**Re: SwedishAmerican Hospital Northeast Medical Clinic
Permit Application submission**

Dear Ms. Avery:

I represent the applicants SwedishAmerican Hospital and SwedishAmerican Health System. Please find enclosed an original and a copy of their Certificate of Need Application for a four story medical clinic building adjacent to SwedishAmerican's Regional Cancer Center in Rockford. Also enclosed is a check for \$2,500 as the initial filing fee.

Very truly yours,

BARNES & THORNBURG LLP

DESCRIPTION OF PROJECT**1. Project Classification**

[Check those applicable - refer to Part 1110.40 and Part 1120.20(b)]

Part 1110 Classification:

- Substantive
 Non-substantive

2. Narrative Description

In the space below, provide a brief narrative description of the project. Explain **WHAT** is to be done in **State Board defined terms**, **NOT WHY** it is being done. If the project site does **NOT** have a street address, include a legal description of the site. Include the rationale regarding the project's classification as substantive or non-substantive.

This project is for a four-story medical clinic building adjacent to SwedishAmerican Hospital's existing Regional Cancer Center (Permit #12-013) at 3535 N. Bell School Road in Rockford. The intended address for the facility is 3333 N. Bell School Road but this has not yet been formalized and a legal description of the site is included with this application. The project size is 67,675 gsf and the project cost is \$23,833,311.

The first floor of the facility will include centralized services, such as registration, laboratory, X-ray, a conference center, employee lounge/lunchroom, employee lockers and a receiving area for supplies. The remaining three floors will house the primary and specialty care medical practices and the space related to clinical operations, including exam rooms, waiting areas, medical stations and physician office space. Clinical services will consist general x-ray (2 units), ultrasound (2 units) and a specimen collection laboratory area.

The proposed project will allow for the consolidation of a number of existing medical practices at a single site.

The project is non-substantive under Section 1110.40 of the Review Board's rules because it does not establish any category of service, or involve an increase or redistribution of beds.

Project Costs and Sources of Funds

Complete the following table listing all costs (refer to Part 1120.110) associated with the project. When a project or any component of a project is to be accomplished by lease, donation, gift, or other means, the fair market or dollar value (refer to Part 1130.140) of the component must be included in the estimated project cost. If the project contains non-reviewable components that are not related to the provision of health care, complete the second column of the table below. Note, the use and sources of funds must be equal.

SECTION III. BACKGROUND, PURPOSE OF THE PROJECT, AND ALTERNATIVES - INFORMATION REQUIREMENTS

This Section is applicable to all projects except those that are solely for discontinuation with no project costs.

Background

READ THE REVIEW CRITERION and provide the following required information:

BACKGROUND OF APPLICANT

1. A listing of all health care facilities owned or operated by the applicant, including licensing, and certification if applicable.
2. A certified listing of any adverse action taken against any facility owned and/or operated by the applicant during the three years prior to the filing of the application.
3. Authorization permitting HFSRB and DPH access to any documents necessary to verify the information submitted, including, but not limited to official records of DPH or other State agencies; the licensing or certification records of other states, when applicable; and the records of nationally recognized accreditation organizations. **Failure to provide such authorization shall constitute an abandonment or withdrawal of the application without any further action by HFSRB.**
4. If, during a given calendar year, an applicant submits more than one application for permit, the documentation provided with the prior applications may be utilized to fulfill the information requirements of this criterion. In such instances, the applicant shall attest that the information was previously provided, cite the project number of the prior application, and certify that no changes have occurred regarding the information that has been previously provided. The applicant is able to submit amendments to previously submitted information, as needed, to update and/or clarify data.

APPEND DOCUMENTATION AS ATTACHMENT 11, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM. EACH ITEM (1-4) MUST BE IDENTIFIED IN ATTACHMENT 11.

Criterion 1110.230 – Purpose of the Project, and Alternatives

PURPOSE OF PROJECT

1. Document that the project will provide health services that improve the health care or well-being of the market area population to be served.
2. Define the planning area or market area, or other relevant area, per the applicant's definition.
3. Identify the existing problems or issues that need to be addressed as applicable and appropriate for the project.
4. Cite the sources of the documentation.
5. Detail how the project will address or improve the previously referenced issues, as well as the population's health status and well-being.
6. Provide goals with quantified and measurable objectives, with specific timeframes that relate to achieving the stated goals as appropriate.

For projects involving modernization, describe the conditions being upgraded, if any. For facility projects, include statements of the age and condition of the project site, as well as regulatory citations, if any. For equipment being replaced, include repair and maintenance records.

NOTE: Information regarding the "Purpose of the Project" will be included in the State Board Staff Report.

APPEND DOCUMENTATION AS ATTACHMENT 12, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM. EACH ITEM (1-6) MUST BE IDENTIFIED IN ATTACHMENT 12.

ALTERNATIVES

- 1) Identify **ALL** of the alternatives to the proposed project:
Alternative options **must** include:
 - A) Proposing a project of greater or lesser scope and cost;
 - B) Pursuing a joint venture or similar arrangement with one or more providers or entities to meet all or a portion of the project's intended purposes; developing alternative settings to meet all or a portion of the project's intended purposes;
 - C) Utilizing other health care resources that are available to serve all or a portion of the population proposed to be served by the project; and
 - D) Provide the reasons why the chosen alternative was selected.
- 2) Documentation shall consist of a comparison of the project to alternative options. The comparison shall address issues of total costs, patient access, quality and financial benefits in both the short-term (within one to three years after project completion) and long-term. This may vary by project or situation. **FOR EVERY ALTERNATIVE IDENTIFIED, THE TOTAL PROJECT COST AND THE REASONS WHY THE ALTERNATIVE WAS REJECTED MUST BE PROVIDED.**
- 3) The applicant shall provide empirical evidence, including quantified outcome data that verifies improved quality of care, as available.

APPEND DOCUMENTATION AS ATTACHMENT 13. IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

SECTION IV. PROJECT SCOPE, UTILIZATION, AND UNFINISHED/SHELL SPACE

Criterion 1110.234 - Project Scope, Utilization, and Unfinished/Shell Space

READ THE REVIEW CRITERION and provide the following information:

SIZE OF PROJECT:

1. Document that the amount of physical space proposed for the proposed project is necessary and not excessive. **This must be a narrative and it shall include the basis used for determining the space and the methodology applied.**
2. If the gross square footage exceeds the BGSF/DGSF standards in Appendix B, justify the discrepancy by documenting one of the following:
 - a. Additional space is needed due to the scope of services provided, justified by clinical or operational needs, as supported by published data or studies and certified by the facility's Medical Director.
 - b. The existing facility's physical configuration has constraints or impediments and requires an architectural design that delineates the constraints or impediments.
 - c. The project involves the conversion of existing space that results in excess square footage.
 - d. Additional space is mandated by governmental or certification agency requirements that were not in existence when Appendix B standards were adopted.

UNFINISHED OR SHELL SPACE:

Provide the following information:

1. Total gross square footage (GSF) of the proposed shell space.
2. The anticipated use of the shell space, specifying the proposed GSF to be allocated to each department, area or function.
3. Evidence that the shell space is being constructed due to:
 - a. Requirements of governmental or certification agencies; or
 - b. Experienced increases in the historical occupancy or utilization of those areas proposed to occupy the shell space.
4. Provide:
 - a. Historical utilization for the area for the latest five-year period for which data is available; and
 - b. Based upon the average annual percentage increase for that period, projections of future utilization of the area through the anticipated date when the shell space will be placed into operation.

APPEND DOCUMENTATION AS ATTACHMENT 16. IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

ASSURANCES:

Submit the following:

1. Verification that the applicant will submit to HFSRB a CON application to develop and utilize the shell space, regardless of the capital thresholds in effect at the time or the categories of service involved.
2. The estimated date by which the subsequent CON application (to develop and utilize the subject shell space) will be submitted; and
3. The anticipated date when the shell space will be completed and placed into operation.

SECTION VIII. 1120.130 - FINANCIAL VIABILITY

All the applicants and co-applicants shall be identified, specifying their roles in the project funding or guaranteeing the funding (sole responsibility or shared) and percentage of participation in that funding.

Financial Viability Waiver

The applicant is not required to submit financial viability ratios if:

1. "A" Bond rating or better
2. All of the projects capital expenditures are completely funded through internal sources
3. The applicant's current debt financing or projected debt financing is insured or anticipated to be insured by MBIA (Municipal Bond Insurance Association Inc.) or equivalent
4. The applicant provides a third party surety bond or performance bond letter of credit from an A rated guarantor.

See Section 1120.130 Financial Waiver for information to be provided

APPEND DOCUMENTATION AS ATTACHMENT 35, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

The applicant or co-applicant that is responsible for funding or guaranteeing funding of the project shall provide viability ratios for the latest three years for which audited financial statements are available and for the first full fiscal year at target utilization, but no more than two years following project completion. When the applicant's facility does not have facility specific financial statements and the facility is a member of a health care system that has combined or consolidated financial statements, the system's viability ratios shall be provided. If the health care system includes one or more hospitals, the system's viability ratios shall be evaluated for conformance with the applicable hospital standards.

NOT APPLICABLE PER FINANCIAL VIABILITY WAIVER

SECTION IX. 1120.140 - ECONOMIC FEASIBILITY

This section is applicable to all projects subject to Part 1120.

A. Reasonableness of Financing Arrangements NOT APPLICABLE PER FINANCIAL VIABILITY WAIVER

The applicant shall document the reasonableness of financing arrangements by submitting a notarized statement signed by an authorized representative that attests to one of the following:

- 1) That the total estimated project costs and related costs will be funded in total with cash and equivalents, including investment securities, unrestricted funds, received pledge receipts and funded depreciation; or
- 2) That the total estimated project costs and related costs will be funded in total or in part by borrowing because:
 - A) A portion or all of the cash and equivalents must be retained in the balance sheet asset accounts in order to maintain a current ratio of at least 2.0 times for hospitals and 1.5 times for all other facilities; or
 - B) Borrowing is less costly than the liquidation of existing investments, and the existing investments being retained may be converted to cash or used to retire debt within a 60-day period.

B. Conditions of Debt Financing

This criterion is applicable only to projects that involve debt financing. The applicant shall document that the conditions of debt financing are reasonable by submitting a notarized statement signed by an authorized representative that attests to the following, as applicable:

- 1) That the selected form of debt financing for the project will be at the lowest net cost available;
- 2) That the selected form of debt financing will not be at the lowest net cost available, but is more advantageous due to such terms as prepayment privileges, no required mortgage, access to additional indebtedness, term (years), financing costs and other factors;
- 3) That the project involves (in total or in part) the leasing of equipment or facilities and that the expenses incurred with leasing a facility or equipment are less costly than constructing a new facility or purchasing new equipment.

C. Reasonableness of Project and Related Costs

Read the criterion and provide the following:

1. Identify each department or area impacted by the proposed project and provide a cost and square footage allocation for new construction and/or modernization using the following format (insert after this page).

COST AND GROSS SQUARE FEET BY DEPARTMENT OR SERVICE									
Department (list below)	A	B	C	D	E	F	G	H	Total Cost (G + H)
	Cost/Square Foot New	Mod.	Gross Sq. Ft. New	Circ.*	Gross Sq. Ft. Mod.	Circ.*	Const. \$ (A x C)	Mod. \$ (B x E)	
Contingency									
TOTALS									

* Include the percentage (%) of space for circulation

D. Projected Operating Costs

The applicant shall provide the projected direct annual operating costs (in current dollars per equivalent patient day or unit of service) for the first full fiscal year at target utilization but no more than two years following project completion. Direct cost means the fully allocated costs of salaries, benefits and supplies for the service.

E. Total Effect of the Project on Capital Costs

The applicant shall provide the total projected annual capital costs (in current dollars per equivalent patient day) for the first full fiscal year at target utilization but no more than two years following project completion.

APPEND DOCUMENTATION AS ATTACHMENT 37, IN NUMERIC SEQUENTIAL ORDER AFTER THE LAST PAGE OF THE APPLICATION FORM.

SECTION X. SAFETY NET IMPACT STATEMENT

SAFETY NET IMPACT STATEMENT that describes all of the following must be submitted for ALL SUBSTANTIVE PROJECTS AND PROJECTS TO DISCONTINUE STATE-OWNED HEALTH CARE FACILITIES [20 ILCS 3960/5.4]:

1. The project's material impact, if any, on essential safety net services in the community, to the extent that it is feasible for an applicant to have such knowledge.
2. The project's impact on the ability of another provider or health care system to cross-subsidize safety net services, if reasonably known to the applicant.
3. How the discontinuation of a facility or service might impact the remaining safety net providers in a given community, if reasonably known by the applicant.

Safety Net Impact Statements shall also include all of the following:

1. For the 3 fiscal years prior to the application, a certification describing the amount of charity care provided by the applicant. The amount calculated by hospital applicants shall be in accordance with the reporting requirements for charity care reporting in the Illinois Community Benefits Act. Non-hospital applicants shall report charity care, at cost, in accordance with an appropriate methodology specified by the Board.
2. For the 3 fiscal years prior to the application, a certification of the amount of care provided to Medicaid patients. Hospital and non-hospital applicants shall provide Medicaid information in a manner consistent with the information reported each year to the Illinois Department of Public Health regarding "Inpatients and Outpatients Served by Payor Source" and "Inpatient and Outpatient Net Revenue by Payor Source" as required by the Board under Section 13 of this Act and published in the Annual Hospital Profile.
3. Any information the applicant believes is directly relevant to safety net services, including information

regarding teaching, research, and any other service.

A table in the following format must be provided as part of Attachment 40.

SECTION XI. CHARITY CARE INFORMATION

Charity Care information **MUST** be furnished for **ALL** projects [1120.20(c)].

1. All applicants and co-applicants shall indicate the amount of charity care for the latest three **audited** fiscal years, the cost of charity care and the ratio of that charity care cost to net patient revenue.
2. If the applicant owns or operates one or more facilities, the reporting shall be for each individual facility located in Illinois. If charity care costs are reported on a consolidated basis, the applicant shall provide documentation as to the cost of charity care; the ratio of that charity care to the net patient revenue for the consolidated financial statement; the allocation of charity care costs; and the ratio of charity care cost to net patient revenue for the facility under review.
3. If the applicant is not an existing facility, it shall submit the facility's projected patient mix by payer source, anticipated charity care expense and projected ratio of charity care to net patient revenue by the end of its second year of operation.

Charity care" means care provided by a health care facility for which the provider does not expect to receive payment from the patient or a third-party payer (20 ILCS 3960/3). Charity Care **must** be provided at cost.

A table in the following format must be provided for all facilities as part of Attachment 41.

West's Wisconsin Statutes Annotated
Authorities and Public Corporations (Ch. 231 to 235)
Chapter 233, University of Wisconsin Hospitals and Clinics Authority (Refs & Annots)

W.S.A. 233.02

233.02, University of Wisconsin Hospitals and Clinics Authority: creation; organization of board of directors

(1) There is created a public body corporate and politic to be known as the "University of Wisconsin Hospitals and Clinics Authority". The board of directors shall consist of the following members:

(a) Six members nominated by the governor, and with the advice and consent of the senate appointed, for 5-year terms.

(am) Each cochairperson of the joint committee on finance or a member of the legislature designated by that cochairperson.

(b) Three members of the board of regents appointed by the president of the board of regents.

(c) The chancellor of the University of Wisconsin-Madison or his or her designee.

(d) The dean of the University of Wisconsin-Madison Medical School.

(e) A chairperson of a department at the University of Wisconsin-Madison Medical School, appointed by the chancellor of the University of Wisconsin-Madison.

(f) A faculty member of a University of Wisconsin-Madison health professions school, other than the University of Wisconsin-Madison Medical School, appointed by the chancellor of the University of Wisconsin-Madison.

(g) The secretary of administration or his or her designee.

(2) A vacancy on the board of directors shall be filled in the same manner as the original appointment to the board of directors for the remainder of the unexpired term, if any.

(3) A member of the board of directors may not be compensated for his or her services but shall be reimbursed for actual and necessary expenses, including travel expenses, incurred in the performance of his or her duties.

(4) No cause of action of any nature may arise against and no civil liability may be imposed upon a member of the board of directors for any act or omission in the performance of his or her powers and duties under this chapter, unless the person asserting liability proves that the act or omission constitutes willful misconduct.

(8) The members of the board of directors shall annually elect a chairperson and may elect other officers as they consider appropriate. Eight members of the board of directors constitute a quorum for the purpose of conducting the business and exercising the powers of the authority, notwithstanding the existence of any vacancy. The members of the board of directors specified under sub. (1)(c) and (g) may not be the chairperson of the board of directors for purposes of 1995 Wisconsin Act 27, section 9(5)(2). The board of directors may take action upon a vote of a majority of the members present, unless the bylaws of the authority require a larger number.

(9) The board of directors shall appoint a chief executive officer who shall not be a member of the board of directors and who shall serve at the pleasure of the board of directors. The chief executive officer shall receive such compensation as the board of directors fixes. The chief executive officer or other person designated by resolution of the board of directors shall keep a record of the proceedings of the authority and shall be custodian of all books, documents and papers filed with the authority, the minute book or journal of the authority and its official seal. The chief executive officer or other person may cause copies to be made of all minutes and other records and documents of the authority and may give certificates under the official seal of

Chapter 233. University of Wisconsin Hospitals and Clinics Authority (Refs & Annos)

W.S.A. 233.04

233.04. Duties of authority

The authority shall do all of the following:

- (1) By October 1, 1997, and annually thereafter, submit to the chief clerk of each house of the legislature under s. 13.172(2), the president of the board of regents, the secretary of administration and the governor a report on the patient care, education, research and community service activities and accomplishments of the authority and an audited financial statement, certified by an independent auditor, of the authority's operations.
- (2) Subject to s. 233.10, develop and implement a personnel structure and other employment policies for employees of the authority.
- (3) Contract for any legal services required for the authority.
- (3b)(a) Except as provided in par. (b), maintain, control and supervise the use of the University of Wisconsin Hospitals and Clinics, for the purposes of:
 1. Delivering high-quality health care to patients using the hospitals and to those seeking care from its programs, including a commitment to provide such care for the medically indigent.
 2. Providing an environment suitable for instructing medical and other health professions students, physicians, nurses and members of other health-related disciplines.
 3. Sponsoring and supporting research in the delivery of health care to further the welfare of the patients treated and applying the advances in health knowledge to alleviate human suffering, promote health and prevent disease.
 4. Assisting health programs and personnel throughout the state and region in the delivery of health care.
- (b) Paragraph (a) does not apply unless a lease agreement under sub. (7) or (7g) and an affiliation agreement under sub. (7m) or (7p) are in effect that comply with all applicable requirements of those provisions. In the event either of these agreements are not in effect, the on-campus facilities and any improvements, modifications or other facilities specified in sub. (7)(c) shall transfer to the board of regents.
- (5) Establish the authority's annual budget and monitor the fiscal management of the authority.
- (6) Procure liability insurance covering its officers, employees and agents and procure insurance against any loss in connection with its property and other assets.
- (7) Subject to s. 233.05(1) and 1995 Wisconsin Act 27, section 9159(2)(k), negotiate and enter into a lease agreement with the board of regents to lease the on-campus facilities beginning on June 29, 1996, for an initial period of not more than 30 years. The lease agreement shall include all of the following:
 - (a) A provision that requires the authority to pay the state an amount determined under this paragraph for the lease of the on-campus facilities that are leased under the agreement. The amount of the rental payment for the on-campus facilities may not be less than the greater of the following:

1. An amount equal to the debt service accruing during the term of the lease agreement on all outstanding bonds issued by the state for the purpose of financing the acquisition, construction or improvement of on-campus facilities that are leased under the agreement, regardless of whether these bonds are issued before or after the lease agreement is entered into. The definition of "bond" under s. 233.01(4) does not apply to this subdivision.
 2. A nominal amount determined by the parties to be necessary to prevent the lease agreement from being unenforceable because of a lack of consideration.
- (D) A provision that requires the authority to conduct its operations in such a way so that it will not adversely affect the exclusion of interest on bonds issued by the state from gross income under 26 USC 103 for federal income tax purposes.
- (c) A provision that gives the state ownership of all of the following:
1. Any improvements or modifications made by the authority to on-campus facilities that are leased to the authority under the lease agreement.
 2. Any facility that the authority constructs on state-owned land.
- (D) A provision that specifies an amount and that exempts any construction or improvement project on state-owned land that costs less than the amount from review and approval under s. 16.85(1a).
- (e) Any provision necessary to ensure that the general management and operation of the on-campus facilities are consistent with the mission and responsibilities of the University of Wisconsin System specified in ss. 36.01 and 36.09.
- (g) A provision that protects the board of regents from all liability associated with the management, operation, use or maintenance of the on-campus facilities. No such provision shall make the authority liable for the acts or omissions of any officer, employee or agent of the board of regents, including any student who is enrolled at an institution within the University of Wisconsin System, unless the officer, employee or agent acts at the direction of the authority.
- (h) A provision on a mechanism for the resolution of disputes.
- (7)(a) Submit any modification, extension or renewal of the lease agreement under sub. (7) to the joint committee on finance. No extension or renewal of the lease agreement may be for a period of more than 30 years. Modification, extension or renewal of the agreement may be made as proposed by the authority and the board of regents only upon approval of the committee.
- (b) If the committee does not approve an extension or renewal of the agreement, the on-campus facilities and any improvements, modifications or other facilities specified in sub. (7)(c) shall transfer to the board of regents.
- (c) This subsection does not apply to an automatic extension of the lease agreement under s. 233.05(1).
- (7m) Subject to 1995 Wisconsin Act 27, section 9139(2)(k), negotiate and enter into an affiliation agreement with the board of regents. The affiliation agreement shall take effect on June 29, 1996. The initial period of the affiliation agreement shall run concurrently with the initial period of the lease agreement under sub. (7), and the affiliation agreement shall include all of the following:
- (a) A provision that ensures the authority retains cash reserves at a level not lower than the level recommended by the independent auditor specified under sub. (1).
 - (b) Provisions that ensure support of the educational, research and clinical activities of the University of Wisconsin-Madison by the authority.
 - (c) A provision that requires the development of standards relating to the selection and financing by the authority of any corporation or partnership that provides health-related services. The standards shall be consistent with the missions of the authority and the board of regents.

233.04. Duties of authority, WI ST 233.04

(d) A provision that requires the board of regents to make reasonable charges for any services provided by the board of regents to the authority.

(e) A provision establishing a mechanism for the resolution of disputes.

(7p)(a) Submit any modification, extension or renewal of the affiliation agreement under sub. (7m) to the joint committee on finance. No extension or renewal of the affiliation agreement may be for a period of more than 30 years. Modification, extension or renewal of the agreement may be made as proposed by the authority and the board of regents only upon approval of the committee.

(b) If the committee does not approve an extension or renewal of the agreement, the on-campus facilities and any improvements, modifications or other facilities specified in sub. (7)(c) shall transfer to the board of regents.

(c) This subsection does not apply to an automatic extension of the affiliation agreement under s. 233.05(2).

(9) Provide, on a monthly basis, the secretary of administration with such financial and statistical information as is required by the secretary of administration.

(10) If Children's Hospital and Health System ceases to operate a poison control center under s. 255.35, administer a statewide poison control program.

Dear Mr. Copelin:

The Illinois Historic Preservation Agency is required by the Illinois State Agency Historic Resources Preservation Act (20 ILCS 3420, as amended, 17 IAC 4180) to review all state funded, permitted or licensed undertakings for their effect on cultural resources. Pursuant to this, we have received information regarding the referenced project for our comment.

Our staff has reviewed the specifications under the state law and assessed the impact of the project as submitted by your office. We have determined, based on the available information, that no significant historic, architectural or archaeological resources are located within the proposed project area.

According to the information you have provided concerning your proposed project, apparently there is no federal involvement in your project. However, please note that the state law is less restrictive than the federal cultural resource laws concerning archaeology. If your project will use federal loans or grants, need federal agency permits, use federal property, or involve assistance from a federal agency, then your project must be reviewed under the National Historic Preservation Act of 1966, as amended. Please notify us immediately if such is the case.

This clearance remains in effect for two (2) years from date of issuance. It does not pertain to any discovery during construction, nor is it a clearance for purposes of the IL Human Skeletal Remains Protection Act (20 ILCS 3440).

Please retain this letter in your files as evidence of compliance with the Illinois State Agency Historic Resources Preservation Act.

Sincerely,

Anne E. Haaker
Deputy State Historic
Preservation Officer

**RE: SwedishAmerican Health System
Historic Preservation Act Determination Request**

Dear Review and Compliance Staff:

In accordance with the Illinois State Agency Historic Resources Preservation Act, 20 ILCS 3420/1 *et seq.*, SwedishAmerican Health System ("SwedishAmerican") seeks a formal determination from the Division of Historic Sites of the Illinois Department of Natural Resources (the "Division") as to whether SwedishAmerican's proposed project to construct a new medical office building (the "Project") affects historic resources. The Project does not yet have a street address, but the proposed address will be 3333 N. Bell School Road, Rockford, Illinois.

1. Project Description and Location

SwedishAmerican is seeking approval from the Illinois Health Facilities and Services Review Board to construct a new four (4) story medical office building in Rockford. It would be located west of I-39 and south of East Riverside Boulevard in Rockford, in close proximity to I-90 and the Riverside exit, with a proposed address at 3333 N. Bell School Road.

2. Topographical or Metropolitan Map

A map showing the location of the proposed Project (the Project labeled "Northeast Clinic" on the aerial map) is attached as Exhibit 1.

3. Buildings/Structures in the Project Area

The Project will include construction of a new medical office building, to be located at 3333 N. Bell School Road, Rockford, Illinois, and photographs of the building and surrounding

Illinois Department of Natural Resources

areas are attached as Exhibit 2. Located north of the Project is the SwedishAmerican's Regional Cancer Center, located at 3535 N. Bell School Road, Rockford, Illinois. Parking lots are located to the southwest and west of the Project location. There are residential areas located south of the proposed Project, shown on the attached Exhibit 2.

4. Address for Building/Structure

The proposed address of the Project is 3333 N. Bell School Road, Rockford, Illinois. There are no buildings or sites of architectural or historical significance in the Project area.

Thank you for your consideration of our request for a historic preservation determination. If you have any questions or need any additional information, please feel free to contact me at 312-214-4813.

Very truly yours,

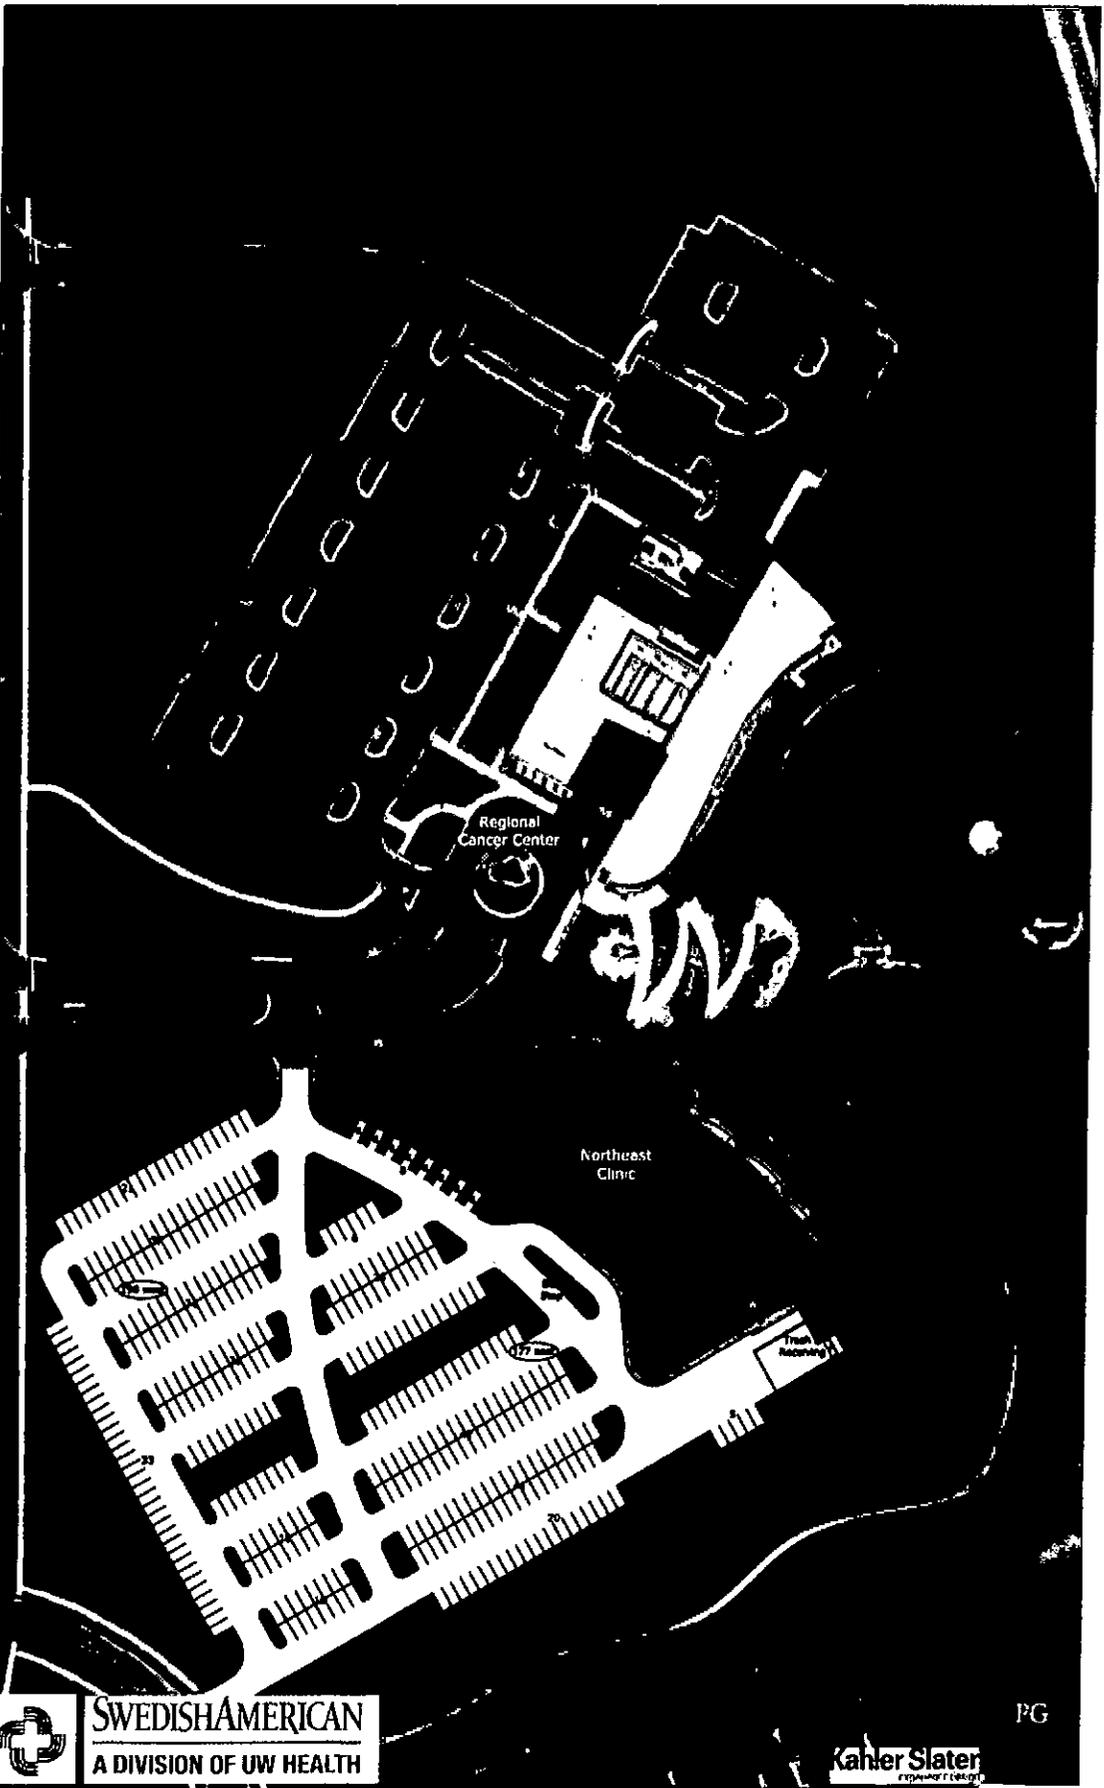

Claire M. Reed

WDHS License #321

Copies of the WDHS licenses for the above facilities are included with this Attachment II. (The first three facilities are operated under a single license.)

2. *A certified listing of any adverse action taken against any facility owned and/or operated by the applicant during the three years prior to the filing of the application.*

Incorporated with this Attachment II are the applicants' certifications of no adverse action.

3. *Authorization permitting HFSRB and DPH access to any documents necessary to verify the information submitted, including, but not limited to official records of DPH or other State agencies; the licensing or certification records of other states, when applicable; and the records of nationally recognized accreditation organizations.*

Included with this Attachment 11 are the applicants' authorizations to access documents.

4. *If, during a given calendar year, an applicant submits more than one application for permit, the documentation provided with the prior applications may be utilized to fulfill the information requirements of this criterion. In such instances, the applicant shall attest that the information was previously provided, cite the project number of the prior application, and certify that no changes have occurred regarding the information that has been previously provided.*

The applicants have not submitted any applications for permit within the calendar year

CERTIFICATION AND AUTHORIZATION
of
SWEDISHAMERICAN HEALTH SYSTEM and SWEDISHAMERICAN HOSPITAL

The undersigned representative of SwedishAmerican Health System and SwedishAmerican Hospital in connection with the application submitted herewith hereby states as follows:

I certify that no adverse action has been taken against SwedishAmerican Health System and SwedishAmerican Hospital by the federal government, licensing or certifying bodies, or any other agency of the State of Illinois against any health care facility owned or operated by SwedishAmerican Health System and SwedishAmerican Hospital, directly or indirectly, within three years preceding the filing of this application.

I authorize the Illinois Health Facilities and Services Review Board and the Illinois Department of Public Health (IDPH) access to any documents pertaining to University of Wisconsin Hospitals and Clinics Authority necessary to verify the information submitted with this application, including, but not limited to official records of IDPH or other Illinois agencies; the licensing or certification records of other states, when applicable; and the records of nationally recognized accreditation organizations.

Criterion 1110.230: Purpose of the Project

1. Document that the project will provide health services that improve the health care or well-being of the market area population to be served.

SwedishAmerican Health System, a Division of University of Wisconsin Health, proposes to construct a new Medical Office Building (MOB) on existing property owned by SwedishAmerican on Bell School Road in Rockford. The MOB will have 89 examination rooms, accommodating 30 physicians/advanced practice providers. The majority of these providers will be primary care (family medicine, pediatrics, internal medicine). Ancillary services will include general X-ray, ultra-sound, bone densitometry and lab.

Currently, SwedishAmerican operates eight primary care clinics and twelve specialty care clinics within the city of Rockford.—SwedishAmerican proposes to consolidate four of these existing clinics into this new facility to allow for physician growth, improved operational efficiencies and provide innovations in practice design to meet today's patient needs and demands. In addition, it will also enhance coordinated patient care across primary care and specialty areas within a single location.

As practices have grown at SwedishAmerican, facilities are at maximum capacity and have aged. These older designed facilities are costly to maintain, not efficient to operate and cannot be adapted to meet new practice innovations to better meet patient needs. A new facility will provide for physician growth and the opportunity to enhance the services offered to patients.

This location was chosen as SwedishAmerican owns this land which is located adjacent to SwedishAmerican's Regional Cancer Center, forming a campus environment as well as offering additional ancillary services. The location is also in close proximity to the four clinics that are being consolidated.

2. Define the planning area or market area, or other relevant area, per the applicant's definition.

SwedishAmerican's primary service area includes Winnebago, Boone and Ogle Counties. Most of our patients live within this area and all of our clinics are located within these three counties. This project seeks to consolidate several clinic operations within Rockford into a new medical office building located in relatively close proximity to the current locations.

SwedishAmerican Hospital is located in Hospital Service Area HSA 1 and in Planning Area B-01. HSA 1 is the service area comprised of the following counties in northern Illinois: Boone, Carroll, DeKalb, Jo Daviess, Lee, Ogle, Stephenson, Whiteside and Winnebago. Planning Area B-01 consists of Boone and Winnebago counties and portions of DeKalb and Ogle counties. Maps of HSA 1 and Planning Area B-01 are included with this Attachment 12.

3. *Identify the existing problems or issues that need to be addressed as applicable and appropriate for the project.*

Consolidation of four practices into one facility will provide for much better provider integration and interaction for coordinating care for patients as well as providing operational efficiencies. The new facility will enable physician growth to meet the needs of the demographic population and will introduce a new improved practice design which will provide enhanced patient privacy, easier delivery of ancillary services and provide a more aesthetic and quiet environment.

Providing both primary care and some specialty care in one facility will benefit patients by in not requiring them to drive to two or three locations for services. As an example, a patient with diabetes will now be able to see their primary care physician, their endocrinologist, their podiatrist and meet with their diabetes educator, case manager and social worker all in the same facility, allowing for much better access for the patient and coordination of care with providers.

Patients' demands continue to change, leading healthcare providers to deliver care closer to home and "on patient demand". A new patient care model of on-stage/off-stage examination rooms, patient pre-registration, patient self-check-in and patient self-rooming will assist in meeting today's patient demands for care to enhance their time utilization. In addition, each of SwedishAmerican's primary care facilities are currently at maximum capacity with no room to add new physicians, advanced practice providers, case managers and social workers. This new facility will allow SwedishAmerican to re-allocate providers across the remaining facilities and allow growth for 4-6 providers.

Over the past several years, SwedishAmerican's visit growth has continued to grow. For the four clinics being consolidated, below is the encounter trend and growth projection

Projected Visit Growth – Northeast Clinic		
YEAR	VISITS	% GROWTH
2014	115,718	
2015	115,517	0%
2016	120,011	3.9%
2017 projected	124,421	3.7%
2018 projected	128,632	3.0%
2019 projected	138,232	7.0%

4. *Cite the sources of the documentation.*

As the healthcare reimbursement system changes, healthcare organizations must find ways to operate more efficiently while continuing to provide quality patient care and meeting increased patient access and aging population needs. SwedishAmerican's parent company, UW Health, has also opted to construct facilities to consolidate clinics and to enhance patient experience utilizing the on-stage/off-stage model with much success, along with managing the needs of hiring enough primary care providers to meet the needs of patients.

<http://news.aha.org/article/care-coordination-is-the-next-challenge>

5. Detail how the project will address or improve the previously referenced issues, as well as the population's health status and well-being.

Providing enhanced access to care and services for patients is our primary objective of this project, so we can continue to meet the growing demands for patient care. SwedishAmerican's existing facilities are at full capacity. Extended hours (evening and Saturdays) are currently offered at each of our clinics, partly to alleviate the space constraints in existing clinics, but also to allow better patient access. Case coordinators, social workers and certified diabetes educators' schedules are coordinated with what exam space is available throughout the week which may or may not meet the patient's needs or the collaborating physician's needs. This new MOB will allow growth and space for the changing healthcare delivery model providing for social and chronic care issues.

6. Provide goals with quantified and measurable objectives, with specific timeframes that relate to achieving the stated goals as appropriate.

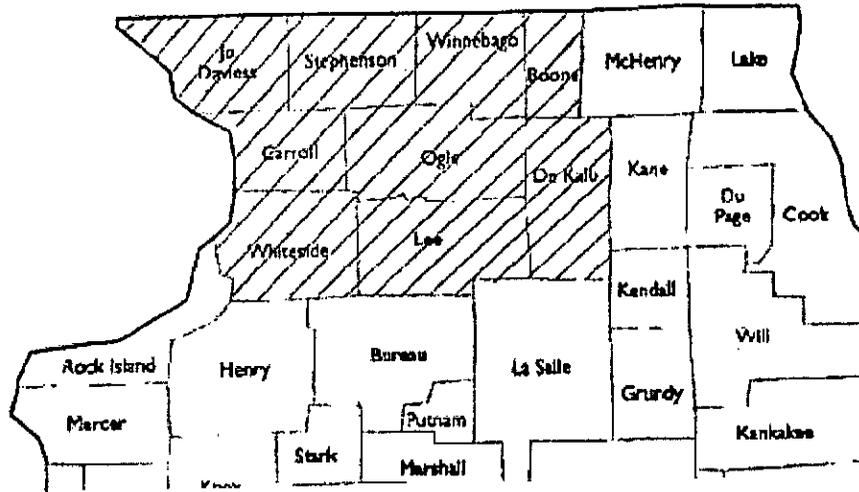

Goals are listed below.

- 1) Construct a new medical office building to be completed by fall, 2018.
- 2) Accommodate patient encounters of 138,232 by end of 2019, one year after opening
- 3) Recruitment of 4-6 additional primary care providers to meet growing patient access needs and improve primary care physician shortage in area
- 4) Improve patient care through new innovations in practice design and new technology, improve coordination of care with primary and specialty care within one facility, and improve patient experience with drive time for coordination of appointments in one facility.

Facilities - Only one of the facilities that will be vacated by consolidating practices is owned by SwedishAmerican. This facility will be repurposed for other organizational purposes. The other three facilities are currently leased.

SwedishAmerican will be relocating the majority of its minor equipment such as exam beds, procedure tables and lights, bone densitometry unit, podiatry scanner, but will upgrade the two x-ray units to be fully digital.

Criterion 1110.230: Alternatives

SwedishAmerican considered the following alternatives in evaluating this situation.

- 1) Continue to operate medical practices at diverse locations: This alternative was rejected because by it does not allow for expansion of existing medical practices and the enhancement of patient services. As indicated, our clinic facilities located within the Rockford area are at capacity, do not allow for improved operational efficiency and are physically not conducive to an enhanced patient experience through service innovations and updated workflows.
- 2) Build a smaller facility or lease an existing building: While this option provides for needed growth, it does not result in improved operational efficiency or provide for an enhanced patient service experience through service innovations and updated workflows.

Criterion 1110.234: Size of Project

1. *Document that the amount of physical space proposed for the proposed project is necessary and not excessive.*

The proposed medical clinics building will be developed through new construction. Of the total building size of 67,675 square feet, 4,662 dgsf is clinical. The radiology and lab areas will be located on the ground floor. An ultra-sound area will be on the second floor within an OB/GYN clinic.

The following Size of Project Table shows that the clinical areas meet the State standards set for in Part 1110 Appendix B:

Size of Project

Department/ Service	# of Units	Proposed DGSF	Proposed DGSF/Unit	State Standard DGSF	DGSF Difference/ Room	Met Standard?
Radiology X-ray	2	1,450	725	1,300	(575)	Yes
Ultra-sound	2	817	409	1,300	(891)	Yes
Exam Rooms	87	63,013	724	900	(776)	Yes
Lab w/draw stations	1	2,395	2,395	None	N/A	N/A

2. *If the gross square footage exceeds the BGSF/DGSF standards in Appendix B, justify the discrepancy by documenting one of the following:*
 - a. *Additional space is needed due to the scope of services provided, justified by clinical or operational needs, as supported by published data or studies and certified by the facility's Medical Director.*
 - b. *The existing facility's physical configuration has constraints or impediments and requires an architectural design that delineates the constraints or impediments.*
 - c. *The project involves the conversion of existing space that results in excess square footage.*
 - d. *Additional space is mandated by governmental or certification agency requirements that were not in existence when Appendix B standards were adopted.*

Not applicable as the project satisfies all standards in Appendix B.

Criterion 1110.234: Project Services Utilization

This criterion is applicable only to projects or portions of projects that involve services, functions or equipment for which HFSRB has established utilization standards or occupancy targets in 77 Ill. Adm. Code 1100.

Document that in the second year of operation, the annual utilization of the service or equipment shall meet or exceed the utilization standards specified in 1110.Appendix B. A narrative of the rationale that supports the projections must be provided.

A table must be provided in the following format with Attachment 15.

The projected utilization of services for which the Review Board has utilization standards is included in the table on the following page. A narrative of the rationale supporting the utilization projections is also with the table.

	DEPT/SERVICE	HISTORICAL UTILIZATION	PROJECTED UTILIZATION (procedures)	STATE STANDARD (procedures)	MEET STANDARD?
Year 1	X-Ray				
Year 2	X-Ray	N/A	8,000	8,000	YES
Year 1	Ultrasound				
Year 2	Ultrasound	N/A	6,500	6,500	YES

As this is a new facility, historical utilization is not available. Projected utilization is based upon procedures currently being performed for physicians at existing clinics that will be utilizing the proposed facility and factoring in both physician recruitment and practice growth. During fiscal year 2016 (July 2015 to June 2016), the number of patient encounters within our primary care practices grew by 4.9% over the previous fiscal year and the number of patient encounters within our specialty care practices grew by 16.8% over the previous fiscal year. We are witnessing continued growth during the current fiscal year. This increase in growth and limited capacity within the market creates service access issues for our patients.

Four of our existing clinics, (all located in close proximity) will be consolidated into this new facility. All of our clinic facilities in the greater Rockford area are being utilized at maximum capacity. Maximum capacity is measured based on a ratio of exam rooms per medical practice. Our medical practice model is for each physician practice to operate out of three exam rooms and each advanced practitioner (Advanced Nurse Practitioner or Physician Assistant) to operate out of two exam rooms. Based on this staffing ratio, additional practices added within the market will result in overutilization of exam rooms resulting in less efficient operations and negatively impacted patient care in terms of wait times. In addition, our patient demand continues to grow.

Current physicians relocating to this facility include 21 physicians and 4 advanced practice providers. In addition, the building is being planned to accommodate an additional 4-6 providers which are currently being recruited to meet projected growth in our patient demand for service. In total, the building is designed to include 89 exam rooms.

Criterion 1110.234: Assurances

The undersigned representative of the applicants understands that, by the end of the second year of operation after the project completion, the applicant is to meet or exceed the utilization standards specified in Appendix B. The applicants anticipate that by the second year of operation, utilization targets will be met for the services identified in Attachment 15.

Criterion 1110.3030: Clinical Service Area Other than Category of Service

This project includes the modernization of the following Clinical Service Areas other than Categories of Services:

Service	# Existing Key Rooms	# Proposed Key Rooms
X-Ray	0	2
Ultra-Sound	0	2
Lab	0	1

For establishment of these services, Criterion 1110.3030(a)(2) requires the following criteria to be addressed:

- (b)(1) &(3): Background of the Applicant
- (c): Need Determination

The Background criteria and Need Determination criteria are addressed below.

Criterion 1110.3030(b)(1)&(3): Clinical Service Areas: Background of the Applicant

The background of the applicants documentation is provided in Attachment 11 and, per 77 Ill. Adm. Code 1110.3030(b)(5), this documentation "is required one time per application."

Criterion 1110.3030(c)(2): Clinical Service Areas: Need Determination

"The applicant shall describe how the need for the proposed establishment was determined by documenting the following:

(i) The primary purpose of the proposed project is to provide care to the residents of the planning area in which the proposed service will be physically located;"
77 Ill. Adm. Code 1110.3030(c).

As addressed above, the project will provide care to the residents of the planning area in which the proposed services will be physically located in that the project will consolidate four existing medical practices in the Rockford area into a single location in Rockford. The project will serve Rockford area patients currently being treated at the four other sites.

The proposed project will better serve these existing patients through improved operational efficiencies and modern innovations in practice design to meet today's patient needs and demands. In addition, it will also enhance coordinated patient care across primary care and specialty areas within a single location.

Criterion 1120.130: Financial Viability Waiver

Re: *Illinois Finance Authority (Swedish American Hospital), Illinois, Fixed Rate Bonds*

Dear Mr. Flannery:

S&P Global Ratings has reviewed the rating on the above-listed obligations. Based on our review, we have raised our credit rating from "A" to "A+" and changed the outlook to stable from positive. A copy of the rationale supporting the rating and outlook is enclosed.

This letter constitutes S&P Global Ratings' permission for you to disseminate the above rating to interested parties in accordance with applicable laws and regulations. However, permission for such dissemination (other than to professional advisors bound by appropriate confidentiality arrangements) will become effective only after we have released the rating on standardandpoors.com. Any dissemination on any Website by you or your agents shall include the full analysis for the rating, including any updates, where applicable.

To maintain the rating, S&P Global Ratings must receive all relevant financial and other information, including notice of material changes to financial and other information provided to us and in relevant documents, as soon as such information is available. Relevant financial and other information includes, but is not limited to, information about direct bank loans and debt and debt-like instruments issued to, or entered into with, financial institutions, insurance companies and/or other entities, whether or not disclosure of such information would be required under S.E.C. Rule 15c2-12. You understand that S&P Global Ratings relies on you and your agents and advisors for the accuracy, timeliness and completeness of the information submitted in connection with the rating and the continued flow of material information as part of the surveillance process. Please send all information via electronic delivery to pubfin_statelocalgovt@spglobal.com. If SEC rule 17g-5 is applicable, you may post such information on the appropriate website. S&P Global Ratings

S&P Global Ratings Terms and Conditions Applicable To Public Finance Credit Ratings

General. The credit ratings and other views of S&P Global Ratings are statements of opinion and not statements of fact. Credit ratings and other views of S&P Global Ratings are not recommendations to purchase, hold, or sell any securities and do not comment on market price, marketability, investor preference or suitability of any security. While S&P Global Ratings bases its credit ratings and other views on information provided by issuers and their agents and advisors, and other information from sources it believes to be reliable, S&P Global Ratings does not perform an audit, and undertakes no duty of due diligence or independent verification, of any information it receives. Such information and S&P Global Ratings' opinions should not be relied upon in making any investment decision. S&P Global Ratings does not act as a "fiduciary" or an investment advisor. S&P Global Ratings neither recommends nor will recommend how an issuer can or should achieve a particular credit rating outcome nor provides or will provide consulting, advisory, financial or structuring advice. Unless otherwise indicated, the term "issuer" means both the issuer and the obligor if the obligor is not the issuer.

All Credit Rating Actions in S&P Global Ratings' Sole Discretion. S&P Global Ratings may assign, raise, lower, suspend, place on CreditWatch, or withdraw a credit rating, and assign or revise an Outlook, at any time, in S&P Global Ratings' sole discretion. S&P Global Ratings may take any of the foregoing actions notwithstanding any request for a confidential or private credit rating or a withdrawal of a credit rating, or termination of a credit rating engagement. S&P Global Ratings will not convert a public credit rating to a confidential or private credit rating, or a private credit rating to a confidential credit rating.

Publication. S&P Global Ratings reserves the right to use, publish, disseminate, or license others to use, publish or disseminate a credit rating and any related analytical reports, including the rationale for the credit rating, unless the issuer specifically requests in connection with the initial credit rating that the credit rating be assigned and maintained on a confidential or private basis. If, however, a confidential or private credit rating or the existence of a confidential or private credit rating subsequently becomes public through disclosure other than by an act of S&P Global Ratings or its affiliates, S&P Global Ratings reserves the right to treat the credit rating as a public credit rating, including, without limitation, publishing the credit rating and any related analytical reports. Any analytical reports published by S&P Global Ratings are not issued by or on behalf of the issuer or at the issuer's request. S&P Global Ratings reserves the right to use, publish, disseminate or license others to use, publish or disseminate analytical reports with respect to public credit ratings that have been withdrawn, regardless of the reason for such withdrawal. S&P Global Ratings may publish explanations of S&P Global Ratings' credit ratings criteria from time to time and S&P Global Ratings may modify or refine its credit ratings criteria at any time as S&P Global Ratings deems appropriate.

Reliance on Information. S&P Global Ratings relies on issuers and their agents and advisors for the accuracy and completeness of the information submitted in connection with credit ratings and the surveillance of credit ratings including, without limitation, information on material changes to information previously provided by issuers, their agents or advisors. Credit ratings, and the maintenance of credit ratings, may be affected by S&P Global Ratings' opinion of the information received from issuers, their agents or advisors.

Confidential Information. S&P Global Ratings has established policies and procedures to maintain the confidentiality of certain non-public information received from issuers, their agents or advisors. For these purposes, "Confidential Information" shall mean verbal or written information that the issuer or its agents or advisors have provided to S&P Global Ratings and, in a specific and particularized manner, have marked or otherwise indicated in writing (either prior to or promptly following such disclosure) that such information is "Confidential."

S&P Global Ratings Not an Expert, Underwriter or Seller under Securities Laws. S&P Global Ratings has not consented to and will not consent to being named an "expert" or any similar designation under any applicable securities laws or other regulatory guidance, rules or recommendations, including without limitation, Section 7 of the U.S. Securities Act of 1933. S&P Global Ratings has not performed and will not perform the role or tasks associated with an "underwriter" or "seller" under the United States federal securities laws or other regulatory guidance, rules or recommendations in connection with a credit rating engagement.

Disclaimer of Liability. S&P Global Ratings does not and cannot guarantee the accuracy, completeness, or timeliness of the information relied on in connection with a credit rating or the results obtained from the use of such information. S&P GLOBAL RATINGS GIVES NO EXPRESS OR IMPLIED WARRANTIES, INCLUDING, BUT NOT LIMITED TO, ANY WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR USE. S&P Global Ratings, its affiliates or third party providers, or any of their officers, directors, shareholders, employees or agents shall not be liable to any person for any inaccuracies, errors, or omissions, in each case regardless of cause, actions, damages (consequential, special, indirect, incidental, punitive, compensatory, exemplary or otherwise), claims, liabilities, costs, expenses, legal fees or losses (including, without limitation, lost income or lost profits and opportunity costs) in any way arising out of or relating to a credit rating or the related analytic services even if advised of the possibility of such damages or other amounts.

No Third Party Beneficiaries. Nothing in any credit rating engagement, or a credit rating when issued, is intended or should be construed as creating any rights on behalf of any third parties, including, without limitation, any recipient of a credit rating. No person is intended as a third party beneficiary of any credit rating engagement or of a credit rating when issued.
