**HEALTH FACILITIES &
SERVICES REVIEW BOARD**

Dear Ms. Avery,

I am writing in support of the Carle Foundation in their proposed affiliation with Advocate BroMenn Medical Center and Advocate Eureka Hospital, and in support of Certificates of Exemption E-013-20 and E-014-20. I proudly represent the 105th District in the Illinois State House of Representatives, and will represent Carle BroMenn Medical Center.

Healthcare has a large impact in my district, both in access to care and jobs for those who provide it. I believe that the Carle Foundation Health System has the experience, leadership, and core values needed to take on that mantle, and I look forward to working with them as they continue to serve high level care to those I represent. Another strong indicator for me is the fact that Carle has long demonstrated a charitable mission and proven track record of enhanced access and coordination of care for patients in Central Illinois and those in my district.

I believe Carle will serve the members of my community and district well and am again proud to support their Certificate of Exemption.

Sincerely,

A handwritten signature in black ink, appearing to read "Dan Brady", with a long, sweeping underline.
