ITEM 4 - DIVISIONAL REPORTS

Mr. Patrick Polick, Interim Chief Inspector, presented the Quarterly Divisional Reports for December 2020 through February 2021.

It was recognized by Chair Hacker and other Board members that regular and past due inspections were down from the previous quarter. Chief Inspector Polick attributed the variances to an optional overtime allowance in the previous quarter. Past due (over 90 day) invoices are trending lower due to effectively reaching owner/users of objects to ensure payment of past due invoices. Reminder notices were sent out in mid- January to March which increased awareness and in doing so, allowed inaccurate contact information to be identified. Chair Hacker suggested identifying extremely late violators with follow-up legal letters. Board Members made note of trends moving in a positive direction due to Mr. Polick's leadership and team efforts.
