RE: Exemption Approval
Health Facilities Planning Act
PROJECT: E-009-12 - WSKC Dialysis Services Inc., d/b/a Fresenius Medical Care Alsip
PERMIT HOLDERS: Fresenius Medical Care Holdings, Inc.

Dear Ms. Wright:

On January 4, 2013 the Chairman of the Illinois Health Facilities and Services Review Board ("State Board") approved your exemption request for E-009-12. You are approved to add four end stage renal dialysis stations at 12250 Cicero Avenue, Alsip, Illinois for a total of 20 end stage renal dialysis stations at this location. The approved cost of the project is \$107,000 and the anticipated project completion date is May 31, 2014.

The exemption holder is reminded that a written notice of project completion must be submitted no later than 30 days following the project completion date and a final cost report provided no later than 60 days following the project completion date.

The exemption holder is also reminded that the rules under which the exemption was approved, and issued, may include limitations and assurances as to the ongoing performance of this project. Failure to comply with any ongoing performance requirements could invalidate the permit and expose the permit holder to any fines, penalties, or other sanctions provided by the Board's Act and Rules.

Should you have any questions, please contact me at (217) 782-3516.

Sincerely,

A handwritten signature in cursive script that reads "Courtney R. Avery".

Courtney R. Avery, Administrator
Illinois Health Facilities and Services Review Board

cc: Dale Galassie, Chairman
