic or therapeutic substance(s) (including anesthetic, antispasmodic, opioid, steroid, other solution), epidural or subarachnoid; cervical or thoracic	$3,388
64483	Injection(s), anesthetic agent and/or steroid, transforaminal epidural, with imaging guidance (fluoroscopy or CT); lumbar or sacral, single level	$3,161
64490	Injection(s), diagnostic or therapeutic agent, paravertebral facet (zygapophyseal) joint (or nerves innervating that joint) with image guidance (fluoroscopy or CT), cervical or thoracic; single level	$3,545
64493	Injection(s), diagnostic or therapeutic agent, paravertebral facet (zygapophyseal) joint (or nerves innervating that joint) with image guidance (fluoroscopy or CT), lumbar or sacral; single level	$3,875
52000	Cystourethroscopy with soudning and vaginoscopy	$6,008
52005	Cystourethroscopy, with ureteral catheterization, with or without irrigation, instillation, or ureteropyelography, exclusive of radiologic service)	$13,483
52310	Cystourethroscopy, with removal of foreign body, calculus, or ureteral stent	$11,500

Table 1110.1540(g) Palos Health Surgery Center, LLC Fee Schedule[1]		
CPT Code	**Description**	**Charge**
52332	Cystourethroscopy, with insertion of indwelling ureteral stent	$10,741
52356	Cystourethroscopy, with ureteroscopy and/or pyeloscopy; with lithotripsy (ureteral catheterization is included)	$14,315
43239	Esophagogastroduodenoscopy, flexible, transoral; with biopsy, single or multiple.	$6,797
45378	Colonscopy	$6,264
45380	Colonoscopy, with biopsy, single or multiple	$7,180
45385	Colonoscopy, with removal of tumor(s), polyp(s), lesion(s) by snare technique.	$7,985
19301	Partial mastectomy or lumpectomy when the tumor is removed and specific attention is paid to the surgical margins	$17,125
36561	Under Insertion of Central Venous Access Device	$15,420
49505	Repair initial inguinal hernia	$17,150
19125	Open excisional biopsy identified by radiologic marker	$9,938
47562	Removal of Gallbladder	$13,540
58558	Hysteroscopy, diagnostic, separate procedure	$11,407
58662	Laparoscopy; Laparoscopic surgery with fulguration or excision of lesions of the ovary, pelvic viscera or peritoneal surface by any method	$12,100
58561	Hysteroscopy, surgical; with removal of leiomyomata (Removal of fibroids)	$11,797
58563	Laparoscopy; Laparoscopic surgery with endometrial ablation (any method)	$14,390
58565	Hysteroscopic Sterilization with bilateral fallopian tube cannulation to induce occlusion by placement of permanent implants.	$12,069
30520	Septoplasty or submucous resection, with or without cartilage scoring, contouring or replacement with graft	$12,467
31255	Nasal/sinus endoscopy, surgical; with ethmoidectomy, total (anterior and posterior)	$12,467
42820	Tonsillectomy and adenoidectomy; under age 12	$5,251
42826	Excision and Destruction Procedures on the Pharynx, Adenoids, and Tonsils.	$5,647
42826	Excision and Destruction Procedures on the Pharynx, Adenoids, and Tonsils.	$5,374
28285	Capsulotomy; metatarsophalangeal joint, with or without tenorrhaphy, each joint (separate procedure)	$10,628
28296	Correction, Hallux valgus (Bunion), with or without sesamoidectomy; simple exostectomy	$12,652
20680	Deep Pin Removal procedures, where the physician makes an incision overlying the site of the implant dissects deeply to visualize the implant (which is usually below the muscle level	$10,852

Re: Charge Commitment

Dear Chair Olson:

Pursuant to 77 Ill. Admin. Code § 1110.1540(j), I hereby commit the charge schedule submitted as part of the Palos Health Surgery Center, LLC certificate of need application will not be increased, at a minimum, for the first two years of operation unless a permit is first obtained pursuant to 77 Ill. Admin. Code § 1130.310(a).

Sincerely,

Timothy J. Brosnan
Vice President, Planning and Community Relations
Palos Health Surgery Center, LLC

Re: Non-Hospital Based Ambulatory Surgical Treatment Center Assurances

Dear Chair Olson:

Pursuant to 77 Ill. Admin. Code § 1110.1540(k), I hereby certify the following:

- A peer review program will be implemented at Palos Health Surgery Center that evaluates whether patient outcomes are consistent with quality standards established by professional organizations for the surgical services, and if outcomes do not meet or exceed those standards, a quality improvement plan will be initiated; and
- By the second year of operation after the project completion date, the annual utilization of the surgical/treatment rooms at Palos Health Surgery Center will meet or exceed the utilization standard specified in 77 Ill. Adm. Code 1100.

Sincerely,

Timothy J. Brosnan
Vice President, Planning and Community Relations

New York, NY 10004

T 212 908 0500 / 800 75 FITCH
www.fitchratings.com

November 15, 2016

Mr. Roger Russell
Chief Financial Officer
Palos Community Hospital
12251 S. 80th Ave
Palos Heights, IL 60463

Dear Mr. Russell:

Fitch Ratings has assigned one or more ratings and/or otherwise taken rating action(s), as detailed in the attached Notice of Rating Action.

In issuing and maintaining its ratings, Fitch relies on factual information it receives from issuers and underwriters and from other sources Fitch believes to be credible. Fitch conducts a reasonable investigation of the factual information relied upon by it in accordance with its ratings methodology, and obtains reasonable verification of that information from independent sources, to the extent such sources are available for a given security or in a given jurisdiction.

The manner of Fitch's factual investigation and the scope of the third-party verification it obtains will vary depending on the nature of the rated security and its issuer, the requirements and practices in the jurisdiction in which the rated security is offered and sold and/or the issuer is located, the availability and nature of relevant public information, access to the management of the issuer and its advisers, the availability of pre-existing third-party verifications such as audit reports, agreed-upon procedures letters, appraisals, actuarial reports, engineering reports, legal opinions and other reports provided by third parties, the availability of independent and competent third-party verification sources with respect to the particular security or in the particular jurisdiction of the issuer, and a variety of other factors.

Users of Fitch's ratings should understand that neither an enhanced factual investigation nor any third-party verification can ensure that all of the information Fitch relies on in connection with a rating will be accurate and complete. Ultimately, the issuer and its advisers are responsible for the accuracy of the information they provide to Fitch and to the market in offering documents and other reports. In issuing its ratings Fitch must rely on the work of experts, including independent auditors with respect to financial statements and attorneys with respect to legal and tax matters. Further, ratings are inherently forward-looking and embody assumptions and predictions about future events that by their nature cannot be verified as facts. As a result, despite any verification of current facts, ratings can be affected by future events or conditions that were not anticipated at the time a rating was issued or affirmed.

Fitch seeks to continuously improve its ratings criteria and methodologies, and periodically updates the descriptions on its website of its criteria and methodologies for securities of a given type. The criteria and methodology used to determine a rating action are those in effect at the time the rating action is taken, which for public ratings is the date of the related rating action commentary. Each rating action commentary provides information about the criteria and methodology used to arrive at the stated rating, which may differ from the general criteria and methodology for the applicable security type posted on the website at a given time. For this reason, you should always consult the applicable rating action commentary for the most accurate information on the basis of any given public rating.

Ratings are based on established criteria and methodologies that Fitch is continuously evaluating and updating. Therefore, ratings are the collective work product of Fitch and no individual, or group of individuals, is solely responsible for a rating. All Fitch reports have shared authorship. Individuals identified in a Fitch report were involved in, but are not solely responsible for, the opinions stated therein. The individuals are named for contact purposes only.

Attachment - 36

Ratings are not a recommendation or suggestion, directly or indirectly, to you or any other person, to buy, sell, make or hold any investment, loan or security or to undertake any investment strategy with respect to any investment, loan or security or any issuer. Ratings do not comment on the adequacy of market price, the suitability of any investment, loan or security for a particular investor (including without limitation, any accounting and/or regulatory treatment), or the tax-exempt nature or taxability of payments made in respect of any investment, loan or security. Fitch is not your advisor, nor is Fitch providing to you or any other party any financial advice, or any legal, auditing, accounting, appraisal, valuation or actuarial services. A rating should not be viewed as a replacement for such advice or services.

performed the roles or tasks associated with an "underwriter" or "seller" under this engagement.

It is important that you promptly provide us with all information that may be material to the ratings so that our ratings continue to be appropriate. Ratings may be raised, lowered, withdrawn, or placed on Rating Watch due to changes in, additions to, accuracy of or the inadequacy of information or for any other reason Fitch deems sufficient.

Nothing in this letter is intended to or should be construed as creating a fiduciary relationship between Fitch and you or between us and any user of the ratings.

In this letter, "Fitch" means Fitch Ratings, Inc. and any successor in interest.

We are pleased to have had the opportunity to be of service to you. If we can be of further assistance, please feel free to contact us at any time.

Section X, Economic Feasibility Review Criteria
Criterion 1120.140(b), Conditions of Debt Financing

This project will be funded in total with cash and cash equivalents. Accordingly, this criterion is not applicable.

Section X, Economic Feasibility Review Criteria
Criterion 1120.140(c), Reasonableness of Project and Related Costs

1. The Cost and Gross Square Feet by Department is provided in the table below.

Cost and Gross Sq Ft by Department									
Department	A	B	C	D	E	F	G	H	Total
	Cost/Square Foot		Gross Sq Ft		Gross Sq Ft		Const. $	Mod. $	Cost
	New	Mod.	New	Circ*	Mod	Circ*	(AxC)	(B x E)	(G + H)
CLINICAL									
Procedure areas	$ 405		2,810	26%			$ 1,137,911		$ 1,137,911
Prep and Recovery Spaces	$ 308		2,990	24%			$ 921,308		$ 921,308
Nurse stations	$ 247		745	48%			$ 184,312		$ 184,312
Clinical Subtotal	$ 343		6,545				$ 2,243,531		$ 2,243,531
NON-CLINICAL									
Admin offices	$ 182		965	19%			$ 176,042		$ 176,042
Reception, registration, consult	$ 271		1,125	22%			$ 305,349		$ 305,349
Storage, supplies, equip	$ 201		3,390	18%			$ 682,762		$ 682,762
Patient toilet	$ 183		270	27%			$ 49,507		$ 49,507
Staff lockers, toilets, lounges	$ 191		1,025	18%			$ 195,364		$ 195,364
MEP, Facilities, housekeeping	$ 259		1,000	26%			$ 258,917		$ 258,917
Communication, IT, electric	$ 241		320	22%			$ 77,259		$ 77,259
Decontamination and Sterilization	$ 280		1,130	16%			$ 316,631		$ 316,631
Non-clinical Subtotal	$ 224		9,225				$ 2,061,831		$ 2,061,831
GRAND TOTAL	$ 273		15,770				$ 4,305,362		$ 4,305,362

Attachment – 39C

2. As shown in Table 1120.310(c) below, the project costs are below the State Standard.

Table 1120.310(c)			
	Proposed ASTC	**State Standard**	**Above/Below State Standard**
New Construction	$2,467,884	$391.08 x 6,545 GSF = $2,559,618.60	Below State Standard
Contingencies	$224,353	10% x Construction Costs (10% x $2,243,531) = $224,353.10	Meets State Standard
Architectural/ Engineering Fees	$246,265	7.06% to 10.60% x (Construction + Contingencies) = (7.06% x $2,467,884) to (10.60% x $2,467,884) = $174,232.61 - $261,595.70	Meets State Standard
Equipment	$1,901,319	$461,631.36 per operating/ procedure room = 4 x $475,480.30 = $1,901,921.20	Above State Standard
Fair Market Value of Leased Space or Equipment	$1,839,145	No State Standard	N/A
All other Capital Costs	$102,000	No State Standard	N/A

Section X, Economic Feasibility Review Criteria
Criterion 1120.140(d), Projected Operating Costs

Operating Expenses:

Salaries	1,768,860
Benefits	398,004
Supplies	1,736,580
Total	3,903,444

Procedures: 4,451

Operating Expense per Procedure: $876.98

Section X, Economic Feasibility Review Criteria
Criterion 1120.140(e), Projected Capital Costs

Capital Costs:

Depreciation & Amortization:	$ 945,540
Interest:	$ 259,979
Total Capital Costs:	$1,205,519

Procedures: 4,451

Capital Costs per Procedure: $270.84 per procedure

Section XI, Safety Net Impact Statement

1. This criterion is required for all substantive and discontinuation projects. The proposed Surgery Center will not adversely impact safety net services in the community. To the contrary the proposed Surgery Center will improve access to surgical services to uninsured and underinsured patients. The facility will accept all patients who are medically appropriate for admission at an ambulatory surgery center regardless of ability to pay. Uninsured patients ineligible for or pending Medicaid approval and unable to pay for services will be eligible for free care. Further, patients with incomes between100% to 200% of the federal poverty level will be eligible for discounts ranging from 25% to 100%. Accordingly, the proposed Surgery Center will enhance safety net services in the community.

2. The proposed Surgery Center will not impact the ability of other providers to cross-subsidize safety net services. A central purpose of the proposed Surgery Center is to allow Palos and Loyola to shift appropriate procedures from their HOPDs to the Surgery Center. Ambulatory surgery centers provide high quality surgical care, excellent outcomes and a high level of patient satisfaction at a lower cost than HOPDs. Surgical procedures performed in an ASTC are reimbursed at a lower rate than HOPDs and result in lower out-of-pocket expenses for patients. As surgical cases will primarily be transferred from Palos and Loyola to the proposed Surgery Center, it will not impact the ability of other providers to cross-subsidize safety net services.

3. The proposed project will not result in the discontinuation of a facility or service. Accordingly, this criterion is not applicable.

Safety Net Information per PA 96-0031			
CHARITY CARE			
	2013	**2014**	**2015**
Charity (# of patients)			
Inpatient	860	748	653
Outpatient	4,305	3,586	2,933
Total	**5,165**	**4,334**	**3,586**
Charity (cost In dollars)			
Inpatient	$3,272,896	$2,962,744	$1,154,357
Outpatient	$2,615,864	$2,209,552	$1,552,282
Total	**$5,888,760**	**$5,172,298**	**$2,706,639**
MEDICAID			
	2013	**2014**	**2015**
Medicaid (# of patients)			
Inpatient	686	1,228	1,366
Outpatient	19,793	24,329	24,334
Total	20,479	25,557	25,700
Medicaid (revenue)

Kathryn J. Olson, Chair
Illinois Health Facilities and Services Review Board
525 West Jefferson Street, 2nd Floor
Springfield, Illinois 62761

Dear Ms. Olson:

I am writing on behalf of Loyola Medicine. Loyola Medicine is home to world-renowned doctors representing nearly every specialty in medicine. We have primary care physicians for every age and healthcare need and specialists who work with patients and their doctors to diagnose and treat your health concerns. Our doctors are committed to educating the next generation of doctors and pursuing the most promising research. Our physicians include over 1,100 providers representing over 75 specialties and 30 locations. Loyola Medicine supports the establishment of Palos Health Surgery Center planned for the new medical office building to be located on the southwest corner of 153rd and West Avenue in Orland Park, Illinois.

Over the past 12 months, the 69 Loyola Medicine physicians represented in the attachments to this letter performed a total of 17,435 surgical cases in hospitals and surgery centers licensed by the Illinois Department of Public Health. We anticipate 2,401 of those physicians' cases to be referred to the new Palos Health Surgery Center in each of the two years after the Palos Health Surgery Center opens. The attached Table One documents the zip code by residence for those patients (broken down by treating physician) and Table Two indicates the facilities where those cases were performed similarly broken down by physician. Finally, Table Three breaks out the anticipated referrals to Palos Health Surgery Center by physician.

While some physicians represented in this letter serve patients who live outside of the geographic service area of the proposed surgery center, the projected patient volume that shall be referred to Palos Health Surgery Center are anticipated to come from the proposed geographic service area of the proposed surgery center. We do not anticipate that our physicians' other cases coming from outside that geographic service area will be transferred to the Palos Health Surgery Center. The referrals represented above have not been used to support another pending or approved certificate of need application.

The information in this letter is true and correct to the best of my knowledge.

Loyola Medicine supports the establishment of Palos Health Surgery Center.

Sincerely,

Daniel J. Post
Executive Vice President

We also treat the human spirit.

Kathryn J. Olson
Chair
Illinois Health Facilities and Services Review Board
525 West Jefferson Street, 2nd Floor
Springfield, Illinois 62761

Dear Ms. Olson:

I am a physician specializing in Orthopedics. I am writing in support of Palos Health Surgery Center's request for a Certificate of Need permit to establish an ambulatory surgical treatment center planned for the new medical office building to be located on the southwest corner of 153rd and West Avenue in Orland Park, Illinois.

During the past 12 months, I performed a total 166 outpatient surgery cases at Illinois Department of Public Health licensed facilities. The attached Table One documents the zip code by residence for those patients and Table Two indicates the facilities where I performed those cases.

I expect to 100 cases to Palos Health Surgery Center in each of the two years following opening of the surgery center.

Projected patient volume shall come from the proposed geographic service area of Palos Health Surgery Center.

These referrals have not been used to support another pending or approved certificate of need application. The information in this letter is true and correct to the best of my knowledge.

I support the proposed establishment of Palos Health Surgery Center.

Sincerely,

Daniel Weber, M.D.
Orthopedic Surgeon

Springfield, Illinois 62761

Dear Ms. Olson:

I am a physician specializing in Endoscopy I am writing in support of Palos Health Surgery Center's request for a Certificate of Need permit to establish an ambulatory surgical treatment center planned for the new medical office building to be located on the southwest corner of 153rd and West Avenue in Orland Park, Illinois.

During the past 12 months, I performed a total 650 outpatient surgery cases at Illinois Department of Public Health licensed facilities. The attached Table One documents the zip code by residence for those patients and Table Two indicates the facilities where I performed those cases.

I expect to refer 10 cases to Palos Health Surgery Center in each of the two years following opening of the surgery center.

Projected patient volume shall come from the proposed geographic service area of Palos Health Surgery Center.

These referrals have not been used to support another pending or approved certificate of need application. The information in this letter is true and correct to the best of my knowledge.

I support the proposed establishment of Palos Health Surgery Center.

Sincerely,

Thomas Arndt, MD
Endoscopy

Name of Practice: Midwest Center for Digestive Health
Practice Address: 9921 Southwest Hwy.
