Dear Ms. Avery and Members of the Review Board:

Re: Support for project 17-068, DaVita Oak Meadows Dialysis

Because I am committed to a healthier community, I would like to see the Review Board approve the Certificate of Need application filed by Davita Oak Meadows.

I was born and raised in Oak Lawn, and one of my two chiropractic clinics is located in Oak Lawn today. At Botti Chiropractic & Wellness, we emphasize the importance of improving your health in an effort to reduce the risk of pain and illness in the first place. Given the option, most people would prefer to be healthy and avoid illness if possible, and chiropractic care can help those people achieve their health and wellness goals. For those patients who may already be in pain, chiropractic care offers a unique way to provide pain relief for many types of pain and conditions. In short, we strive to help patients live more comfortable, fulfilling lives, similar to the mission of Davita.

Currently, the dialysis clinics around us and in our neighboring communities are highly utilized. Please issue the Certificate of Need to DaVita Oak Meadows, which will increase access to life-sustaining dialysis for people living on the South Side.

Sincerely,

Dr. Valentino Botti
