State of Illinois

Application for
9-1-1 Modification Plan
INTRODUCTION

The following document provides the application for submitting a 9-1-1 Consolidation Plan that will supply the Department of State Police (Department), the Illinois Commerce Commission (ICC), the Statewide 9-1-1 Advisory Board (Advisory Board) and the Statewide 9-1-1 Administrator (Administrator) with the necessary information about your proposal to consolidate your 9-1-1 system. All consolidations plans must comply with 83 Ill. Adm. Code Part 1324.

There are three consolidation categories. Please find below the documents that need to be included when filing a consolidation plan for each category.

1) Consolidation of an unserved county with an existing 9-1-1 authority and the creation of a Joint ETSB
2) Consolidation of either paper ETSB’s or multiple ETSB’s resulting in the creation of a Joint ETSB and consolidation of individual PSAP’s
3) Consolidation of PSAP’s within an ETSB

NARRATIVE STATEMENT:

(Provide a detailed summary of system operations for either a consolidation or modified plan. If incorporating an NG9-1-1 solution, please include the additional items listed below pursuant to 1325.205b(12).

1) Indicate the name of the certified 9-1-1 system provider being utilized.
2) Explain the national standards, protocols and/or operating measures that will be followed.
3) Explain what measures have been taken to create a robust, reliable and diverse/redundant network and whether other 9-1-1 Authorities will be sharing the equipment.
4) Explain how the existing 9-1-1 traditional legacy wireline, wireless and VoIP network, along with the databases, will interface and/or be transitioned into the NG9-1-1 system.
5) Explain how split exchanges will be handled.
6) Explain how the databases will be maintained and how address errors will be corrected and updated on a continuing basis.
7) Explain who will be responsible for updating and maintaining the data, at a minimum on a daily basis Monday through Friday.
8) Explain what security measures will be placed on the IP 9-1-1 network and equipment to safeguard it from malicious attacks or threats to the system operation and what level of confidentiality will be placed on the system in order to keep unauthorized individuals from accessing it.

Plan Narrative:

The Kane County ETSB formed in 1989 and began offering Wireline Enhanced 9-1-1 operations in 1991 and Wireless 9-1-1 services in 1994. At the time of formation there were four (4) PSAPs established at Aurora, Kane County Sheriff, Montgomery, and Tri-Com. In 2013 the Village of Montgomery PSAP was permanently closed with the KenComm PSAP in Yorkville taking over the 9-1-1 services for the village. Today there are three (3) PSAPs remaining which must now be reduced to two (2) in order to be in compliance with Illinois Public Act 099-0006.

The purpose of this plan modification is to allow the City of Aurora to opt out of the Kane County ETSB thus reducing the number of PSAPs under the Kane County ETSB to two (2) and allow the City of Aurora and Village of North Aurora to opt in to the City of Naperville ETSB which will then also have two (2) PSAPs. The population served under the Naperville ETSB is estimated at 339,752, and under the Kane County ETSB is estimated at 152,101, therefore this modification will allow both the Kane County ETSB and the Naperville ETSB to be fully complaint with the public act. With ISP approval we are expecting the requested modification to take place on or about December 1, 2017. Intergovernmental agreements have already been executed and made a part of this plan modification application.

The plan modification to allow the proposed change in governance is further supported by the noticeable strong cooperation between the two adjacent large cities. The City of Aurora shares a common border with the City of Naperville. The City of Aurora has portions of the city in four (4) separate counties: Kane, Du Page, Kendall, and Will, and similarly the City of Naperville has portions of its city in Du Page and Will Counties. Since the year 2010 the Aurora PSAP and the Naperville PSAP have worked together to bring about reciprocal agreements that allows each city to back-up each others PSAP. The two communities have jointly participated in establishing a new public safety radio system that now allows each to have interoperability with the other. Both communities contributed a substantial amount of funding to establish this interoperability radio system. Also in progress at this time is a plan where both the Aurora and Naperville PSAPs will have the same CAD (computer aided dispatch system) (Hexagon CAD formerly Intergraph) and be able to share data. This is estimated to be implemented in 2018.

Because of their proximity to one another, similar community sizes, PSAP operations, back-up arrangements, and equipment cost sharing, it makes logical sense that these two PSAPs be under the governance of one ETSB.
Narrative Plan:

Call Handling Agreements:
The Kane County ETSB has existing call handling agreements with all the participating public safety agencies and adjacent public safety agencies. Copies of these call handling agreements are therefore already on file with the state and were recently recertified with the Illinois State Police and Illinois Attorney General on January 15, 2017 as required under the Emergency Telephone System Act (50 ILCS 750). There are no changes to these agreements as a result of this plan modification.

FIVE YEAR STRATEGIC PLAN FOR CONSOLIDATION PLAN

(Provide a detailed summary of the proposed system's operation, including but not limited to, a five-year strategic plan for implementation of the consolidation plan with financial projections)

Narrative:

Under this requested plan modification the City of Aurora and Village of North Aurora would opt out of the Kane County ETSB and opt into the neighboring City of Naperville ETSB. Under the Kane County ETSB there will be two (2) PSAPs operating; KaneComm PSAP (Geneva) and Tri-Com PSAP (St. Charles). Under the Naperville ETSB there will be two PSAPs operating; Naperville PSAP (Naperville) and Aurora PSAP (Aurora). It should be noted that the Aurora PSAP currently answers 9-1-1 for the Village of North Aurora. Under the revised plan this relationship between Aurora and North Aurora will remain in tact.

All PSAPs currently are operating legacy 9-1-1 service, however text to 9-1-1 services are being provided. Wireless 9-1-1 calls are being answered as Wireless Phase II. It would be our plan to have the Aurora and Naperville PSAPs migrate to NG9-1-1 under the Naperville ETSB and have the KaneComm PSAP and Tri-Com PSAP migrate to NG9-1-1 under the Kane County ETSB once the State of Illinois has implemented a digital 9-1-1 network capable of supporting secure 9-1-1 calls for service. This migration is expected to be somewhere around the year 2020.

Over the next five (5) years both the Kane County and Naperville ETSBs plan to continue to be proactive and keep 9-1-1 services modern with the best technology that is available.

WITNESSETH:

WHEREAS, Kane ETSB currently is certified to provide and operate Enhanced 9-1-1 telephone service to the City of Aurora as well several other communities and rural unincorporated areas of Kane County under Illinois Commerce Commission Order #91-213, and the City of Naperville currently is certified to provide and operate Enhanced 9-1-1 telephone service to the City of Naperville under Illinois Commerce Commission Order #92-0158; and

WHEREAS, under Illinois law an ETSB is required to select a location for alternate routing when 9-1-1 lines to the primary Public Safety Answering Point (“PSAP”) are busy or if the primary PSAP closes down for a period of time due to an emergency situation; and

WHEREAS, Article VII, Section 10 of the 1970 Illinois Constitution and 5 ILCS 220/1 et seq. authorize units of local government to enter into intergovernmental Cooperation contract; and

WHEREAS, Kane ETSB’s Aurora PSAP and the City of Naperville PSAP mutually desire to enter into an Agreement establishing the Naperville PSAP for alternate routing for 9-1-1 calls when the 9-1-1 lines to the Kane ETSB Aurora PSAP are busy or in the event that the Kane ETSB Aurora PSAP closes down for a period of time due to an emergency situation,

NOW, THEREFORE, in consideration of the mutual covenants herein, the Kane ETSB and the City of Naperville do hereby agree as follows:

The City of Naperville PSAP agrees to process all calls rerouted to it as set out above.
2. When the need for alternate routing arises, the Kane ETSB Aurora PSAP will contact the Naperville PSAP and advise the Naperville PSAP of the reason for the alternate routing request along with the estimated length of time the alternate routing will need to be in effect while the Aurora PSAP personnel travel to their back-up PSAP to re-establish the answering of Aurora 9-1-1 calls. Calls received by the Naperville PSAP that require dispatch in accordance with this Agreement will be directly dispatched via the shared Aurora-Naperville public safety radio communications system for the response of an appropriate Aurora public safety agency. The City of Naperville shall not be required to incur or pay costs of any kind as a result of this Agreement and the Kane ETSB agrees to indemnify and reimburse Naperville for any costs they would incur in the actual performance of this Agreement.

3. Naperville agrees to serve as Kane ETSB’s Aurora PSAP’s back-up without any compensation except as provided in this Agreement.

8. All 9-1-1 surcharge monies collected prior to the effective date of the transfer and earmarked as City of Aurora and Village of North Aurora allocated reserve funds shall be transferred and distributed to the Naperville ETSB.

NOW THEREFORE IT IS AGREED BY THE CITY OF NAPERVILLE, THE CITY OF AURORA, AND THE VILLAGE OF NORTH AURORA AS FOLLOWS:

1. All recitals set forth above are incorporated herein and made a part thereof, the same constituting the factual basis for this Agreement.

2. **Scope of Agreement.** This Agreement sets forth the operational and functional aspects of the Naperville ETSB now that the City of Aurora and Village of North Aurora are part of the jurisdictional boundaries of the Naperville ETSB. This Agreement does not create a Joint ETSB under the Emergency Telephone System Act, 50 ILCS 750/01 et seq. but rather memorializes the merger of the City of Aurora’s existing PSAP into the existing Naperville ETSB.

3. **Public Safety Answering Points ("PSAP").** The Naperville ETSB will now have two PSAPs, one located at 1350 Aurora Ave., Naperville ("Naperville PSAP") and a second located at 1200 E. Indian Trail, Aurora ("Aurora PSAP"). The City of Aurora and City of Naperville will continue to operate and maintain their own respective PSAPs. The City of Aurora will provide PSAP services to the Village of North Aurora pursuant to its Agreement, "North Aurora Agreement," which is attached hereto as Exhibit A.

4. **Dispatching Services.** This Agreement will not change the status quo of dispatch services for the City of Naperville or the City of Aurora or their respective PSAPs. The City of Naperville will provide dispatch services to the applicable residents of Naperville. The City of Aurora will provide dispatch services to the applicable residents of Aurora. The City of Aurora will also provide any dispatch services set forth in the North Aurora Agreement.

5. **Funding.** The intent of this Agreement is to ensure that the surcharge funds collected from or attributable to City of Naperville residents support the Naperville PSAP and that the surcharge funds collected from or attributable to City of Aurora and Village of North Aurora residents support the Aurora PSAP. To the extent possible, the funds for the two PSAPs shall be kept separate and the funds distributed for each PSAP shall be used to support the respective PSAP. To the extent that the funds are not distributed by the State of Illinois or Illinois State Police to the specific PSAP, the Naperville ETSB shall take all steps to distribute the funds to the appropriate PSAP and shall reflect the intent of this Agreement. The Naperville ETSB shall distribute the revenues according to the ESN lines for wireline funds and by ZIP code from cell phone, Voice over Internet Protocol ("VoIP"), and other applicable wireless technology customer bills for wireless
funds to the corresponding municipality. The intent of this Agreement is further that the expenditures from the ETSB Fund are tied to the respective municipal PSAPs and that no municipality shall be able to block or require the use or expenditure of another municipality’s PSAP funds.

6. **ETSB Board.** The Naperville ETSB Board shall be amended include representation from the City of Aurora and Village of North Aurora. The members of the Naperville ETSB Board shall include:

   a. Naperville Police Chief (Chairman)
   b. Aurora Police Chief
   c. North Aurora Police Chief
   d. Naperville Fire Chief
   e. Aurora Fire Chief
   f. City Council Member from Naperville
   g. City Council Member from Aurora
   h. Naperville PSAP Director
   i. Aurora PSAP Director (non-voting member)
   j. Two (2) Naperville Residents; and
   k. Aurora Resident

If the Naperville Police Chief, Aurora Police Chief, North Aurora Police Chief, Naperville Fire Chief, or Aurora Fire Chief are unable to attend a Naperville ETSB Board meeting, the absent Chief may, in said Chief’s sole discretion, designate an employee from their respective department to attend the meeting in the absent Chief’s stead. The absent Chief’s designee shall serve as a proxy for the absent Chief and have all of the rights and responsibilities of the absent Chief including the right to vote on all matters before the Naperville ETSB Board.

The Naperville ETSB Board shall adopt a policy to allow members to participate electronically. In the event of a tie, the Board Chairman shall cast the tie-breaking vote.

The City of Naperville shall pass an ordinance amending the Naperville ETSB Board to reflect this Agreement.

7. **Equipment.** The intent of the Parties is that each municipality will be responsible for purchasing and maintaining its own equipment. Nothing in this Agreement shall require any municipality to pay or the maintenance, repair or replacement of the other municipality’s equipment. However, nothing in this Agreement shall prohibit the Parties from agreeing to cooperate in the purchase, maintenance, repair or replacement of equipment.

8. **Backup/assistance.** The City of Naperville and the City of Aurora shall serve as the other’s failover 9-1-1 system provider as is currently the arrangement between the Parties, a copy of the 9-11 Failover Agreement is attached as Exhibit [A].
9. Liabilities. As the dispatch services are being assumed by the separate PSAPs, the City of Naperville shall be responsible for any and all liability associated with the City of Naperville’s dispatch services and Naperville’s PSAP. Likewise, the City of Aurora shall be responsible for any and all liability associated with the City of Aurora’s dispatch services and Aurora’s PSAP. The City of Aurora and the Village of North Aurora further agree to release, defend and hold the Naperville ETSB and the City of Naperville and its officers, employees and agents harmless from and against any and all injury, claim, demand, suit, cause of action, judgment, execution, liability, debt, losses, damages or penalty as a result of bodily injury, sickness, death or property damage or as a result of any other claim or suit of any nature whatsoever, (the "Claims") that may at any time arise out of, result from, or be alleged to arise out of or result from or in any manner connected with, directly or indirectly, City of Aurora and Village of North Aurora’s operation of City of Aurora’s PSAP or City of Aurora or Village of North Aurora’s dispatching or police services. The City of Naperville further agree to release, defend and hold the Village of North Aurora and the City of Aurora and its officers, employees and agents harmless from and against any and all injury, claim, demand, suit, cause of action, judgment, execution, liability, debt, losses, damages or penalty as a result of bodily injury, sickness, death or property damage or as a result of any other claim or suit of any nature whatsoever, (the "Claims") that may at any time arise out of, result from, or be alleged to arise out of or result from or in any manner connected with, directly or indirectly, City of Naperville’s operation of City of Naperville’s PSAP or City of Naperville’s dispatching or police services.
