 Arlene,

Thanks for the clarification. I will reach out to Levitan by Monday at the latest. We have been working on a presentation that highlights what FG is about and provides additional insight into how we arrived at the costs. We do not intend to share our costs with Levitan unless instructed to do so. It was my understanding you wanted them to have an unbiased view.

I re-read my message and realized that the purpose of the meeting may be open to some confusion. Let me clarify.

The seller is not permitted have knowledge of the benchmark or the specific methodology or mathematics by which it is established. So the meeting should be limited to allow Levitan to only gather information about the Future Gen project necessary for it to establish the benchmark. Just a precaution.

Thanks!

Arlene,

Just wanted to provide you with an update. The Alliance is working to finish the revisions to the draft PPA and will be sending it out electronically to the IPA, ComEd, Ameren and the ARES later today.

Also, we have started to work on presentation material for a an upcoming meeting with Levitan, but have not heard from you regarding their status. Any information you could provide on when I might hear from them regarding potential meeting dates would be greatly appreciated.

Please do not hesitate to call if you have any questions.
