Anthony, Brian,

Thank you again for the opportunity yesterday to provide more information on the significant progress Sargas has made on its Mattoon clean coal carbon capture project with its integrated EOR component. In the coming days we'll be sending you a general overview with public detail for your consideration and use, and will prepare more specific material in response to questions you may have, and in connection with our proposal to include the Sargas project in the forthcoming procurement plan as a clean coal project, on a competitive basis.

We look forward to working with you toward this end.

Best regards,

Paul Gandola, President
