RE: Permit Alteration: Project #18-025; Permit Holder: The University of Chicago Medical Center

Dear Mr. Beberman:

The letter we received on December 11, 2019 notifying the Health Facilities and Services Review Board (HFSRB) of alterations to Project #18-025 was reviewed and accepted. The letter describes changes which you consider necessary to report to HFSRB within 30 days after the alterations but which do not require the approval of HFSRB prior to implementation.

Based on the information provided, these alterations have been appropriately reported to HFSRB and do not require HFSRB approval. This determination is made in accordance with Section 1130.750 c) and d) of HFSRB rules.

The permit holder is reminded that for the final realized cost report, any amount that exceeds the altered permit amount will be considered a cost overrun without a permit.

The permit holder should note the post-permit requirements contained in "Subpart G" of 77 IAC 1130. Adherence to the post-permit requirements is essential in maintaining a valid permit and is the responsibility of the permit holder.

Should you have any questions or concerns please contact Mike Constantino or George Roate of my staff at Mike.Constantino@illinois.gov or George.Roate@illinois.gov or 217.782.3516.

Sincerely,

A handwritten signature in blue ink that reads "Courtney Avery".
