Re: Advisory Opinion - Annawan Urgent Care Clinic

Dear Mr. Kuhn:

We are in receipt of your request to modernize the Urgent Care Clinic at a cost of approximately \$683,000. Based upon the information provided in your *Determination of Reviewability the proposed modernization **does not** require a certificate of need because the cost of the proposed modernization is under the capital expenditure minimum.*

This opinion is based upon the information contained in your request, the Health Facilities Planning Act, and the current rules of the State Board. This is a staff advisory opinion and does not constitute a determination by the State Board. This opinion relates solely to the applicability of certificate of need requirements and is based upon the applicable statutory requirements, rules and regulations in effect as of this date. In addition you are advised that this opinion does not address the applicability of or need to comply with any other regulations or requirements of other programs or agencies, such as licensing or certification.

Should you wish to obtain a determination by the State Board, you may request that this declaratory ruling request be put on the State Board agenda in writing to me.

If you should have questions please contact Mike Constantino or George Roate at mike.constantino@illinois.gov or george.roate@illinois.gov or 217.782.3516.

Sincerely,

A handwritten signature in cursive script that reads "Mike Constantino".
