Illinois Health Facilities and Services Review Board  
Attn: Mr. Michael Constantino  
525 West Jefferson Street, 2nd Floor  
Springfield, IL 62761

RE: E-021-18

Dear Mr. Constantino:

On May 15, 2018, the Illinois Health Facilities and Services Review Board (HFSRB) approved the discontinuation of an existing Health Care facility, Prairie Diagnostic Center, a single-specialty ambulatory surgery treatment center ("ASTC").

At this time, pursuant to Section 1130.570(c), we are notifying you that surgical services were permanently discontinued at Prairie Diagnostic Center effective the date of approval of the request for a discontinuation, or May 15, 2018. The facility continues to operate as a non-surgical outpatient center for cardiovascular specialties.

Due to the permanent discontinuation of surgical services, all patients requiring cardiac catheterization procedures are being referred to HSHS St. John's Hospital.

We appreciate your assistance, and should you have any questions do not hesitate to contact me directly at 217-544-6464 ext. 44572.

Thank you.

Sincerely,

A handwritten signature in black ink, appearing to read 'Charles L. Lucore'.
