RE: Permit Alteration: Project #17-069 - Memorial Hospital-East Medical Clinics Building
Permit Holders: Washington University Physicians in Illinois, Inc., BJC Health System
d/b/a BJC Healthcare, Southwest Illinois Health Ventures, Inc., Metro-East Services,
Inc., Memorial Regional Health Services, Inc. and Memorial Group, Inc

Dear Mr. Turner:

On December 10, 2019, the Illinois Health Facilities and Services Review Board (State Board) approved the alteration requested for the above-captioned project. The permit holders were approved to:

increase the Permit Amount from \$38,290,267 to \$40,737,247, or 5.34%. The total gross square footage remains unchanged at 70,650 GSF. The alteration does NOT propose the discontinuation or addition of any categories of service, or a change in the methods of financing of the project from what was approved in the permit.

The permit holder is reminded that for the final realized cost report, any amount that exceeds the altered permit amount will be considered a cost overrun without a permit. The permit holder should note the post-permit requirements contained in "Subpart G" of 77 IAC 1130. Adherence to the post-permit requirements is essential in maintaining a valid permit and is the responsibility of the permit holder.

If you should have any questions please contact Mike Constantino or George Roate at 217.782.3516 or Mike.Constantino@illinois.gov or George.Roate@illinois.gov

Sincerely,

A handwritten signature in blue ink that reads "Courtney Avery".
