5) Explain how split exchanges will be handled.
6) Explain how the databases will be maintained and how address errors will be corrected and updated on a continuing basis.
7) Explain who will be responsible for updating and maintaining the data, at a minimum on a daily basis Monday through Friday.
8) Explain what security measures will be placed on the IP 9-1-1 network and equipment to safeguard it from malicious attacks or threats to the system operation and what level of confidentiality will be placed on the system in order to keep unauthorized individuals from accessing it.

Plan Narrative:

Lyons, Justice, and WillowSprings PSAPs plan to dissolve their current ETSBs and form Mid-South Comm ETSB. The consolidated ETSB will utilize the two PSAP back-up of call taking keeping Lyons and Justice PSAPs and decommissioning the Willow Springs PSAP. Actively open to additional consolidation of nearby public safety dispatching services.

The Mid-South Comm ETSB has prospective interest in consolidation from several nearby communities. However, none have committed to enter into an intergovernmental agreement at this time. Many have indicated that they are going to wait until the Mid-South Comm ETSB consolidation application has been approved by the Statewide 9-1-1 Advisory Board and Administrator.

Justice and Lyons will be providing mutual back-up service to each other even they are close geographically, they are on two separate radio bands and they are separated by a river. This will help prevent both PSAPs being affected by an outage directly impacting one net radio band.

FIVE YEAR STRATEGIC PLAN FOR
CONSOLIDATION PLAN

(Provide a detailed summary of the proposed system's operation, including but not limited to, a five-year strategic plan for implementation of the consolidation plan with financial projections)

Narrative:

The Villages of Lyons, Justice, and Willow Springs will operate under the authority of Mid-South Comm ETSB. They will maintain two PSAPs, one in Lyons and one in Justice. The Justice PSAP will be handling dispatch for Willow Springs. The Lyons PSAP will be handling any additional authorities that join Mid-South Comm ETSB.

The diversity allows for both centers to handle all incoming 911 calls and dispatch their public safety response agencies while being managed by one ETSB.

The Lyons/Justice-Willow Springs consolidation is expected to be completed on or before June 30, 2018 and the combination of all entities into the Mid-South Comm ETSB is expected to occur when both the actual consolidation is approved by the Statewide 9-1-1 Advisory Board and Administrator. Lyons, Justice, and Willow Springs have all entered into an intergovernmental agreement for the creation of the Mid-South Comm ETSB. They have all passed ordinances dissolving their current individual ETSBs.

Lyons and Justice have entered into a mutual back-up agreement along with Cook County providing back-up as well. Lyons and Justice operate on different band radios so the risk of being affected by the same outage is minimal.

Lyons and Justice provide and will continue to provide the latest and most up to date technology available including a NG-911 compliant platform. Mid-South Comm ETSB will create a capital improvement fund into which members communities will be required to deposit funds. These funds will be used to keep the two PSAPs at the highest possible level of technology.

Mid-South Comm ETSB will continue to provide training to its dispatchers to meet APCO standards including EMD training. Mid-South Comm ETSB will continue to provide the most qualified personnel available in the dispatching community for the benefit of the residents within the member communities borders.

Lyons and Justice are pro actively recruiting for member entities to join Mid-South Comm ETSB. They have met with the following municipal authorities: Hillside, Forest View, Indian Head Park, Countryside, and Stickney. Many of these communities have indicated that they will commit to joining Mid-South Comm ETSB once the approval by the Statewide 9-1-1 Advisory Board and Administrator becomes effective.
