RE: Discontinuation of a Health Care Facility - Health Facilities Planning Act
Exemption # E-042-19 – Marion Dialysis
Exemption Holder: Davita Inc., Renal Life Link, Inc.

Dear Ms. Anderson:

On October 22, 2019 the Illinois Health Facilities and Services Review Board (State Board) approved your request for discontinuation of a health care facility. The approval was based upon the application's compliance with applicable provisions of 77 ILAC 1110.290. The exemption is for the discontinuation of the 13-station end stage renal dialysis facility located at 324 South 4th Street, Marion, Illinois.

You are reminded that this exemption requires that for discontinuation of a health care facility a notice of project completion must be submitted to the State Board no later than 90 days following the project completion date (October 23, 2019). Failure to provide the required notification shall subject the exemption holder to the sanctions provided under Section 14 of the Illinois Health Facilities Planning Act.

The State Board's approval does not exempt the transaction from any other regulatory, certification or licensure requirements that may be applicable prior to discontinuation.

Should you have any questions or concerns please contact Mike Constantino or George Roate of my staff at Mike.Constantino@illinois.gov or George.Roate@illinois.gov or 217.782.3516.

Sincerely,

A handwritten signature in blue ink that reads "Courtney Avery".

Courtney Avery
Administrator
Illinois Health Facilities and Services Review Board
