**Re: Application for Permit - Quincy Medical Group Surgery Center  
Request for Expedited Review**

Dear Ms. Avery:

On behalf of Quincy Medical Group, I respectfully request expedited review of the Application for Permit filed on October 25, 2018 and consideration of the proposed project at the March 2019 Board meeting.

As noted in the Application for Permit, the estimated completion date for the project is March 1, 2021. The completion date contemplates the project being considered and approved at the March 2019 Board meeting. If the project is not heard at the March 2019 meeting, construction will be delayed and the project's estimated completion date will likely need to be revised.

Thank you for your consideration of this request. If you have any questions or require any additional information to complete your review, please feel free to contact me.

Sincerely,

Carol Brockmiller, CMPE  
Chief Executive Officer  
Quincy Medical Group
