Re: Advisory Opinion

Dear Mr. Van Den Heuvel:

We are in receipt of your request dated March 20, 2019 for an advisory opinion on the modernization of approximately 5,400 GSF of space currently being used for office and storage space adjacent to patient care space at the Javon Bea Hospital – Riverside Campus, 8201 East Riverside Campus, Rockford, Illinois. Based upon your submittal the modernized space will contain seven multi-purpose spaces (i.e. observation beds) and will cost approximately \$6.5 million. Based upon this submittal the proposed modernization does not require a certificate of need because the cost of the project is below the capital expenditure minimum of \$13,477,931.

This opinion is based upon the information contained in your request, the Health Facilities Planning Act, and the current rules of the State Board. This is a staff advisory opinion and does not constitute a determination by the State Board.

This opinion relates solely to the applicability of certificate of need requirements and is based upon the applicable statutory requirements, rules and regulations in effect as of this date. In addition you are advised that this opinion does not address the applicability of or need to comply with any other regulations or requirements of other programs or agencies, such as licensing or certification.

Should you have any questions or concerns please contact Mike Constantino or George Roate of my staff at [Mike.Constantino@illinois.gov](mailto:Mike.Constantino@illinois.gov) or [George.Roate@illinois.gov](mailto:George.Roate@illinois.gov) or 217.782.3516.

Sincerely,
