Re: Certificate of Exemption No. E-001-11, Surgery Center of Southern Illinois

This is a letter of support in favor of the above referenced exemption request.

It appears Mr. Ahmad has started a public campaign using his company to smear Mr Osman's name and character in our area, with mailings and public media comments.

I have been a business partner with Mr. Osman since 2003 in two different businesses. We were not friends, he came in as an investor. He has been a most invaluable business partner and advisor for the success of our business. We are a company with a national presence and only minimal local resources, we process consumer reports for the pre employment needs of companies all over the country. We have revenue topping two million dollars annually and growing. We expect with our current growth to be at five million in revenue by 2013. Over 60% of our business is acute healthcare facilities and regional and local healthcare organizations located in different parts of the country.

Mr. Osman has never been unethical or unfair in our relationship, and in fact, has gone to extreme measures not required by our partnership, to insure the success of the company and the success of its owners and its employees. He has sacrificed his time and personal financials to accomplish this success.

I hope Mr. Osman and I continue our business relationship and now friendship for a lifetime. He has been a very important Mentor and Adviser to me and this company. I am very disappointed in the rhetoric I have been hearing from Mr. Ahmad and his office about Mr. Osman. The disrespectful comments by Mr. Ahmad should be weighed carefully and his actions publicly admonished.
