RE: Discontinuation of a Category of Service Exemption, Health Facilities Planning Act
Exemption # E-032-19 – The Ingalls Memorial Hospital
Exemption Holder: The Ingalls Memorial Hospital, The University of Chicago Medical Center

Dear Mr. Beberman:

On September 17, 2019 the Illinois Health Facilities and Services Review Board (State Board) approved your request for discontinuation of a category of service. The approval was based upon the application's compliance with applicable provisions of 77 ILAC 1130.500, 77 ILAC 1130.525 and 77 ILAC 1110.290. The exemption is for the discontinuation of the 17-bed pediatric category of service at The Ingalls Memorial Hospital, One Ingalls Drive, Harvey, Illinois. Upon approval the 17 pediatric beds will be converted to 17 medical surgical beds. The following categories of service and beds remain:

Categories of Service	Beds
Medical Surgical	315
Obstetric	21
Intensive Care	25
Acute Mental Illness	78
Rehabilitation	46
Total Beds	485

You are reminded that this exemption requires that for discontinuation of a category of service a notice of project completion must be submitted to the State Board no later than 90 days following the project completion date (September 18, 2019). Failure to provide the required notification shall subject the exemption holder to the sanctions provided under Section 14 of the Illinois Health Facilities Planning Act.

The State Board's approval does not exempt the transaction from any other regulatory, certification or licensure requirements that may be applicable prior to discontinuation.

Should you have any questions or concerns please contact Mike Constantino or George Roate of my staff at Mike.Constantino@illinois.gov or George.Roate@illinois.gov or 217.782.3516.

Sincerely,

Courtney Avery
