3354            b) If the Director temporarily suspends a registration or an agent registration without
3355            a hearing, the registrant is entitled to a hearing within 45 days after the suspension
3356            notice has been issued. The hearing shall be limited to the issues cited in the
3357            suspension notice, unless all parties agree.
3358
3359            c) If the Division does not hold a hearing within 45 days after the date the
3360            suspension notice was issued, then the suspended registration shall be
3361            automatically reinstated and the suspension vacated.
3362
3363            d) The suspended registrant may seek a continuance of the hearing date, during
3364            which time the suspension remains in effect and the registration shall not be
3365            automatically reinstated.
3366
3367            e) Subsequently discovered causes of action by the Division after the issuance of the
3368            suspension notice, may be filed as a separate notice of violation. The Division is
3369            not precluded from filing a separate cause of action against the suspended
3370            registrant.

3371            Section 1290.530 Consent to Administrative Supervision Order
3372
3373            In appropriate cases, the Division may resolve a complaint against a registrant through the
3374            issuance of a consent order for administrative supervision. A registrant subject to a consent order
3375            shall be considered by the Division to hold a registration in good standing.
3376
3377            Section 1290.540 Subpoenas; Oaths; Attendance of Witnesses (Repealed)
Section 1290.550  Request for Hearing (Repealed)

Section 1290.560  Findings and Recommendations

a) At the conclusion of a hearing, the hearing officer shall present the Director with a written report of the findings of fact, conclusions of law and recommendations. The report shall state whether the hearing officer finds the respondent liable or not liable. If the hearing officer finds the respondent liable, the hearing officer shall specify the violations. The hearing officer shall promptly serve a copy of the written report on the respondent.

b) The report of findings of fact, conclusions of law and recommendation of the hearing officer shall be a basis for the Director's order refusing to issue, restore or renew a registration, or otherwise discipline a registrant. If the Director disagrees with the recommendations of the hearing officer, the Director may issue an order in contravention of the hearing officer's recommendations. The finding is not admissible as evidence against the person in a criminal prosecution brought for a violation of this Act, but the hearing and finding is not a bar to a criminal prosecution brought for a violation of this Act.

Section 1290.570  Restoration of Registration from Discipline

At any time after the successful completion of a term of indefinite probation, suspension or revocation of a registration, the Division may restore the registration to active status, unless, after an investigation, the Director determines that restoration is not in the public interest. No person or entity whose registration has been revoked may apply for restoration, unless provided for in the Civil Administrative Code of Illinois.

Section 1290.575  Appointment of a Hearing Officer

The Director has the authority to appoint any attorney licensed to practice law in the State of Illinois to serve as the hearing officer in any action for refusal to issue, restore or renew a registration or to discipline a registrant. The hearing officer has full authority to conduct the hearing.

Section 1290.580  Transcript; Record of Proceedings
The Division shall preserve a record of proceedings at the hearing of any case. The notice of hearing, notice of violation and all other documents in the nature of pleadings and written motions filed in the proceedings, the transcript of testimony, the report of the hearing officer, and the orders of the Division shall be the record of the proceedings.

Section 1290.590  Certification of Record; Receipt

The Division shall not be required to certify any record to the court, to file an answer in court or otherwise to appear in any court in a judicial review proceeding until the Division has received payment of the costs of furnishing and certifying the record from the plaintiff, costs that shall be determined by the Division. Failure on the part of the plaintiff to file a receipt in court is grounds for dismissal of the action.

SUBPART I: GENERAL

Section 1290.600  Intergovernmental Cooperation

a) Whenever the Division revokes or suspends a registration, it shall notify ISP, DOA, DPH and the police department or sheriff's office whose jurisdiction includes the registrant's dispensing location.

b) If ISP, any municipality, township, county or local law enforcement agency takes action relating to the operation of the registrant's dispensing location, it shall notify the Division of the action taken and the reason for the action within five days.

Section 1290.610  Variances

a) The Director may grant variances from this Part in cases in which:

1) The applicable provision is not statutorily mandated;

2) No party will be injured by the granting of the variance; and

3) The rule from which the variance is granted would, in the particular case, be unreasonable or unnecessarily burdensome.

b) An approval for a variance may be revocable, may be granted for a limited period of time or may be granted subject to the conditions as the Director may prescribe.
Section 1290.620 Administrative Decisions

Final administrative decisions of the Division are subject to judicial review under the Administrative Review Law [735 ILCS 5/Art III]. The term "administrative decision" is defined as in Section 3-101 of the Code of Civil Procedure.
