To whom it may concern:

I am writing today to voice my **strong opposition to the closure of Westlake Hospital.**

Earlier this year, Pipeline Health finalized the purpose of a three-hospital system that included Westlake Hospital. The **prospect of closing any hospital in the system was not approached during the negotiations of the sale.** Pipeline even pledge to turn around the financially struggling facilities, yet **Pipeline has blindsided our community by making the decision to begin the process to close Westlake Hospital.**

Closing Westlake Hospital will take away access to health care from a community largely of color, just to boost corporate profits of Pipeline Health.

**The closure of Westlake has resulted in a grassroots effort to save the hospital.** I write to join the strong coalition of community residents, local elected officials and medical professionals at Westlake Hospital to encourage the Health Facilities and Services Review Board to **block the closure of Westlake Hospital.**

Sincerely, *Michael Sykes*

I am writing today to voice my **strong opposition to the closure of Westlake Hospital.**

Earlier this year, Pipeline Health finalized the purpose of a three-hospital system that included Westlake Hospital. The **prospect of closing any hospital in the system was not approached during the negotiations of the sale.** Pipeline even pledge to turn around the financially struggling facilities, yet **Pipeline has blindsided our community by making the decision to begin the process to close Westlake Hospital.**

Closing Westlake Hospital will take away access to health care from a community largely of color, just to boost corporate profits of Pipeline Health.

**The closure of Westlake has resulted in a grassroots effort to save the hospital.** I write to join the strong coalition of community residents, local elected officials and medical professionals at Westlake Hospital to encourage the Health Facilities and Services Review Board to **block the closure of Westlake Hospital.**

Sincerely,

The **prospect of closing any hospital in the system was not approached during the negotiations of the sale.** Pipeline even pledged to turn around the financially struggling facilities, yet **Pipeline has blindsided our community by making the decision to begin the process to close Westlake Hospital.**

Closing Westlake Hospital will take away access to health care from a community largely of color, just to boost corporate profits of Pipeline Health.

**The closure of Westlake has resulted in a grassroots effort to save the hospital.** I write to join the strong coalition of community residents, local elected officials and medical professionals at Westlake Hospital to encourage the Health Facilities and Services Review Board to **block the closure of Westlake Hospital.**

Sincerely,

*Maria Herrera.*

To whom it may concern:

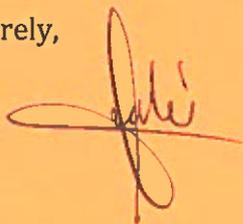

I am writing today to voice my **strong opposition to the closure of Westlake Hospital.**

Earlier this year, Pipeline Health finalized the purpose of a three-hospital system that included Westlake Hospital. **The prospect of closing any hospital in the svstem was not approached during the negotiations of the sale.** Pipeline even pledged to turn around the financially struggling facilities, yet **Pipeline has blindsided our community by making the decision to begin the process to close Westlake Hospital.**

Closing Westlake Hospital will take away access to health care from a community largely of color, just to boost corporate profits of Pipeline Health.

**The closure of Westlake has resulted in a grassroots effort to save the hospital.** I write to join the strong coalition of community residents, local elected officials and medical professionals at Westlake Hospital to encourage the Health Facilities and Services Review Board to **block the closure of Westlake Hospital.**

Sincerely,

A handwritten signature in red ink, appearing to be 'Andrea Wolford', written over a large, faint red oval scribble.
