RE: Certificate of Need Application for Vista Medical Center West

Dear Ms. Avery,

I am writing in support of US HealthVest's Certificate of Need to expand and enhance behavioral health services on the Vista Medical Center West campus.

There is an unmet need for specialized psychiatric services that is resulting in patients being deferred or denied treatment. Approval of this application will increase access to these important services in Waukegan, Lake County and beyond. According to the latest Lake County Community Health Assessment Report, mental health issues affect 23% of adults in Lake County with suicide being the 10th leading cause of death in Lake County. Mental health was the highest priority when identifying and building system capacity.

US HealthVest is making a significant investment in the renovation of the facility that will revitalize the campus. The new hospital will not only bring more qualified health professionals to Waukegan, but will offer new programs – much needed programs for patients and their family members and more inpatient beds than are currently available.

Please help our community and approve the application to expand behavioral health services at Vista Medical Center West.

Sincerely,

Theresa Plascencia
Superintendent
