15. Who is the 9-1-1 system provider for your 911 system? Please explain whether the system will be legacy based, next generation based or a combination.  

   AT&T is the current network provider for all three (3) communities that make up the Municipal Consolidated Dispatch ETSS, and will continue to be the network provider for the consolidated MCD PSAP to be sited at the Harwood Heights Police Department.  

   The customer premise (CPE) located at the consolidation site at the Harwood Heights PSAP is Airbus DS (formerly Cassidian and Plant Equipment / PEI). This system is slated to be upgraded or replaced as part of the consolidation.  

   The 9-1-1 system will be legacy based until the State of Illinois implements an IP based system suitable for 9-1-1 service, which is expected to be completed in approximately the year 2020. It is the intent of the MCD JETS Board to upgrade to NG9-1-1 at such a time as the new state-wide IP network for emergency services is in place.

(Please include additional pages if needed.)
NARRATIVE STATEMENT:

(Provide a detailed summary of system operations for either a consolidation or modified plan. If incorporating an NG9-1-1 solution, please include the additional items listed below pursuant to 1325.205b(12)).

1) Indicate the name of the certified 9-1-1 system provider being utilized.
2) Explain the national standards, protocols and/or operating measures that will be followed.
3) Explain what measures have been taken to create a robust, reliable and diverse/redundant network and whether other 9-1-1 Authorities will be sharing the equipment.
4) Explain how the existing 9-1-1 traditional legacy wireline, wireless and VoIP network, along with the databases, will interface and/or be transitioned into the NG9-1-1 system.
5) Explain how split exchanges will be handled.
6) Explain how the databases will be maintained and how address errors will be corrected and updated on a continuing basis.
7) Explain who will be responsible for updating and maintaining the data, at a minimum on a daily basis Monday through Friday.
8) Explain what security measures will be placed on the IP 9-1-1 network and equipment to safeguard it from malicious attacks or threats to the system operation and what level of confidentiality will be placed on the system in order to keep unauthorized individuals from accessing it.

Plan Narrative:

The Schiller Park, Norridge, and Harwood Heights ETSBs have each de-certified their individual ETSBs and have become members of the newly created Municipal Consolidated Dispatch (MCD) Emergency Telephone System Board. New 9-1-1 call handling agreements have been executed reflecting the change in the individual ETSBs forming the new joint JETS Board. The Harwood Heights Police Department will be the location of a new consolidated PSAP that will now serve all three (3) communities. The three (3) separate MSAGs will be merged into a single MSAG to be maintained by MCD. AT&T has determined that the five (5) 9-1-1 trunks now in place at Harwood Heights will adequately serve the three (3) communities with P.01 level of service. At cut-over time the pointers in the AT&T router for Schiller Park and Norridge will simply be changed to route 9-1-1 traffic to the MCD PSAP in Harwood Heights. Following the successful cut-over to MCD, the 9-1-1 trunks routing to Schiller Park and Norridge will no longer be needed and will be eliminated. The present Schiller Park PSAP diagram (Exhibit A), the present Norridge PSAP diagram (Exhibit B), and the present Harwood Heights PSAP diagram (Exhibit C) together with the proposed new diagram for MCD (Exhibit D) depicts the network change to the new consolidated PSAP. MCD has a written back-up and overflow reciprocal agreement with the Village of Rosemont. MCD will serve as the Rosemont PSAP’s back-up and overflow, and Rosemont will serve as MCD’s back-up and overflow PSAP. The back-up agreement and 9-1-1 network diagram exhibits are attached to this application.

Under this plan three (3) ETSBs (Schiller Park, Norridge, and Harwood Heights have de-certified and consolidated into one (1) joint ETSB and three (3) separate PSAPs have combined into just one (1) PSAP. The coverage area of the new consolidated PSAP will total 5.4 square miles and will serve a total population of 34,977, therefore allowing MCD to be in full compliance with Illinois PA 099-0006.

The MCD JETS Board plans to keep the consolidated PSAP operating in a legacy mode for the time being until the State of Illinois implements an IP based network suitable for 9-1-1 service, which at this time is estimated to be completed in approximately the year 2020. When the new IP network is established, the intent will be to migrate the new consolidated PSAP to NG9-1-1.

FIVE YEAR STRATEGIC PLAN FOR CONSOLIDATION PLAN

(Provide a detailed summary of the proposed system's operation, including but not limited to, a five-year strategic plan for implementation of the consolidation plan with financial projections)

Narrative:

To date each of the three (3) communities (Schiller Park, Norridge, and Hardwood Heights) has completed the legal process to decertify their individual ETSBs, and all three (3) ETSBs have subsequently joined together as a single JETS Board. Plans are now moving forward to establish a single PSAP which will be named Municipal Consolidated Dispatch and will be located at the Harwood Heights Police Department. New call handling agreements have been executed with all participating and adjacent agencies reflecting the change in the make-up of the new ETSB. These changes will therefore reduce three (3) ETSBs to one (1) and three (3) PSAPs into one (1) which will then serve a total population of 34,977 therefore allowing for full compliance with Illinois PA 99-0006.

It should be noted that nearly all of the present communications equipment at the three (3) PSAPs is at end-of-life at the current time. With the implementation of the new consolidated PSAP in 2017, the MCD JETS Board plans to upgrade or replace the present Harwood Heights legacy 9-1-1 telephone system with a NG9-1-1 capable system, upgrading two (2) separate divergent CAD systems into one (1) single shared CAD system, upgrading three (3) and adding one (1) additional radio console work stations, and replacing an aging T-Band public safety radio system. As the State of Illinois moves forward to establish a state-wide IP based network that is suitable for handling 9-1-1 emergency communications, the MCD JETS Board plans to move ahead with NG9-1-1 implementation for the served communities. The goal to achieve NG9-1-1 implementation is currently set for the year 2020.

Alternate Routing Agreement

This Agreement is made and entered into between Municipal Consolidated Dispatch JETSB (the Villages of Schiller Park, Norridge, and Harwood Heights) (hereinafter “MCD”) of Cook County, Illinois, and the Village of Rosemont ETSB (hereinafter “Rosemont”), Cook County, Illinois.

WITNESSETH:

WHEREAS, the MCD JETSB is to provide and operate Enhanced 9-1-1 telephone service for the Villages of Schiller Park, Norridge, and Harwood Heights in Cook County, and Rosemont is to provide and operate Enhanced 9-1-1 telephone service for the Village of Rosemont in Cook County, and

WHEREAS, under Illinois law an ETSB is required to select a location for alternate routing when 9-1-1 lines to the primary Public Safety Answering Point (“PSAP”) are busy or if the primary PSAP closes down for a period of time due to an emergency situation; and

WHEREAS, Article VII, Section 10 of the 1970 Illinois Constitution and 5 ILCS 220/1 et seq. authorize units of local government to enter into intergovernmental cooperation contracts; and

WHEREAS, MCD and Rosemont mutually desire to enter into an Agreement establishing Rosemont as an alternate routing for 9-1-1 calls when all the 9-1-1 lines to MCD PSAP are busy or in the event that the MCD PSAP closes down for a period of time due to an outage or other emergency situation; additionally, that MCD will be Rosemont’s alternative when all the 9-1-1 lines to Rosemont PSAP are busy or in the event that the Rosemont PSAP closes down for a period of time due to an outage or other emergency situation.

NOW, THEREFORE, in consideration of the mutual covenants herein, MCD and Rosemont do hereby agree as follows:

1. Beginning upon the execution of this Agreement by both parties, when, at any time, all the 9-1-1 lines for the MCD PSAP served by the AT&T tandem routing office are busy, or in the event that the MCD PSAP closes down for a period of time due to an emergency situation, the MCD PSAP shall instruct AT&T to route all of its 9-1-1 calls to the Rosemont PSAP via its designated trunk lines. CITY OF CHICAGO CALL HANDLING AGREEMENT

9-1-1 INTER-JURISDICTIONAL CALL HANDLING AND ROUTING AGREEMENT

This 9-1-1 Inter-Jurisdictional Call-Handling and Routing Agreement (the "Agreement") dated as of November 15 2011, (the "Effective Date") is entered into by the Office of Emergency Management & Communications ("OEMC") of the City of Chicago (the "City"), a municipal corporation and home rule unit of local government under the Constitution of the State of Illinois (the "State") and Municipal Consolidated Dispatch (the "Agency"), a public safety agency of The Villages of Harwood Heights, Norridge, and Schiller Park (the "Public Body"), a body corporate and politic organized and existing under the laws of the State. Individually, the City and the Public Body are also defined in this Agreement from time-to-time as a "Party", and collectively defined as the "Parties".

RECITALS:

A. The Emergency Telephone System Act, (Ill. Rev. Stat. 134-1 et seq.) (the "Act") states that a major purpose of the Act is to eliminate instances in which a responding emergency service refuses to render aid because the requester is outside the jurisdictional boundaries of the emergency service; and

B. The Act directs "public agencies" and "public safety agencies" which are part of different emergency telephone systems, but whose jurisdictional boundaries are contiguous, to enter into joint powers agreements or other forms of written cooperative agreements which set forth procedures for handling emergency calls on a day-by-day basis and which provide that, once an emergency unit is dispatched in response to a request, such unit shall render its services to the requesting party without regard to its normal jurisdictional boundaries; and

C. The City is a "public agency" under the Act and OEMC is a "public safety agency" within the meaning of the Act; and

D. Section 2-29-040 of the Municipal Code of the City authorizes OEMC to manage and operate the City’s Emergency Telephone System and to enter into agreements concerning the provision of emergency services outside of jurisdictional boundaries ("Call-Handling Agreements"); and

E. Section 2-29-040 further authorizes OEMC to certify as to the continuation of any such Call-Handling Agreements ("Annual Certifications") and file such Annual Certifications with the Illinois Attorney General and the Illinois Commerce Commission, all as required by the Act; and
F. The Public Body is a “public agency” and the Agency is a “public safety agency”, each within the meaning of the Act, whose jurisdictional boundaries are contiguous to the City’s jurisdictional boundaries; and the Agency is duly authorized by the Public Body to enter into Call-Handling Agreements; and

G. It is desirable and in the best interests of both OEMC and the Agency to enter into a Call-Handling Agreements;

NOW, THEREFORE, OEMC on behalf of the City and the Agency on behalf of the Public Body agree as follows:

AGREEMENT:

SECTION 1. Definitions.

“Address” shall mean the street address or other location where the Emergency Services are requested to be performed.

“Appropriate Party” shall mean a party within whose jurisdictional boundary the Address is located and which is not the Call Recipient.

“Call Recipient” shall mean the party receiving the Emergency Call at its public service answering point. For purposes of this Agreement the Call Recipient shall not be the Appropriate Party. Any of the City Police Department, the City Fire Department, OEMC or the Agency can be the Appropriate Party.

“Emergency Call” shall mean a telephone request for Emergency Services which requires immediate action to prevent loss of life, reduce bodily injury, prevent or reduce loss of property, and such other situations as are determined by local custom.

“Emergency Services” shall mean, for purposes of this Agreement, the dispatch of fire-fighting equipment, emergency medical services, police or other emergency services.

“No-Non-Emergency Calls” shall mean all telephone calls received by a Call Recipient which are not Emergency Calls; including, but not limited to, administrative calls and calls of a non-dispatchable nature.

“Responding Party” shall mean a Call Recipient which, responds to an Emergency Call by providing Emergency Services.
SECTION 2. Emergency Call-Handling.

The Parties agree that whenever a Call Recipient shall receive an Emergency Call for Emergency Services to be rendered at an Address within the jurisdiction of the Appropriate Party, the Call Recipient shall provide notification of such call to the Appropriate Party using the methods described below in the order set forth below:

A. Primary Method: The Call Recipient shall relay pertinent caller information to the Appropriate Party via the Party’s Primary 9-1-1 Routing Number as identified by AT&T;

B. Secondary Method: If unable to use the Primary Method, the Call Recipient shall relay pertinent caller information to the Appropriate Party through the dedicated telephone numbers as applicable:

- OEMC: 312-742-0911
- Agency: 708-867-4343

C. Tertiary Method: If unable to use the Primary or Secondary Methods, the Call Recipient shall relay pertinent caller information to Appropriate Party over VHF radio system, public safety frequency VHF 155.370; Point-to-Point or in the case of Fire / EMS Agencies VHF 154.265; IFERN.

SECTION 3. Aid Outside of Jurisdictional Boundaries.

Each Call Recipient shall determine whether an Address is within its jurisdictional boundaries and whether an emergency unit shall be dispatched in response to an Emergency Call. Once an emergency unit of either Party is dispatched in response to a 9-1-1 request for Emergency Services, such unit shall render its services to the requesting Party without regard to whether the unit is operating outside its normal jurisdiction boundaries. If the Responding Party shall determine subsequent to such dispatch that the Address is within the jurisdiction of the other Party, it shall inform the other Party that such other Party is the Appropriate Party through the better means available under Section 2. Upon a Party’s receipt of communication that it is the Appropriate Party for a particular Emergency Call, such Party shall immediately dispatch its emergency unit to the Address to relieve the Responding Party.

Notwithstanding Section 3, the Parties agree that a Call Recipient may refuse to respond to a request for Emergency Services at an Address which is clearly outside the Call Recipient’s jurisdictional boundary, as determined by the Call Recipient. In such event, the Call Recipient shall make every effort, including the methods described in Section 2, to contact the Appropriate Party and complete disposition of the Emergency Call as may be most expeditious.
SECTION 5. Mutual Assistance.

All responses to calls from one Party to the other not covered in Sections 2, 3 and 4 shall be based and conditioned upon such procedures and agreements, if any, for mutual assistance, between OEMC and the Agency as may be in effect from time-to-time.

SECTION 6. Routine Calls.

The intent of the Act is that the telephone number “9-1-1” be used only for Emergency Calls. The Parties therefore agree that all Non-Emergency Calls received by a Call Recipient shall be transferred or relayed to the following administrative number for each of the parties.

OEMC: 312-746-9400
Agency: 708-867-4343

SECTION 7. Reports.

Maintaining Recorded Reports shall be done in compliance with administrative regulations of the State and, in the case of OEMC, applicable City record retention laws and regulations and in the case of the Agency, applicable laws and regulations of or affecting the Public Body.

SECTION 8. Filings and Annual Certification.

Upon execution, certified copies of this Agreement shall be filed promptly by OEMC with the Illinois Attorney General and with the Illinois Commerce Commission under Section 15 of the Act. During each year in which this Agreement shall remain in effect, copies of the Annual Certifications required by Sections 14 and 15 of the Act shall be filed by OEMC no later that January 31st of the following year with the Illinois Attorney General and the Illinois Commerce Commission.

20. Make decisions concerning the establishment and operation of the System, including, but not necessarily limited to:

   i. The planning and establishment of the System; and

   ii. The implementation, upgrading and maintenance of the System and the establishment of equipment specifications and coding systems; and

   iii. The planning and establishment of a joint public works communications system serving the Participating
Municipalities including provisions for call outs and the receipt and communication of public works alarms; and

iv. The establishment of standard operating practices and procedures for the joint dispatch and communication system; and

v. The purchase or lease of facilities for the services to be provided under this Agreement; and

vi. Establishment of employment policies and staffing requirements;

vii. The purchase of equipment, except as limited by 50 ILCS 750/15.4(c)(7).

3.1 Compliance with Governing Law.

The Board shall in all cases exercise its powers in a manner that complies with the Emergency Telephone System Act, 50 ILCS 750/1 et seq., all administrative regulations enacted in furtherance of said Act, and any subsequent amendments to said Act or regulations. All decisions must be approved at a regular or special board meeting convened and conducted in accordance with governing laws, and shall not be effective or binding upon the MCD or any Participating Municipality or Subsequent Municipality except to the extent adopted in accordance with governing laws, regulations, this Agreement and any bylaws or rules of procedure adopted by the Board.

Section 4. Finances.

4.1 Fiscal year.

MCD’s fiscal year shall be from May 1st to April 30th of the next year.

4.2 Capital Implementation Budget.

The Capital Implementation Budget for the initial costs related to the building and implementation of the System as contemplated by this Agreement shall be set forth in substantially identical resolutions, lawfully enacted with a minimum of four votes by the corporate authorities of the Participating Municipalities on or prior to December 31, 2016. Following adoption, the said resolutions shall be cumulatively appended to this Agreement as Exhibit B and
incorporated as though fully set forth herein and the agreed-upon Capital Implementation Budget shall be known as the "Approved Capital Implementation Budget". In the event that the Participating Municipalities are unable to achieve an Approved Capital Implementation Budget prior to the Commencement Date, the Commencement Date shall be tolled until such time as an Approved Capital Implementation Budget is attained as provided herein. The Board shall undertake their best efforts to establish an operational System serving the Participating Municipalities by June 15, 2017.

4.3. Allocation of initial capital costs.

The Capital Implementation costs as outlined in the Approved Capital Implementation Budget shall be split between the three Participating Municipalities according to the calculations stated in Exhibit A. MCD shall seek a line of credit with a local financial institution in an amount not to exceed two million dollars ($2,000,000.00), which will finance the Capital Implementation Costs of establishing the MCD by June 15, 2017. Said line of credit shall be repaid by the Parties in accordance with the allocation percentages set forth in Exhibit A. Each of the Parties shall pledge its full faith and credit to the repayment of its proportional share (as provided in Exhibit A) of the repayment obligations associated with the line of credit and acknowledges that such proportional repayment obligations shall be a lawful direct general obligation of the respective Party, payable from the general funds of the Party and from such other sources of payment as are otherwise lawfully available. Notwithstanding the foregoing, the liability shall be several and no Party shall be liable for the repayment of any other Party's proportional share of the line of credit. Each Party hereby agrees to indemnify, defend and hold the other Parties harmless for any damages incurred by the indemnitees as a result of any failure of the indemnitor to satisfy its obligations hereunder.

If, after the date upon which the System serving the Participating Municipalities is operational, there exists unspent funds allocated to the Approved Capital Implementation Budget, said funds shall be allocated to the Capital Equipment Fund with each Participating Municipality credited
proportionally for its contribution thereto in accordance with the percentages outlined in Exhibit A.

There shall be created a Capital Equipment Fund for the purpose of meeting the future capital equipment needs of MCD. The Capital Equipment Fund shall not be used to pay for operational expenses. In the event of a dispute as to whether a cost is an operational cost or a capital cost, the dispute shall be decided by a majority of the Board, subject to legal challenge by any Participating Municipality. Based upon input from the Director and any operating committees, the Board shall, by a 3/4ths supermajority vote of the Board members then holding office, approve a five-year projection of capital equipment needs and anticipated costs in June, 2017 and in each April thereafter. The Capital Equipment funding shall be payable by the Participating Municipalities on a quarterly basis tracking the fiscal year (May 1, August 1, November 1 and February 1), but in no event shall any payment be due less than sixty (60) days following receipt of written notice of the Board’s adoption of a five (5) year capital equipment needs/cost projection.

4.4.5. Allocation of Capital Equipment Fund Costs.

Capital Equipment Fund Costs for the period from the inception of this Agreement until July 1, 2017 will be paid in accordance with the percentages attached in Exhibit A. This Exhibit includes the percentages of Capital Equipment Fund Costs that each Participating Municipality is responsible for. In the event the number of Participating Municipalities changes prior to the end of the fiscal year on April 30, 2017 or, in the event MCD provides services to other entities on a fee for service basis, then the methodology used to calculate each Participating Municipality's percentage share of MCD's operating costs shall be revised by utilizing any such data, or different methodology that is deemed equitable and approved by the Board by a 3/4ths supermajority vote of the Board members then holding office, provided, however, that any revisions to proportional funding formulas provided in the Agreement must also be approved by an addendum to this Agreement approved by the Participating Municipalities.
4.5. **Allocation of Operations Costs.**

Start up Operations Costs for the period from the inception of this Agreement until July 1, 2017 will be paid in accordance with the percentages attached in *Exhibit A*. This Exhibit includes the percentages of start-up Operating Costs that each Participating Municipality is responsible for. In the event the number of Participating Municipalities changes prior to the end of the fiscal year on April 30, 2017 or, in the event MCD provides services to other entities on a fee for service basis, then the methodology used to calculate each Participating Municipality's percentage share of MCD's operating costs shall be revised by utilizing any such data, or different methodology that is deemed equitable and approved by the Board by a 3/4ths supermajority vote of the Board members then holding office, provided, however, that any revisions to proportional funding formulas provided in the Agreement must also be approved by an addendum to this Agreement approved by all of the Participating Municipalities Corporate Authorities.

For the fiscal year beginning May 1, 2019 through April 30, 2020, and all subsequent fiscal years, the percentage of MCD's total operations costs chargeable to each Participating Municipality will be based on the ratio of the total number of CAD recorded incidents received for each Participating Municipality during the previous calendar year immediately preceding the start of the fiscal year to the total number of CAD recorded incidents received by MCD during said calendar year. In the event the number of Participating Municipalities changes or, in the event MCD provides services to other entities on a fee for service basis, then the computation of each Participating Municipality's percentage share of MCD's operating costs shall be revised by an addendum to this Agreement lawfully adopted by the corporate authorities of all Participating Municipalities and Subsequent Municipalities.

The amounts due pursuant to this section shall be payable to MCD on a quarterly basis beginning August 1, 2017 or at such other date to be determined by the Board, but in no event shall any payment be due less than sixty (60) days following receipt of written notice from the MCD as to the amount due.
4.6. **Treasurer.**

The treasurer, the chief financial officer, the finance director or any functional equivalent thereof from the Village of Schiller Park, shall be ex officio Treasurer of the MCD and, shall be the custodian of all funds received by MCD and maintain the financial records for MCD. The Treasurer shall account for and report surcharge revenues collected by the MCD and attributed to each Participating Municipality. The Board shall appoint an individual or firm with municipal accounting experience to assist the Treasurer of MCD with his or her duties. Funds shall only be invested in the same manner that the law allows for the investment of municipal funds. All MCD funds shall be deposited in such banks, trust companies or other depositories as the Treasurer shall determine or as the Board may designate.

The Treasurer shall not receive any compensation, except that he or she may be reimbursed for actual, necessary and documented business expenses incurred in carrying out his or her duties.

All monies received by MCD pursuant to a surcharge imposed under Section 15.3 of the Emergency Telephone System Act (50 ILCS 750/15.3) shall be deposited into a separate interest bearing Emergency Telephone System Fund account. Notwithstanding any other provision in this Agreement to the contrary, no expenditures may be made from the Emergency Telephone System Fund except upon direction of the Board. All expenditures from the Emergency Telephone System Fund shall only be made to pay for the costs permitted by Section 15.4 of the Emergency Telephone Act (501LCS 750/15.4).

4.7. **Donated Equipment.**

If any Participating Municipality dedicates property to MCD and the Board of MCD accepts said dedication, then the dedicating Municipality may receive a credit against any amounts it owes under Section 4.4 of this Agreement. Upon request of the donor, the amount of the credit shall be determined by the Board prior to the donation. The amount of any credit granted under this Section by the Board shall only be effective after the donated equipment is successfully installed and determined to be operational.
4.8. **Credit for Surcharge payments.**

Each Participating Municipality shall forward any and all payments it receives after the Commencement Date, pursuant to a surcharge imposed under Section 15.3 of the Emergency Telephone System Act to MCD. All surcharge funds imposed pursuant to Section 15.3 of the Emergency Telephone System Act that are received by the MCD by reason of the surcharge imposed by a Participating Municipality shall be credited to the account of the Participating Municipality that imposed the surcharge. Surcharge funds received by a Participating Municipality imposed pursuant to Section 15.3 of the Emergency Telephone System Act prior to the Commencement Date of this Agreement may be used to pay any amounts owed by the Participating Municipality to MCD provided the payment is in compliance with Section 15.4 of the Emergency Telephone System Act and the Participating Municipality's ordinances. In the event Surcharge funds received by a Participating Municipality prior to the Commencement Date of this Agreement are paid to MCD, the Participating Municipality shall advise MCD of this fact at the time the payment is made so that MCD can deposit said funds into its Emergency Telephone System Fund. (50 ILCS 750/15.4).

4.9. **Audits.**

The Board shall cause an annual audit of the financial affairs of MCD to be made by a Certified Public Accountant at the end of each fiscal year in accordance with generally accepted accounting principles applicable to local government entities. The annual audit report shall be delivered to the chief financial officer of each Participating Municipality.

4.10. **Late payments.**

Late payments due MCD shall accrue interest at the rate of 1% per month beginning 30 days after payment is due.

4.11. **Transfer of surcharge funds held in each individual Participating Municipality's Emergency Telephone System Account.**

Within 30 days after the date that MCD certifies that it is fully operational or within 30 days after MCD certifies that it is serving a Subsequent
Municipality, each Participating Municipality shall enact an ordinance that effectively transfers all of its remaining unobligated surcharge funds it received pursuant to Section 15.3 of the Emergency Telephone System Act to MCD. All such funds received by MCD shall be credited to the account of the Participating Municipality against any amounts that are owed or that may be owed to MCD in the future. In addition, within the same time frame each Participating Municipality shall pass an ordinance suspending the operation of its individual Emergency Telephone System Board for so long as the Participating Municipality is a member of MCD.

Section 5. Director.

5.0. Creation of position.

The Board shall hire a full time Director to serve as the administrative head of MCD. The Director shall be responsible for the day-to-day operations of MCD and shall report directly to the Board and the 9-1-1 Operating Committee. No person shall be hired as Director while that person is employed by or serving as an official of a Participating Municipality. Compensation for the Director shall be as established from time to time by the Board.

5.1. Director's Duties.

Subject to the policies established by the Board, and within the limits fixed by an approved budget, the Director shall oversee and direct the daily operating affairs of MCD. The Director's duties shall also include:

a) To administer and make operative the policies of MCD as established by the Board; and

b) Attendance at all meetings of the Board; and

c) Preparation of draft budgets on an annual basis and annual projections of capital equipment needs and anticipated costs for the next five years; and

d) Calculation of each Participating Municipality's share of the Capital Equipment Costs and Operational Costs due to MCD; and
e) Timely submission of invoices to the Participating Municipalities setting forth the payments due; and

f) Monitoring MCD’s budget and submitting reports to the Board comparing actual expenditures with budgeted expenditures and reporting on the activities and operations of MCD upon demand by the Board, but in no event less than quarterly; and

g) Making recommendations to the Board concerning the implementation, operation, and staffing of MCD; and

h) To appoint, evaluate, promote, demote, or remove employees of MCD pursuant to the approved MCD budget and in accord with the policies and procedures of the agency; and

i) Implement the direction and policies approved by the Board including the coordinating and supervision of the implementation, upgrading and maintenance of the joint dispatch and communication system serving the Participating Municipalities; and

j) Assist the Board with the establishment of standard operating practices and procedures for the System; and

k) Undertake any other duties as directed by the Board.

5.2. Expenditure of funds.

The Director shall have the authority to expend funds on behalf of MCD to purchase budgeted services, equipment and supplies in an amount not to exceed $5,000.00. Expenses above $5,000.00 shall require prior approval from the Board. Notwithstanding the foregoing, in the event of an emergency that jeopardizes MCD’s continued ability to operate, the Director shall have the authority to expend up to $10,000.00 without prior Board approval after first giving written notice to the Board members of the nature of the emergency circumstances and a description of the expense. Such emergency expenditure must be ratified by the Board no later than the next regular or special meeting of the Board following the expenditure. For any purchase in excess of $20,000.00, the Director shall be required to receive sealed bids
and present such bids to the Board for approval, unless such requirement is waived by a 3/4 supermajority vote of the Board members then in office.

5.3. **Director's office.**

The Directors office shall be in the same facility as the dispatch center.

**Section 6. Personnel.**

6.0. **MCD personnel.**

The Board shall determine the number and job descriptions of persons employed by MCD. All employees shall be solely employees of MCD and not employees of any Participating Municipality. MCD shall provide health insurance benefits and such other benefits deemed advisable by the Board. The Board shall apply to the Illinois Municipal Retirement Fund to request that the employees receive the benefits provided by said fund.

**Section 7. Insurance.**

7.0. **Required Insurance Coverages.**

The Board shall procure and maintain insurance during the term of this Agreement usually held by public entities in at least the type and amounts listed herein:

1. Workers' compensation in accordance with the laws of the State of Illinois; and

5. Professional liability insurance in the amount of no less than one million five hundred thousand dollars ($1,500,000.00) for each claim with respect to negligent acts, errors and omissions in connection with professional services to be provided pursuant to the Agreement; and

7.1 MCD’s liability insurance shall cover all the agents and employees of MCD, the members of MCD’s Board in connection with any alleged acts or omissions in connection with their lawful activities on behalf of MCD. The Participating Municipalities shall be named as additional insureds on all liability coverages. The Board may choose to provide the coverages required herein or any other coverages deemed advisable by the Board, in whole or in part, through MCD’s participation in an intergovernmental self-insured risk pool.

Section 8. Additional Members.

8.0. Eligibility.

All municipalities, fire protection districts and other units of local government, as well as other providers of public safety services, which have a responsibility for the provision of life-safety services and other public safety services and which are enabled by Illinois law to contract or otherwise associate with other local government entities for the purposes heretofore set forth are eligible to join MCD as provided herein.

8.1. Approval of new members.

Upon approval as required herein, a new member shall have all the rights and obligations of a Participating Municipality under this Agreement. Approval of a new member shall be contingent upon each of the following:

1. Execution of this Agreement; and
2. Delivery to MCD of a certified copy of a duly enacted ordinance in proper form authorizing and directing execution of the Agreement, and further agreeing to be bound by this Agreement, as amended from time to time, and accepting liability for its proportionate share of all existing and future debts and liabilities of MCD; and

7. Adoption by the Participating Municipalities and any Subsequent Municipality of an addendum to the Agreement providing for the additional membership and revising any proportional funding formulas provided herein.

Section 9. Withdrawal, Termination and Dissolution.

9.0. Withdrawal.

A Participating Municipality may at any time after twenty-four (24) months after the effective date of the Agreement, give written notice of its intent to withdraw from MCD. The non-payment of cost-sharing charges within 30 days of notice by MCD as set forth herein, or the refusal or failure of any Participating Municipality to be bound by any obligation of MCD shall constitute notice of withdrawal. Withdrawal may be made subject to any or all of the following conditions in the sole discretion of the Board:

1. Withdrawal shall not take effect for one (1) calendar year from the date of such notification or until the withdrawing Municipality has obtained
approval from the Illinois Commerce Commission to utilize an alternative method to provide dispatch services, whichever is later.

2. Upon withdrawal, the withdrawing Member shall continue to be responsible for:
   a) Its share of all costs through the effective date of its withdrawal; and
   b) Any contractual obligations it has signed separately with MCD.

If the withdrawal results in termination of the Agreement, then the withdrawing Member shall participate in the termination of the Agreement and the dissolution of MCD as set forth herein.

9.1. **Termination and Dissolution.**

If the Board determines that the withdrawal of a Participating Municipality reduces the number of Participating Municipalities to less than that feasible to keep MCD operational, or upon a 3/4ths vote of the remaining Board members then holding office to dissolve, then this Agreement shall be terminated as of an effective date to be determined by the Board. Upon such termination, and after payment of all debts, all assets and liabilities of MCD, remaining funds shall be distributed among those Participating Municipalities who were active members of MCD during the one (1) year prior to such termination, in proportion to their respective payments to MCD during the preceding five (5) years.

**Section 10. Contracts, Loans, Checks and Deposits.**

10.0. **Execution of Contracts.**

The Board may authorize by written resolution any officer or agent to enter into any contract or execute and deliver any instrument in the name of and on behalf of MCD, and such authority may be general or confined to specific instances.

**Section 12. Mutual Aid Box Alarm System Dispatching.**

12.0. Any Fire Department or Fire Protection District or other fire service entering into the Agreement shall be responsible for the cost associated with the dispatching of any Mutual Aid Box Alarm System.

**Section 13. Miscellaneous.**

13.0. **Limitation of Liability.**

The liabilities, contracts, obligations, debts and property of MCD shall not be considered in any way a liability, contract, obligation, debt or property of the individual Participating Municipalities which together form MCD.

No officer, agent, employee or director of MCD shall have any authority under this paragraph to extend the contractual liability of any party hereto in any manner not approved by the Board.

13.1. **Member Equipment.**

Each Participating Municipality shall be responsible for the costs of acquisition, installation and maintenance of the equipment which is unique to that Municipality and not a benefit to MCD as a whole. Examples of such unique equipment include, but are not limited to, squad car, ambulance and fire equipment radios, wireless phones and pagers. Any dispute which arises as to whether the cost or expense of any such equipment or service should be borne by a Participating Municipality or by MCD shall be resolved by the Board.
13.2. **Amendment.**

This Agreement may not be amended, except by written agreement duly authorized and adopted by the Corporate Authorities of each Participating Municipality.

13.3. **Duration.**

This Agreement and MCD shall continue in effect until terminated as provided herein.

13.4. **Remedies.**

Since the purpose of this Agreement is to provide communications services on an ongoing basis, money damages or termination of the Agreement will not be an adequate remedy in the event of a default.

Accordingly, the parties explicitly agree that any one or more parties hereto aggrieved by the default hereunder of any one or more other parties shall be entitled, upon a proper showing of default, to a decree of specific performance of any covenant hereunder from a court of competent jurisdiction and that the alleged adequacy of legal remedies shall not be a defense in an action for specific performance. Nothing in this paragraph shall be construed to deprive an aggrieved party of any remedy afforded by law.

13.5. **Assignment.**

The rights or obligations of each Participating Municipality under this Agreement may not be transferred.

13.6. **Severability.**

If any part of this Agreement is adjudged invalid, such adjudication shall not affect the validity of the Agreement as a whole or of any other part.

13.7. **Notices.**

Any notice required hereunder shall be deemed to be given on the date of mailing if sent by registered or by certified mail, return receipt requested, to the address or addresses of the party's administrative offices.

13.8. **Headings.**

Section headings and titles are descriptive only and do not in any way limit or expand the scope of this Agreement.
