Re: Advisory Opinion

Dear Mr. Spires:

We received your email dated February 12, 2019 notifying the State Board of the replacement of an emergency generator at Heritage Health Gillespie located at 7588 Staunton Road in Gillespie, Illinois at a cost of approximately \$53,800. Based upon the information submitted in your email a certificate of need would not be required because the cost does not exceed the capital expenditure minimum.

This opinion is based upon the information contained in your request, the Health Facilities Planning Act, and the current rules of the State Board. This is a staff advisory opinion and does not constitute a determination by the State Board. This opinion relates solely to the applicability of certificate of need requirements and is based upon the applicable statutory requirements, rules and regulations in effect as of this date. In addition you are advised that this opinion does not address the applicability of or need to comply with any other regulations or requirements of other programs or agencies, such as licensing or certification.

If you should have questions please contact Mike Constantino or George Roate at 217.782.3516 or mike.constantino@illinois.gov or george.roate@illinois.gov

Sincerely,

A handwritten signature in cursive script that reads "Mike Constantino".
